#### ELECTION RETURNS.

----

We carnestly request our friends in every county in the State to transmit us, at the earliest pracmonife moment, reliable and authentic returns of the result of the election. Send them by the first mail. We shall cheerfully reciprocate any courtosy in this respect, so far as it may be in our power. Any favors of, this sort extended to us by our friends will be thankfully received and gratefully remembered.

Don't fail, then, to send us, st the earliest moment, faithful returns of the result of the election in each bodnty.

#### TO THE POLLS.

We cannot refrain fro.c urging once more such of our friends as may see this number of the Register prior to the election, to alprevent them from casing their votes on Thursday. As we have often said, the Opposition have the strength, if they will only use it, to crush out the Democracy. The Democracy are split and divided. Many of them will not go to the polls at all, and not a few will vote for Opposition candidates .-Let, then, the Opposition be true to themselves-let them vote their whole strength. and the labors of this campaign will be crowned with a glorious victory on Thursday next.

fire-works, we feel at each succeeding caper cut by it like crying out, "what the devil will they do next 2"

We have said Freesoilism has been strengthened everywhere. Just listen to this Citizen Holden, and hear what Forney's Press says In Bulwer's play of "Money" we find an apt illustration of the great lesson so often taught in this world of ours-namely, that the poor man to-day who gets suddenly rich soon finds himself surrounded with sympathizing and ardent friends. And so in politics. You will find the faces of geptlemen wreathed with smiles, and eager to applaud success. It is astonishing what a change has come over politiciaus in regard to Douglas .-One year ago he was as much traduced by them as four years ago he was traduced by the abolitionists. Indeed, the administration papers seemed to be mere reprints of the assaults upon Judge Douglas, after the passage of the Kansas-Nebraska bill in 1854. They called him Stephen Arnold Douglas ; proposed that he should be burnt in effgy ; had him dragooned in the Senate, and made im a target of every conceivable degree of defamation, personal and political; and when he went ome to Illinois the whole pack were let loose st is heels and filled the country with their bowls of derision and hatred. Where does Stephen A. Douglas stand to-day? That is the question. Go with me any fine morning to any of the popular resorts in this city, where politicians "most do congregate," and you will be surprised to hear into what sudden favor the "Little Giant" has ascend-

ed-what a delightful "availability" he has become-how vigorous in health he is-bow fortunate in all his personal ventures-bow strong with the people-how true to the South-and what a shame it is to say he ever intended to join the republicans, or leave the democratic party ! If he asses along our streets he is the opject, not merey of attention and admiration, but of obsequious deference. - His prestige begins to be felt even in the official snuggeries, and those keen-scented and sharp-eared rlacemen, whose song from morning aill night is "Let who will be President, I will be

Vicar of Bray," have dropped their venomous and ravenous pens, have ceased their annonymous attacks upon Mr. Douglas, in distant and starving newspapers, and, no doubt, are preparing the way

for the future by stabbing the administration in the back, which, yesterday, they were only too glad to serve. But "such is life"-and such are politics! Other signs are multiplying. EVFN SOUTH CAROLINA begins to thrill at the name of Douglas : Tennessee, which responded so earnestly low no obstacle, not in itself insuperable, to to him three years ago, at Cincinnati, is getting ready to speak : and sleepy old North Carolina the Rip Van Winkle State, opens her eyes through the Raleigh Standard, and will presently begin to claim Douglas as a sort of adopted son. McGoffi the demouratic candidate for Governor in Ken tacky ; Hunter, the most formidable man in Virginia after Governor Wise; James C. Jones (the great popular orator in Tennessee); Henry S. Foots (the "Marion" of the Union party in Mississippi); Peaso, in Texas; Soule, in Louisiana John Forsyth, of Alabama, are all putting on their armor to fight for Douglas at Charleston next year. Said I not rightly, the other day, "that he was the man of destiny?" After Evelyn, in the plsy, became the heir of a great estate, he turned around to bis congratulating friends, who had pre

We believe also that the further agitation of the subject of slavery will tend to no practical good to any portion of the country, and should therefore

cease; regarding the principle as settled, both by legislative enactment and judicial interpretation, that the people of the Territories when they come to form a State Constitution, and at no other time (by unfriendly legislation or otherwise) shall deide the question for themselves. We furthermore repudiate the doctrine of Squatter Sovereignty" in all its forms as an in-

sidious and certain mode of excluding the South from the common Territory of the Union, and stand ready to oppose sternly and uncompromisingly all who advocate that doctrine. It is not that Mr. Gilmer is a black Republican or an abolitionist. That is not the point. No one

charges that he is an abolitionist or a black Republican ; but we all know that he co-operated while in Congress with the abolitionists on the slavery question.-Raleigh Standard, July 30, 1859. Is not the above a rare specimen of cool

impudence ? While Citizen Holden charges Mr. Gilmer with co-operating with Black Republicans, and thinks him, therefore, unfit

to fill a seat in Congress, he declares his own readiness to support Douglas, whom he charged with "voting and acting with the

### THE STANDARD AND THE THIRTY MILLION BILL.

Let it be borne in mind that the Raleigh Standard, the organ of democracy in North

Carolina, has not said one word for or against the Thirty Million Bill during the present canvass, now so near its close. It is true that one of its Editors proposed to denounce it in a public meeting of his party, but the Standard itself has been as mute as a mouse upon this most important question. It has

seen its candidate, Mr. Branch, the author of the Bill, severely censured, as he deserved to be, over and over again, it has permitted itself to be taunted again and again, for its timid and non-committal course ; but neither censures of its candidate nor taunts of it-

self, have availed to open the padlock with Under such circumstances, where can Waddell

RALEIGH WEDNESDAY MORNING. AUGUST 3, 1859.

