MISERABLE FRAUD EXPOSED1. The "Standard" of to day contains a Card, headed "Here they come again," dated "Falls of Neuse, July 25th," purporting to have been signed by seven persons, in which it is stated that they were "seduced into the Order com monly known as Know Nothings, and, having been convinced of the evil tendencies of that order, have withdrawn from it."

Now, we are authorized to state, that as far as Measrs, J. N. Nowell and E. Edwards are concerned, this is a base fraud. These gentlemen, we are informed, having learned that a certain person had sent such a Card to the "Standard" for publication, requested a neighbor (Mr. Self) to call upon the Editor of that paper and inform him, that the Card was a fraud upon them and the public,-that they had not withdrawn from the American order and that their names must be taken from the paper .--Mr. Self went to the "Standard office on the evening of Thursday (the 26th inst.,) and informed the Editor of these facts, and demanded that the names of the gentlemen named should be taken from it, and the reply was that it was too late ; the card had already been published ; it should be corrected in the next issue !

We are authorized further to state that out of the seven alleged by the "Standard" to have withdrawn, at the Falls of Neuse, only three have really done so, Messrs. Glenn, Lowery and M. W. Daniel, and one of the three

We commend to our brethren of the South a most gratifying proof that the American party is braver and sounder upon the vital issues that affect the safety of the Union than any other. It will be recollected that at a recent so-called 'Republican" Convention held in Columbus,

CITY OF RALEIGH, WEDNESDAY MORNING, AUGUST 1, 1855.

3. The "Standard says that he (Mr. H.) join-

had been deceived as to the purposes of the order, and so informed his friends who were in it, that it would not do and that he should oppose it !" Now, we are informed by persons who know the facts, (we make all our statements by authority.) that Mr. High has taken all three of the degrees in the Order-that he took the third degree but a few months since, -that he has repeatedly expressed himself satisfied with his position as a member of it, and that he has repeatedly approved its principles!

The object of the party leaders in parading Mr High's card before the public at this time is too apparent. It is intended to operate on the election in this county and District ! It is another way of dictating to the people of Wake how they shall vote. It is an indirect, if not a direct, mode of using the office of Sheriff to control the election! How much longer will the freemen of Wake con sent to be dictated to, and ridden over, by that Raleigh Junto, which for years past have act ed as if all the offices of the county belonged to them? Can any man outside of that clique

dare aspire to office in this county, or district, without incurring their vindictive displeasure? Were the offices-all of them,-made for these men? 'Let the voters of the county scorn to wear the yoke which has been made for them by the "Raleigh Junto," made up of a set men who have nothing to boast of but a craving for office, backed by a spirit of bullying and bravado, which should no longer be submitted to by those who call themselves freeextremes are burtful. men! Rise up against it, men of Wake county. But Mr. High has been deceived, says the "Stanlard." Who deceived him? Let him name them ! Let him not hide himself behind generalities, but come out with the names of these men ! But it so happens that Mr. H. is not the only person who has been "deceived." There are many gentlemen, who have stood by him heretofore and sustained his election, who now proclaim that they have been deceived. If he wishes the reasons stated, he can have them, but they would kill him, in time to come, a little "dead. er" than the " dead Democratic party" to which he looks for support! He remembers well how he has appealed to old Whigs in times past. Now, he is willing "to die with the Dem. ocratic Party !"-and for the purpose of influencing the coming election, the "Standard" converts his card into an edict, which puts under the banns a large number of his friends, with whom he has for twelve months acted, and for the purpose that Mr. Shepard may be put down and Mr. Branch put up! Again we ask, are the people of Wake SLAVES that they should be required to submit to the dic tation of the Raleigh Junto? Are they to be permitted, again, as they did in the last Congressional election, to smother the voice of a MAJORITY of the Democratic vote "DECEIVED !" Let the word be remembered

