The best Family Medicine now before the public.

It has been computed, that during the last twenty years, three millions of persons have annually been benefited by the use of these Medicines; a fact which speaks volumes in favor of their curative properties—a single trial will place them beyond the reach of competition in the estimation of every patient. By their use the blood is restored to a pure and healthy state, freed from all impurities. The system is not reduced during their operation, but invigorated, and they require no restraint from business or pleasure. The afflicted have in Moffat's Life Pills and Phoenix Bitters, a remedy that will do for them all that medicine can possibly effect.

The genuine of these medicines are now put up with a fine steel engraved wrapper and labels, and copy right secured according to the laws of the United States. Prepared by W. B. MOFFAT, M. D., New-

To illustrate the use of the GALVANIC BELT, at the case of a person afflicted with that bane of civilis DYSPEPSIA, or any other Chronic or Nervous Disorderedinary cases, stimulants are taken, which, by their act the nerves and muscles of the stomach, afford temporary out which leave the patient in a lower state, and with in but which leave the patient in a lower state, and with missing activities, after the action thus excited has ceased. Now a pare this with the effect resulting from the application of GALVANIC BELT. Take a Dyspeptic sufferer, even in worse symptoms of an attack, and simply tie the Belt are the body using the Magnetic Fluid as directed. In a period the insensible perspiration will act on the positive of the Belt, thereby causing a Galvanic circum which will pass on to the negative, and thence bed against the positive, thus keeping up a continuous Galvanic circum throughout the system. Thus the most severe case DYSPEPSIA are PERMANENTLY CURED. A FEW DIES OFTEN AMPLY SUFFICIENT TO ERADICATE

toral duties, I became subject to a severe Chronic Rhou tism, which for year after year, caused me indescrib anguish. Farther: in the winter of '45 and '45, in conseque of preaching a great deal ir my own and various of churches in this region, I was attacked by the Bronch churches in this region, I was attacked by the Bronchi which soon became so severe as to require an immediate a pension of my pastoral labors. My nervous system was theroughly prestrated, and as my Bronchitis became worse also did my Dyspepsia and Rheumatic affection—thus evinc that these disorders were consected with each other through the medium of the Nervous System. In the whole pharms posts there seemed to be no remedial agent which conceach and recuperate my Nervous System; every thing the had tried for this purpose had completely failed. At law was led by my friends to examine your inventions, and (those with no very sanguine hopes of their efficiency.) I determit to try the effect of the application of the GALVANIC BEAMD NECKLACE, with the MAGNETIC FLUID. This in June, 1846.
