RALEIGH. N. C. SATURDAY MORNING, AUG. 5, 1854.

THE ELECTION.

On yesterday, (Thursday,) the People of North Carolina exercised the elective franchise,-the dearest right of an American freeman,-for the purpose of determining who shall be their Governor, and who shall make their laws, for the next two years. In urging the claims of ALFRED DOCKERY, we have been impelled by a heartfelt and abiding confidence in his integrity and patriotism. We have urged his claims, because we believed that the interests and prosperity of the State would be best promoted by his elec tion. We are of that opinion still-and we conscientiously believe that a large majority of the freemen of North Carolina are with us .--And so believing, we confidently calculate that ALFRED DOCKERY is, at this moment, Governor elect of North Carolina!

In our feeble way, we have labored with all our ability to bring about such a result, and the Whig Press of the State has labored with a zeal and earnestness deserving success;-yet | threatened to arrest him. The Mayor of Greynever has a canvass been conducted with a more reckless and unscrupulous disregard of the rules of this crowd to be without autherity or counof honorable warfare, of fairness, decency and tenance from him, when the mob shortly theretruth as the one through which we have just afterdispersed-some one in the meanwhile havpassed, -never has a Candidate been more gross ly slandered, vituperated and abused than Gen. In a few days, we shall know the result of the contest, when we hope to be able to announce the election of a Whig majority in the Legislature, and the restoration of North Carolina to her former proud position as the vanguard of Whig States !

THE SAN JUAN SUFFERERS .- A meeting of ten American citizens, whose property was destroyed by the United States ship-of-war Cyane, at San Juan del Norte, was held at the Irving House in New York on Friday afternoon last, to take the matter into consideration, and adopt such measures as may be deemed necessary. The meeting adopted a resolution to petition Congress for indemnification, and a business committee consisting of three persons was appointed to carry the resolution into effect.
