NATIONAL AMERICAN TICKET!

FOR PRESIDENT, MILLARD FILLMORE, OF NEW YORK. FOR VICE PRESIDENT, ANDREW J. DONELSON, OF TENNESSEE.

[ELECTION NOVEMBER 5TH, 1856.]

MR. FILLMORE'S PLATFORM—THE SOUTH.

There are those at the South who affect to believe we have no idea that any intelligent or honest man entertains any such opinion; that Mr. Fillmore would not be a safe depository for the maintenance of the rights of the South.

It was hardly to have been expected that the series of measures passed at your last session with the view of healing the sectional differences which has sprung from the slavery and territorial questions, should at once have realized their beneficent purpose.

The Nashville Banner publishes the foregoing extracts, and says what no man who values his reputation for truth, will pretend to controvert; "Now, it will not be pretended that Mr. Fillmore has departed one iota from the positions occupied by him in 1850, and re-affirmed in his annual message of 1851."

The Banner continues: "As the opinions, then, of the candidates for the Presidency on the subject of slavery and slavery agitation are to be considered the test of merit; as the Democrats and a few Old Line Whigs still profess adherence to their respective platforms of 1852; and as those platforms, or the portions of them which relate to the subject of slavery, are Fillmore's will cheer, what better can the Democrats and those Old Line Whigs do than support Mr. Fillmore—what safer and truer can they hope to find than he?"

UNITED STATES FINANCES. It is said, that the Federal expenses will reach 75 millions this year—and the probability is that the revenue will not be sufficient to meet the obligations—and, in that event, a loan will have to be resorted to.

MARRIAGE OF THE PRINCESS ROYAL OF ENGLAND. We are authentically advised that the Princess Royal of England and her apparent to be throne, on the 16th of May next, has taken an appeal to the Supreme Court.

NEW YORK, May 30, 1851. My DEAR SIR: I rejoice that the leading organ of our party is now under your control, and regard the change as most auspicious at this juncture.

THE DEMOCRATIC PLATFORM OF 1852. "That Congress has no power under the Constitution to interfere with, or control the domestic institutions of the several States, and that such States are the sole and proper judges of everything appertaining to their own affairs, not prohibited by the Constitution; that all efforts made to induce Congress to interfere with questions of slavery, or to take incipient steps in relation thereto, are calculated to lead to the most alarming and dangerous consequences; and that all such efforts have an inevitable tendency to diminish the happiness of the people and endanger the stability and permanency of the Union, and ought not to be countenanced by any friend of our political institutions."

FATAL RAIL ROAD ACCIDENT.—A sad accident occurred at Thomasville, Davidson County, on Friday last, resulting in the death of Mr. Wm. Allen, a very worthy young man, aged about 20 years. He filled the post of brakeman on the freight train, and, at the time of the accident, was in the act of "cutting off" a car.

A MARRYING MAN.—A few days ago Judge Perrin, of this city, married a man for the fifth time. A singular feature in the case is that the fifth wife was also the third wife. The third marriage not proving a happy one, the parties separated and were divorced. The man married again, and when death claimed his fourth wife, the disconsolate widower returned to number 3, and wedded and won "her."

LOCAL NEWS.

Volunteer Fire Company.—At a meeting of the Volunteer Fire company, held at the Courthouse in this city, on Monday night last, on motion, the following resolutions were proposed and unanimously adopted:

Resolved.—That for the better protection of property in this city, we, the undersigned do hereby enrol ourselves as members of a fire company, to be called "Volunteer Fire Company, No. 1," and do agree to remain members thereof for the period of three years.

Resolved.—That we equip ourselves with a suitable uniform, and that we will attend all parades, in uniform, when ordered.

Resolved.—That a meeting be called on Saturday next, the 12th April, at 8 o'clock, P. M., at the Courthouse, Raleigh, for the purpose of electing officers, adopting a uniform, and by-laws.

Union Parade.—On the 17th of this month there is to be a Union parade of our three military companies. As there will be quite a number of strangers in our city at that time, this will be a fine opportunity for them to witness what can be done here, in the military line.