> It is well known to every Irishman, that in the many vain attempts which have been peri odically made through the space of three hun-dred years, to shake off the incubus of British ascendency, our only and constant rallying cry was-"Ireland for the Irish." This cannot b denied. We were even satisfied to remain an appendage to the British crown, if they only allowed us the privilege of being governed by native born officers. How then can we consistently complain of the party now organizing in this country, named the American party-a party whose only object is to preserve intact and inviolate the dearly bought heir-looms of that crusade for freedom, the most glorious the sun of Heaven has ever looked upon since, that morning of creation, when the stars of Heaven sung together for joy? A party which will forever remain the only breakwater on earth between liberty and oppression, perpetuating the blessings of existence to remotest time, and ultimately saving us from our worst enemyviz: ourselves. If we are to suffer any injus tice, it is merely of a negative character. They do not propose to deprive us of anything, except so far as the deprivation is founded on the aniversal law of our nature-namely, self-protection. MR. GALES :- Attracted by the feeble rays of few tallow candles. I entered the Court House on Tuesday night last, where the "Foreign and Catholic Club" of this place were listening attentively to the remarks of Mr. A. M. Lewis, who was expatiating, or, rather, "spreading himself." upon the beauties of Democracy. Mr. L. was endeavoring to reply to the arguments ad-vanced by H. W. Miller, Esq., before the Mass Meeting of the American Party, held in this city, on the 19th inst. You can judge, Mr. Editor, of the gentleman's success, when I assure you, that he attempted to refute an argument, made by Mr. Miller, while he (Mr. Lewis) had gone home to dine. Mr. Lewis himself unwittingly stated this fact. The American Party, of course, came in for a full share of abuse and misrepresentation. Mr. L. affirmed that this party "was born in the night, was reared and fostered in the night, and had matured in the night!" (Great applause.) That their secrecy had given them a powerful advantage over the Democracy-that they were the proscribers and persecutors of Catholics, &c. Waxing rather warm toward the conclusion, the gentleman styled many of the officers of the State Council renegade Whigs," and spoke of them as having shouted lustily, in the glorious days of 1840 "for Tippecanoe and Tyler too." Most unfortunate, most ill-timed, was this allusion to the past! Poor Holden! Why, Mr. Editor, I realfelt sorry for him ! Will his party never forgive him? Can unscrupulous partisan zeal never atone for youthful indiscretion? Alas alas! Tar, Pitch and Turpentine still cling to and perfume the otherwise spotless skirts of this Father Confessor! Even the venerable President of the Club, M. A. Bledsoe, Esq., writhed and winced under the excoriating lash of "the young man eloquent." In conclusion, Mr. Lewis called on the Catholic and Foreign Party to rally around their colors, and appealed to his friend. Mr. James T. Marriott, of Wake, for aid, much in the manner of despairing Caesar, when he cried, "Help me, Cassius, or 1 sink." OFFICE OF THE ATLANTIC AND N. C. RAIL-) ROAD COMPANY, July 28d, 1865.

THE period for receiving proposals having been extended, as heretofore intimated, and as the propositions which may be received will settle the question of the Eastern Terminus of the Boad, proposals are now invited by the President and Board of Directors of the Atlantic and North Carolina Railroad Company, at their office in New-bern, N. C., from the 2nd to the 15th of August hert, for the grading, bridging, masonry, and superstructure, including the iron (the plan of rail to be furnished by the Company, and to be of 60 pounds to the lineal yard,) of those sections of the Road between Newbern and Beaufort Harbor, terminating on the East side of Newport river, at the Shell Rock, opposite Gallants Point; and also for those sections of the Road between Newbern and Beaufort Harbor, terminating on the West side of Newport river, at the White Rock, opposite Shepperd's Point and Carolina City.

The bids can be made for the work in section of one mile each, or for the entire distance of about 87 miles, and they will state wist amount o stock and county bonds and cash will be received in payment. will support Mr. Shepard !

Yet this card goes to the public, on the eve of the election, as the truth! Can the annals of political warfare afford an instance of more bare-faced fraud ? This is the manner in which most of the publications of withdrawals from the American Party are gotten up to deceive and mislead the voters! Will candid and fair minded men justify such conduct? Shame shame !

Let the American Party stand firm, and disregard such base frauds and falsehoods as are resorted to to defeat them !

REMEMBER THAT !

It will be well enough for the old line Democrats of Warren, Wake, Nash, Granville, &c., to rememoer, that the "Standard" of this city, which advocates so lustily the cause of foreign-Romanism, and bespatters with its foul abuse | ceive the dangers which threaten them ? those whose only offence consists in their efforts to secure to Americans the sole government of their country,-and that Mr. A. M. Lewis, who is trampoosing the county of Wake for Mr. BRANCH, - are the parties who defeated Mr. Venable, two years ago, and thereby frustrated the will and wishes of an overwhelming majority of the Democratic volers in the District! What signs of repentance have they exhibted,-what tears of contrition have they shed,-what apologies have they made? None, whatever. On the contrary, they have again taken the election into their hands. The Jupiter Tonans of the "Standard" has again assamed the tripod,-Lewis (A. M.) rants and fumes as of yore,-and the foreign "Junto," composed of big little men and little big men, are as busy as bees in swarming time. They effected the nomination of Mr. Branch, when it is notorious that Mr. JONES, and probably others, were stronger before the Convention, and had far superior claims upon the party in the District ; and they are now urging his election ful danger of having a Roman Catholic spy in with an effrontery only equalled by the impu- the White House, in the person of the excellent dence and arrogance which they exhibited two Mrs. Scott ! years since !

