MEETING OF THE N. C. MEDICAL AS-SOCIATION. The Annual meeting of the State Medical Asociation took place at Newbern on Tuesday last. A correspondent of the Petersburg Express states that there was an accession to the Society of 39 new members. The attendance was much larger than at any previous meeting of the Society, and the indications are that the Society is destined to become, not only a fixed institution of our State, but will be highly instrumental in the advancement of the interests of Medical Science, and promotive of much good to humanity. We learn that there were some papers read before the Assocuation of great ability, possessing as much, if not more, merit as any which were read before the late meeting of the National Medical Association. The Annual Address was delivered by Dr. J. G. Tull, of Newbern.

had a claim upon the Legislature for a charter to anable them to associate their efforts in the work. That the Danville Connection came within this principle, and while I did not desire to make it an sue, I had no hesitation in saying it commanded my approbation."

On the subject of the currency, Mr. McRae

"All the appearances indicated that the Bank of the State would not be re-chartered and indeed I am of the opinion that the Stockholders are indifferent on the subject; for myself, I have no attack to make on this old institution, but I think much more extended fabilities ought to be afforded to the people to obtain Bank accomodations, and a decided modification of our banking system was required. That if by possibility it could be done, some effort ought to be made to bring up the value of our Rail Road stocks. And while I have not been able to concur in the details of Mr. Caldwell's scheme, for a 'People's Bank'-there was in the winciple of associating our Rail-Road stocks with ank stock as an additional basis, much that night be productive of benefit to the State, to the ople and to the cause of internal improvement. am prepared to investigate the subject more fuly with a favorable inclination in its behalf."

The above principles, Mr. McRae said he should roclaim holdly, from the mountains to the seaoard. We regret that Mr. Ellis was not present, for we have a great desire to see these two old sinners lock horns. There's fun ahead boys. We published our platform last week, and like music, it has charms to sooth the savage breast." The people are crowding on it by thousands, those desiring a ticket should apply soon,-the ship is warranted to land safe at the White House in Raleigh.

ACKNOWLEDGMENTS .- We find the following letter, written on behalf of the "Oak City Guards" to Captain Jordan, of the Newbern Light Infantry, in the last Newbern Union :

RALEIGH, N. C., May 5th, 1858. CAPTAIN JORDAN, DEAR SIR :- At the last meeting of the "Oak City Guards" the undersigned was appointed to tender to you, sir, and to the officers and soldiers

under your command, our most grateful acknowladgments for the distinguished hospitality, with which we were received by you on the occasion our recent visit to Newbern. Be pleased, sir, to inform our fellow soldiers of

the "Newbern Light Infantry" that the O. C. G's will ever retain them in our heart of hearts, and will ever be ready most kindly to grasp their houlder with them in the "forefront of the battle." With highest regard,

From the Patriot and Flag. MR. MCRAE AT GREENSBORO'.

We had the pleasure on Tuesday, of hearing Mr. McRae .- His effort was one of marked ability and was most attentively listened to by a large concourse of our citizens. We never before witnessed such great anxiety manifested by the copie to hear any gentleman speak. Before the hour of speaking had arrived, the Court House was filled to overflowing, so that Mr. McRae could scarcely reach the stand. After speaking for a short time, the outside pressure was so strong that Mr. McRae veielded to the request of several gentlemen, and spoke from the door of Mr. Tates large brick building; the crowd standing in the street, and many of them in the sun-the crowd were held completely entranced for one hour and a half, when a storm coming up, it was announced that the speaking would be concluded in the Court House; again, there was a rush to the house which in a few moments was filled from top to

bottom. The crowd was composed of many of the leading men of both parties, and all listened with a deep interest to the words of the eloquent speak-Mr. McRae handled the subject of distribution

with great ability-proving beyond a doubt, the great necessity of the measure, and that so far from distribution being impracticable, that it had only been prevented heretofore, by the opposition, of the democracy of Virginia, North and South Carolina, and that although his election as governor, could not of itself, effect anything, yet that the expression of public opinion, by his election would be such an irresistible demand of our rights that Congress could not and would not any longer

refuse our claims. Mr. McRae showed up the Charlotte Convention in due form, and in such an amusing way refrain from laughing. If the manner in which the Democracy of Guilford received and treated Mr. McRae is a true index to the feelings of the Democracy in other nexts of the State we

as an excuse that he had cargo of negroes having been landed in the vicinity, which he wished to seize, &c. No negroes had

been landed in that part of the country, so that the foraging party contented themselves with small hen-rost plunder, and a pig thrown in to cure their disappointment. General Concha has caused the captain of the District where the landing was effected, to be brought to Havana in irons, to account for his conduct in not preventing it, by force of arms. The imprudence of the Styx representative of the gun-boat fleet, will not be enlured by the government of Cuba.

STRUCK BY LIGHTNING.

A lady in Northampton County, wife of Turner Bridges, living some 6 or 7 miles from this place, was struck down on Saturday evening, by the electric fluid while standing at her dairy door. The upper part of her person is considerably excordiated, as well as the right side. Mrs. B. lay for nearly an hour in an insensible condition .-Dr. Lewter was called in, who represents her condition, we understand, as being very critical. Yesterday she was thought to be sinking. Murfreesboro Citizen.

The Petersburg Intelligencer, in the following brief paragraph, makes a hard hit :

Among the leading promises held out by the Democratic party in the South, in the last can vass for the Presidency, to be realized in the event of their success, was one that Kansas would be come a slave State ; another that Nicaragua would be Americanized; and another that the supremacy of our Flag would be established in the Gulf.

These promises have been realized as Democratic promises usually are, that is to say : "on the contray, quite the reverse." Kansas belongs to the Black Republicans: Americanism, under Walker, has been trampled out of Nicaragua; and the American Flag in the Gulf is subjected to daily insults and outrages. Economy, too, was promised, which has resulted in dissipating the large surplus in the Treasury and running the Government deeply in lebt. Since it seems an unerring rule that Democratic promises, like dreams, must be taken by contraries, we suggest that the next national

platform shall pledge the party to everything disorganizing, wasteful and corrupt. GOV. REID OF NORTH CAROLINA. The report in the newspapers that Governor Reid has suffered a relapse and is lying ill, is utterly without foundation. PLAN OF THE LOTTERY!

The numbers from 1 to 50,000, corresponding with hose numbers on the Tickets printed on separate slips of paper, are encircled with small tin tubes and place in one Wheel

The first 457 prizes, similiarly printed and encircled are placed in another wheel.

The wheels are then revolved, and a number is draws from the wheel of numbers, and at the same time a prize is drawn from the other wheel. The number and prize drawn out are opened and exhibited to the audi-ence, and registered by the Commissioners; the prize being placed against the number drawn. This opera tion is repeated until all the prizes are drawn out

Approximation Prizes .- The two preceding and the two succeeding numbers to those drawing the first 7 prizes will be entitled to the 28 Approximation Prizes. For example : If Ticket No. 11250 draws the \$70,003 prize, those Tickets numbered 11248, 11249 11251, 11252, will each be entitled to \$400. If Ticke No. 550 draws the \$30,000 prize, those Tickets num bered 548, 549, 551, 552, will each be entitled to \$300 and so on according to the above scheme.

The 5,000 Prizes of \$20 will be determined by the last figure of the number that draws the \$70. 000 prize. For example : if the number drawing the \$70,000 prize ends with No. 1, then all the Tickets, where the number ends in 1, will be entitled to \$20 .-If the number ends with No. 2, then all the Tickets where the number ends in 2 will be entitled to \$20 and so on to 0.