Country Merchants.—We learn that a number of merchants, who do a small retail business in the country, who never dealt in this place before, have made their spring purchases here this year, as they find, taking into consideration freight, charges, &c., they can do better here.

Ploughing.—The weather for the past few days has been very fine, the only pleasant days this spring. Farmers have commenced ploughing, and they are, upon an average, at least one month behind with their spring work.

New Tan Yard.—Our townsman, Dr. Irell, having purchased the Tan Yard, in the eastern part of the city, is making preparations to go extensively into the business, and is fitting his yard up with the latest improvements.

Looney's Cadets.—We learn that the cadets belonging to Mr. Lovejoy's Academy, have received and accepted an invitation, from the cadets of Wilmington, to visit that city on the 20th May next.

Building.—On the corner of Martin and Fayetteville streets, we notice preparations are being made for building the row of offices and stores we mentioned some time since. Messrs. Busebe and Battle intend erecting something very pretty in the way of Law Offices, and Jeff. Uley, Esq., two substantial stores, with dwellings attached. Raleigh is certainly improving.

Drills.—To-morrow, (Saturday) the "Oak City Guard" turn out in full uniform for the purpose of drilling, and every Saturday thereafter, for six weeks. With a little more attention to their drills, we doubt if they can be surpassed.

Taken an Appeal.—We are informed that the negro Loy, Lockley, who was sentenced to be hung on the 16th of May next, has taken an appeal to the Supreme Court.

MARRIAGE OF THE PRINCESS ROYAL OF ENGLAND. We are authentically advised that the Princess Royal of England and her apparent to be throne, on the 16th of May next, has taken an appeal to the Supreme Court.

PARIS FASHIONS.

Never has there been so great a demand for rich laces and embroideries and magnificent materials of all descriptions—the embroideries executed in sewing silk, on either velvet, moire, or rich striped brocades, for dinner or evening dress, as well as for mantoux, &c. Ribbons, are in great demand, and are exquisite both in design and fabric. Bonnets are still worn very small and rounded at the Cheeks. A among the most novel of the Beautiful models which fashionable milliners now display are those composed of different shades of dove color, trimmed with feathers of the same color spotted with white, and partly covered with the blonde arranged in at the crown and falling over the front, the cap of blonde, trimmed with aquiline and strings of jet beads. Another bonnet for the early spring is made of pink terry velvet, the shape very sloping; on the head there are bands fastened by satin buttons. At the edge of the crown a deep white blonde is turned back as far as the curtain. On each side are placed four curled tips of pink feathers. The inside decorations consist of blonde ruffles and tiny pink feathers. The workmanship of hair to be worn as ornaments—have been brought to the perfection of an art. Bracelets, brooches and necklaces of various shades of hair are tastefully wrought with jewels.

PULMONARY CONSUMPTION.—The great scourge of our northern climate is diminished of half its terrors since we have a remedy so singularly efficacious as Wistar's Balsam of Wild Cherry. It is worthy of the high reputation which it enjoys.

The following letter, from Bar. Henry Wood of Concord, N. H., editor of the "Congregational Journal," speaks volumes in favor of Wistar's Balsam: CONCORD, N. H., March 2, 1849.

Dear Sir:—Two years ago, a sudden and violent attack upon my lungs confined me to my bed for several weeks; and when I recovered, I was so much oppressed by difficulty in breathing that I was often unable to sleep or rest upon a bed by night. The suffering was extreme, and arising from the inefficiency of the remedies used I supposed the disease incurable. Being persuaded to try a bottle of

WISTAR'S BALSAM OF WILD CHERRY, without the least confidence in its efficacy, I found the difficulty almost entirely removed before one bottle was used up. Having a mortal aversion to medicine, and seldom using it in any form, sympathy with my fellow sufferers induces me to make this public statement, and recommend the article to others similarly afflicted.

With respect, yours truly, H. WOOD. The genuine is signed I. BUTTS, WILLIAMS & HAYWOOD.
