

WHIG STATE CONVENTION.

We are glad to be able to announce, in our paper of this day, that the time and place for holding the Whig State Convention, to nominate a Candidate for Governor, and appoint Delegates to the State, at large, to the National Whig Convention, have been determined upon, in perhaps, the only manner, by which they could have been satisfactorily arranged.

FOURTH MONDAY IN APRIL.

Next, that being the 26th day of the month. This day and place have been selected, after mature deliberation and a frank and open statement and comparison of preferences, as altogether the most acceptable and appropriate.

WAKE SUPERIOR COURT.

The Special Term was adjourned on Wednesday, without having transacted any business whatever. The OUTLAW WILL CASE, which it was expected would be taken up, was continued to the next Term of the Superior Court of this County, at the instance of the defendant's counsel.

COMPROMISE REPORT.

In our last notice of this Document, we gave the receipts for the fiscal year ending Nov. 1, 1851, into the Literary and Public Funds, and the disbursements from the former.

THE MORMONS.

The report of the judicial officers of the territory of Utah, who lately made their exodus from that country, which is now before the President, fully confirms, it is said, all the statements that have been published with regard to the state of morals and manners among the Mormon community.

THE NEWS.

The New York Herald publishes the following telegraphic despatch extraordinary. No other paper has the news: WASHINGTON, Jan. 9, 1852.—Henry Clay has written a letter in favor of Gen. Cass for President.

NORTH CAROLINA RAIL ROAD.

The Board of Directors of the North Carolina Rail Road met at Hillsborough on the 8th instant—present Messrs. Morehead, Saunders, Ellis, Wilson, Means, Ho and Jones.

CASS—DOUGLAS—KOSSUTH.

It may, not perhaps, be generally known to our readers, that the valiant Gen. Cass was a bow shot beyond Douglas, (though both were sufficiently explicit) at the Koskuth banquet, in Washington, in his views with regard to the 'great principle' of intervention; and it is said by the knowing ones, that he rather succeeded in taking the wind entirely out of the latter gentleman's sails.

Steamboat Explosion—Thirteen Persons Killed—Ten Wounded.

On Friday last, the steamer Magna, while on her voyage from Florida to Havana, burst her boiler at St. Simons Island. The captain, McNelly, the clerk, and eleven of the crew were killed, and ten injured more or less severely.

WASHINGTON—JEFFERSON—CLAY.

Washington, in his letter to Governor Morris, of the 28th July, 1791, says—'The change of systems which have so long prevailed in Europe, will undoubtedly affect us in a degree proportioned to our political or commercial connection with the several nations of it; but I trust we shall never so far lose sight of our own interest and happiness as to become unnecessarily a party in their political disputes.'

THIRTY-SECOND CONGRESS.

The District Court of Galveston county was organized on Monday, the 22d ultimo, Judge Buckley presiding. In the course of Judge B.'s charge to the Grand Jury, he made some statements touching crime in Texas that are absolutely astounding.

MR. CLAY ON INTERVENTION.

The interview between Koskuth and Mr. Clay was regarded as the most important that has taken place at the seat of Government or elsewhere, and of the world at large, since the late war.

FATAL ACCIDENT.

In this county, on Sunday the 14th ult., a lad named Henry Bland, aged about 14 years, was accidentally shot by Mr. Brown. They were at the house of a neighbor about two miles from young Bland's home, when just as Bland was about to leave the house, the gun which Brown was carelessly handling, went off, lodging the whole contents in Bland's left arm, just below the elbow, except a few shavings which entered his abdomen, and proved fatal.

THE EXAMPLE OF A RAILROAD.

We have received from Raleigh, N. C., the copy of a very eloquent sermon by Rev. Dr. Lacy, Pastor of the Methodist Church in that city. The doctrines inculcated are not, perhaps, eminently practical, but as applied to the principles of religion and Government, they breathe a spirit in accordance with an enlightened Christianity, especially in the inculcation of principles of Union among ourselves and peace and justice among the nations of the earth.