WE WOULD AGAIN URGE EVERY FRIEND OF THE AMERICAN CAUSE, --- ESPECIALLY EVERY MEMBER OF the AMERICAN ORGANIZATION,-to do HIS DUTY in the PENDING STRUGGLE ! The news from all parts of the State is most cheering. Let there be no lukewarmness or inaction, and the day will be theirs. LET THEIR MOTTO BE "AMERICANS MUAT BULE AMERICA !" WORK! WORK! WORK!

100"The "Standard" attempts to be witty at our expense, and that of others, in connection with the speech of Mr. Brown, at the recent American Mass Meeting here. We are pleased to see such indications of the return of his accustomed good-humor, on the part of our neighbor It has been feared he was inconsolable on ac count of the departure of Welsh !

The "Standard" persists in the falsehood that there were only three hundred persons present at the recent Mass Meeting in Raleigh. That paper knows that this is untrue, but "a lie, well stuck to," if not as good as the truth, is often as satisfactory to the consciences of some men 1

Here we have the proof,-practical, positive proof,-that the Papal See does claim, and has exercised, a vast and most dangerous temporal authority.

"PROSCRIPTION."

We hear daily the most shameless and im pudent prating about intolerance and proscription among the leaders of the most intolerant party that ever existed in this country. So loud and terrible are they in their denunciations of intolerance-so plaintive are their pleadings for religious liberty-that, did we not know that it would not do to trust the cunning waters of their eyes, which they have so long traded in that they can make them seem like rivers of innocence, we could hardly realize that this is the same party that cheered so lustily their orators in the Scott and Pierce campaign, for their denunciations of Gen. Scott, because his wife was a Roman Catholic, and who read and published with such evident delight the anti-Catho lic tirade of Charles J. Faulkner, of Virginia, delivered during the same campaign, and where-

in was portrayed, in such horrid colors, the aw Hard as it may be to believe, this is, neverthe less, the same party, grown more intolerant and more proscriptive. Indeed, so proscriptive have

they become, that they will even vote for the most vile and corrupt Jesuit in preference to a member of the American party; yes, they will vote for a man whose politico-religious head denounces religious freedom as a damnable heresy and

call, the citizens began to flock from all parts of the city, towards the Fifth street market space. Rockets and other fire-works were set off at various intervals until about 8 o'clock, when the vast concourse (variously estimated at from ten to twelve thousand) was called to order by E. P. Norton, Esq., who nominated Wm. A. Adams as president of the meeting.

Mr. Adams, on taking the chair, stated in a few words the object of the meeting. It was, he said, to determine whether the citizens of this city were willing to abide by the action of the Columbus Convention of July 13? It was an important question. A voice-" It is that ; we can't go Chase." The meeting then proceeded to the selection

of other officers. PREAMBLE AND RESOLUTIONS.

Whereas, The Democratic State Convention, of the 8th of January last, and the recent Convention in Columbus, have failed to avow or recognise principles which we believe vital to the welfare of the Republic and our State ; therefore.

Resolved. That we continue to maintain as paramount in importance, and never to be ignored, the well-known principles of the American party, among which is devotion to the Union, and unceasing hostill'y to its enemies, be they the nullifiers of the South, or the Abolitionists of the North.

A Voice-"We don't play second fiddle to any party." Resolved, That while we consider the repeal of the Missouri Compromise as a wanton violation of a sacred and time-honered compact, we are not from resentment or any other impulse to be seduced. or driven, into the support of fanatical men or measures Resolved. That we recognise in the first resolution of the Convention of the 13th instant a sub tle and insidious aim at the integrity of the National Government, and the initiative of legisla-tion which will place the State of Ohio in antag-

onism to the Union Resolved. That the avowal made in a resolution of the 18th inst., to labor assiduously not to secure the repeal of the Nebraska and Kansas bill. but to render it void and inoperative, proclaims a mode of opposition to the laws of the land that can be sanctioned only by fanatics and outlaws.

tions of the Convention of the 13th instant, and especially in the nomination of Hon. S. P. Chase for Governor, and the resolution to appoint a conmittee to concert measures with reference to the Presidency, we discover a design to more effectually organize an aggresssive, sectional party, with which it would be degelict in us, AS AMERICAN

CITIZENS, to act or affiliate. Resolved, That we recommend to the friends the American party in Ohio, opposed to the candidates for Governor now in nomination, to meet Mass Convention at Columbus, on the 9th day of August.

DUEL IN NORTH CAROLINA .- A heated political canvass is now progressing in the Bun-combe Congressional District between Messrs. T. L. Olingman and L. B. Carmichael, Know Nothing. Incident to the contest, personal difficulties have arisen between W. L. Hilliard and J. D. Hyman of the Asheville Spectator. A challenge was passed and accepted, with rifles, at 40 yards. Friends and the law interposed, but, notwithstanding, the parties had left for the scene of deadly strife. Another duel was
