In the concert mentioned above for the benefit of the St. George Society, Julien was allowed \$2,000 for expenses. The Society received about twice as much.

There is an obvious increase in the Spanish population in this city within a few years past. A large Spanish boarding house was opened a few months since, at the corner of Broome and Crosby streets. The cigar trade has been one of the prominent causes of this accession.

A strange and unfortunate affair happened here during the last week. Mr. Juo. R. Stovvesant, of the well-known family of that name, while on a visit to the city, from the country (he lived at Stuyvesant, a small town on the Hudson, this side of Albany,) called on a Dr. arful and buoyant. It was a preconcerted affair, and, to hush up the scandal, Mr. Stuyvesant conveyed to Seymour the title to a house and lot in 10th street, worth \$10,-000. Next day, upon his affadavit, the parties were arrested, and held to bail for conspiracy. On the following morning, when the trial was to continue, news came of Stuyvesant's death, of cholera; during the night, and the proceedings were quashed, and the prisoners discharged. It is conjectured that Mr. S. stung with mortification and shame, committed suicide .-This happened at his mother's residence, 2nd Avenue, and St. Mark's Place. She is a widow idy, far advanced in life, lives entirely alone, and is very wealthy. The Stuyvesants, all inherited large fortunes, but got pretty well through them, when, on the death of their uncle. Peter G. They are a plain set of people, and take rank from wealth and family name. Mr. Jno. R. Stuyvesant was turned of 50, and leaves a wife and family. He certainly was in a false and awkward position, but a full blooded man of pleasure and fashion would have found a good many expedients to extricate himself, instead of being driven to despair and destruction, by the plots and intrigues of sharpers. FURTHER PARTICULARS OF THE FIRE IN NEW York .- At the recent burning of the establishment of the Messrs. Harper, large numbers of girls escaped sately from the upper stories to the ground by means of ladders-some in the arms of firemen, and some unaided. One (Miss Elizabeth Totten, aged 16 years) leaped from an upper window, not impelled by fright, but by the pressure of the fire, and dislocated her thigh neward and backward. Another young lady, Wiss Adelia Cox, aged 15 years, was missed for several hours, but, working her way through the crowd, was found safe at home at night .-The buildings of the Harpers, some twelve in number, were not all that were burned. The Tribune says that most of the stereotype plates of the Harpers, to the value of four huntred thousand dollars, were fortunately stored in fire-proof vaults beneath the street, and are consequently saved. Plates to the value of about \$10,000, as nearly as can be judged, were in different parts of the building, and are lost. The last sheets of Harper for December had just been put to press, and the whole are gone; the Pictorial Bible, another publication of importance, is wholly destroyed, besides others too

In an instant all hats were doffed, and the chaplain commenced, slowly and solemnly, to read a very appropriate manuscript prayer, which he nad previously prepared. During the reading of the prayer, an old negro man, who had been engaged with his spade, was resting, with one foot on the spade and his arms on the handle, looking very intently in the chaplain's face .-At the conclusion of the prayer, the old negro; straightening himself up, remarked, audibly, Well, I reckon dat's de fust time de Lord has ever been written to onde subject of Railroads!"

Mr. Gales: I discover that the Whig Press throughout the State is beginning to most the question of holding, at an early period in 1854, Convention, for the purpose of selecting a Gubernatorial candidate. This I am glad to sec. It is an evidence that the party is buckling on its armour, and preparing for a hard fight in 1854. I also perceive the names of several distinguished gentlemen mentioned in connexion with the office of Governor, any one of whom, I doubt not, would honor the Gubernatorial Chair of the old North State. Like most other men, I have my first choice, but I wish it distinctly understood that I am for the ominee of the Convention, provided he be a thorough-going Whig, and in favor of North Carolina's receiving her proportionate part of the public lands, or of the proceeds of the sales thereof. This will certainly be a "sine qua non" with me in voting for any public officer. either State or National, whose election will have any bearing, either directly or indirectly upon this question This has always been a Whig measure, and although several leading democrats have come out boldly in favor of it, and others doubtless will soon follow suit, and finally claim it as a democratic measure, as they did the Compromise bill, yet, the Whig party should cling to it with as much tenacity as the feline race does to vitality. I hope that no Whig in North Carolina will vote for any mean for the next Legislature, who will no pledge himself to vote for a land distributionis for U. S. Senator, and none other. An honor to his mother, who gave him birth, and an honor to his native State, he would also honor the Governor's Chair of North Carolina. He is a man in every sense of the word, and it is with such men as Edwin G. Reade that the people of every State should endeavor to fill their public offices. The Road to Health. HOLLOWAY'S PILLS.

TURE of a disordered Liver and Bad Diges-

Copy of a Letter from Mr. R. W. Kirkus, Chemist 7 Prescott St., Liverpool, dated 6th June, 1851. To Professor Holloway: Sir: Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines, for some years. A customer, to whom I can refer for any enquiries, desires me to let you know the particulars of her case. She had been troubled for years with a disordered liver, and bad digestion. On the last occasion, however, the virulence of the attack was so alarming, and the inflammation set in so severely, that doubts were entertained of her not being able to bear up under it: fortunately she was induced to try your Pidlis, an she informs me that after the first, and each succeeding dose, she had great relief. She continued

to take them, and although she used only three boxes, she is now in the enjoyment of perfect health. I could have sent you many more cases, but the above, from the severity of the attack, and the speedy cure, I think, speaks much in favor of your astonishing Pills. R. W. KIRKUS. An Extraordinary Case of Rheumatic Fever, in Van Dieman's Land. Copy of a Letter inserted in the Hobart Town Courier of the 1st March, 1851, by Major J. Walch.

During this period she was under the care of the most eminent medical men in Hobart Town, and by them her case was considered hopeless.-A friend prevailed upon her to try Holloway's celebrated Pills, which she consented to do, and in an incredibly short space of time they effected a periect cure.

The 'Philadelphia Saturday Gazette' says of DR. HOOFLAND'S GERMAN BITTERS. "It is seldom that we recommend what is termed Patent Medicines to the confidence and patronage of our readers : and, therefore, when we recommend Dr. Hoofland's German Bitters. we wish it to be distinctly understood that we are not speaking for yourself: of the nostrums of the day, that are noised about for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has 'SCOTT'S WEEKLY' said, August 25-

"Dr. Hoofland's German Bitters manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty; as an article of much efficacy in case of female weakness.
