Third. We shall oppose the election or ap pointment of any foreign born citizen to any ffice of trust, honor or emolument, under the Federal or State governments, or the employment or enlistment of such persons in the army or navy in time of war; maintaining, as we do, the opinion, that the native born citizens of the United States have the right to govern the land of their birth; and that all immigrants from abread should be content with the enjoyment of life, liberty and property, under our institutions, without seeking to participate in the en-

Election Affairs in New York. Corruptions of Parties. Foreigners and Americans. Disor-

ganised state of Politics. The late Lt Mebane. Another fatality on board the Arctic.

NEW YORK, Nov. 14th. In every ward in this city there is some large building with spacious upper rooms for the accommodation of Ward Meetings, dancing parties, and various other purposes. These edifices do not always present an imposing front to the street, but many of them are built up in the rear part of the ground they occupy. Here are held the assemblies of lodges, secret associations, musical gatherings, festive re-unions, and above all, those primary elections, which were first systematized as organised bands of fraud and iniquity, when the Mephistophiles of the locofoco party, Martin Van Buren, succeeded in weaving his cunning net work of political machinery over this devoted city. From this fatal mechanism, which has been extended more or less throughout the country, has proceeded all those evil and debasing influences which good men of all persuasions and creeds have deplored, as much as a few unprincipled and unscrupulous ones have endeavored to fasten day of retribution should arrive was certain. when all political regues of every color should action, administration, or execution of our stand abashed and confounded before the majesty of the American people. That time is gested amidst great indignation. now hastening on, and the recent events of the elections in this city will soon confirm it. What cognizant of what is going on. In every one of the twenty-two wards of this city, a fund was raised to buy up the foreign votes. No party prevailed so long that it has become an established usage. An American vote cannot be bought; the foreign ones are always in the market. The democratic plea, therefore, that adopted citizens should be invested with the electoeign vote is always swayed by some external influence or other, and is always marketable .-It corrupts both the foreigner and the native : the excesses of intemperance; and fosters perjury, rioting, and corruption. Action of the United States Ministers. The New York Times contains several letters from London and Paris, giving the particulars of the expulsion of Mr. Soule, the American Minister to Spain, from France, and the subsequent action of the American Ministers in London and Paris. A letter dated London, October 27th, gives the annexed account of the "expul-

Mr. Soule, having spent two days in London, set out last Tuesday for Madrid, via France.— On his arrival at Calais, he was asked to show his passports, and, having done so, was requested to step into an inner room of the Bureau de Police. Here he was told that he must leave the country by the next steamer, and that he would not be allowed in the meanwhile to go anywhere out of Calais, being, in fact, placed under surveillance

"There must be a mistake, sir," said Minister; "do you know who I am?"

"There is not the slightest mistake, sir," was the reply; "you are Mr. Soule, the Ambassador of the United States of America at the Court of Spain, and I have orders not to let you pass." "Where are your orders, sir?" asked Mr.

"This is no business of yours, sir; these orders are for me, and I am acting upon them, said the Commissary.

The writer adds that among the many persons who hold this opinion is Mr. Reverdy Johnson, of Baltimore, who whatever is untainted with this crime. It has wrote in that spirit a very long letter to Mr. Mason. We here quote what the correspon-

MASSACHUSETTS ELECTION.

Boston, Nov. 13 -Returns from nearly all the chief towns, as far as received, are of one complexion-immense Know Nothing majorities. Boston elects to the Legislature forty four Knew Nothing Representatives and six Senators, being the FULL TICKET. Lowell elects ten Know Nothing Representatives. Lawrence gives Gardner, for Governor, 1,135 majority, and all the other candidates of the same party 312 majority. Daurell, Banks, Commings and Burlingame, all Know Nothings, are undoubt-

edly elected to Congress. The general opinion is that the party have swept the State, and that Gardner is elected Governor.

SPRINGFIELD, Mass., Nov. 13 .- The Know Nothings have swept the State "high and dry." In some places they have swallowed up all other parties. A majority of their congressional and legislative representatives elected seem to be whigs; and all are either Whig or Republican. The Administration candidates are left out of the contest. In short, both of the old parties appear to be pulled up "root and branch."

Boston, Nov. 13, 10 o'clock.-It is universally conceded here that the Know Nothings have wept the State. In the Ninth District, Dewitt: n Second, Buffington; and the Sixth, Davis, all Know Nothings, are elected to Congress. An immense procession of Know Nothings is

parading the streets, although it is raining in orrents. Rockets are being sent off from the Bee and Traveller offices, and the city is wild with enthusiasm. Gardner, the Know Nothing candidate for Governor, has 9,000 majority in the owns thus far heard from, and is undoubtedly elected by the people.

Boston, Nov. 14th .- In the election held yes erday, the Know Nothings swept the State by an immense majority. They have carried the Legislature, and all the Congressmen with but two exceptions-Dewitt and Banks being the only members of the present Congress re-elected. Gardner, the Know Nothing candidate for Governor, is undoubtedly elected by a very large majority.

But, thank God, he was mistaken, as we saw the salutary effects in 24 hours, and in ten days he was able to be out of

In the death of Mr. May, the people of Hookerton and vicinity have sustained an irreparable loss. A kind neighbor, a true christian, an affectionate husband and father! We had the pleasure of being intimately acquainted with him from the time he came to Hookerton to his death. We knew him to be an honest, round him. He professed religion a few years | ment of past and lived the life of a Christian, and died in the full triumph of faith in God. Mr. May had been Principal of Hookerton Academy for six or seven years, and was at the time of his death. At the Fall Term of the Superior Court of Greene County, he was appointed Clerk by his Honor, Judge Caldwell, in place of Wm. A. Fields, resigned. He was an able and efficient officer, well qualified to discharge the duties of his office with honor to himself and his county, and in his death the county will sustain a great loss. He was beloved and esteemed by all who knew him ; but we should not mourn as those that have no hope. Our loss is his eternal gain.