The Weekly Raleigh Register.

JNO. W. SYME, Esq. — Dear Sir.—On the first Thursday in August the people of North Carolins will be called upon to say who shall represent them in the Congress of the United States. At home and abroad, probably the result in this the 5th District, is regarded with far more interest

than in all the other districts combined. Our faithful and worthy representative, the Hon. JNO. A. GILMEB, has been the subject of more vituperation and abuse, misrepresentations and anathemas, than any other man in the Union .-Blood-thirsty hell-hounds have been yelping at his heels since his vote on the Lecompton Constitution, a vote that will ever be cherished and remembered by every honest, conservative man throughout

the whole southern country. A tremendous effort will be made at this election to defeat him, and any means that can be re-sorted to, to this end, will be most eagerly embraced by his enemies, no matter how infamous they may

I speak only for Chatham county. What i e game the astute Democracy are endeavoring to play here now? All of them, or at least many them, are free to acknowledge that there is no ossibility to defeat Gilmer. They say he's obliged to be elected. This sentiment is not expressed by them for aught else but to keep Gilmer's friends away from the polls, and by this means to secure Black Republicans," for the Presidency of the United States !! Williams' election. They think that by thus honestly confessing that Gilmer cannot be defeat-ed that many of the Whig party will argue, Well, the Democrats, even, give up that Gilmer will be elected, and it makes no difference about my voting, so I shan't trouble myself to go to the

Again; great sympathy is *felt* (?) by some of the D-mocracy for Waddell. They say he has been badly treated by the Whig party. That he should have been the nominee, and all that sort of thing. Ah! my dear sir, you ought to see how tenderly they nurse him. A teething infant could not be attended to with more care. They love to talk with him, and advise with him.

What does all this mean? Some of us up here think we understand it, but forbear expressing our opinion just now, as it might be deemed unfair by me of his numerous friends.

The people of the District know that JNO. A. GILMER is the nominee of the Whig party. They know further, that he was nominated by a Convention representing every county in the District which for numbers and respectability was never surpassed by any like assemblage in North Carolina. In that Convention no name was mentiontioned save that of JNO. A. GILMER, and he received the nomination without a dissenting voice

EFFECT OF JOHN LETCHER'S ELEC-TION -- SQUATTER SOVEREIGNTY IN VIRGINIA. We call the attention of Citizen Holden.

and the Hon. Messrs. Branch and Scales, to the following

The correspondent of the New York Times, in a letter dated July 6, from Lynchburg, Virginia, writes as follows :

Whatever southern papers and politicians may say to the contrary, freesoilism is in the ascendant in Virginia. It was John Letcher's free soil tendencies that secured his election to the governorship, and under the pressure of this growing sentiment of the State we find the rabid, ultra southern Calhoun disunionists of Virginia, seizing upon and alvocating those doctrines of squatter sovereignty phich but a few years ago they scouted and de runded. All that is necessary in order to win these Calhounites to the freesoil cause is to change the name of that doctrine. They seem ready to go for anything which would in effect be freesail, provided only the doctrine is presented under anothe smel-"squatter sovereignty," "non-intervention," "Joy ular sovereignty," or whatever else you choose designate it. Freesoilism is, in the estimation of this class, too clusely allied with abolitioniam. and hence they would not venture to fight under such a banner. But let it be coated over with a light shade of white, so that the nigger cannot be distinitly seen, and they will go in heart and soul in favor of the principle. Disguise it as we may, this freesoil sentiment is fast spreading in Virgin-When any great political movement is on but, and these rabid secession theorists have any rest to subserve, or any favorite to elevate to fice, we find them immediately planting themerivesupon the very doctrine which they repudiated but a few years before. It is thus that they can alone hope to conciliate popular favor; and true to the versatile character of the politician, they yield their former predilections to the popu-lar will. A majority of the democratic press are at this moment, advocating doctrines of as direct freshil tondency as would be the advocacy of the passage by Congress of a law excluding slavery from the territories. They are favoring, in effect, territorial sovereignty, which, from the greater indug of free population, must invariably result in the freedom of the territories. Before the year 1864, freesoilism will be rampant in Virginia.-As to disunionists or Calhounites, we have not an individual among us who would dare identify himself with that class. All of that stock in Virginis have been recently metamorphosed into extreme "squatter sovereignty" men, and the cause, I must say, has received an accession in the persons of these Calhounites, which will add ma terially to its strength

We begin now to see some of the fruits o the election, by the Democracy of Virginia. of John Letcher to the Executive Chair of the largest slaveholding State in the Union. Fresoilism every where is strengthened by it. But a word more choice and gingerly than Freesoilism is to be adopted. "Freesoilism" doesn't suit the dainty and sensitive stomachs of southern Democrats. "Popular" or Squatter Sovereignty is the phrase for those southern Democrats who are ready to support Judge Douglas in the event of his nomination by the Charleston Convention. Popular or Squatter Sovereignty is nothing but pure and unadulterated Freesoilism, and if that

viously refused to advance him ten pounds, and made them blush for shame. when, in the midst of his affluence, he repeated his request. Who will not lend Judge Douglas ten pounds now ? OCCASIONAL.

There Citizen, you see the company you are in, what you have done for the peepers of the Old North State, and what you are ex-

pected to do, to wit : claim Douglas as an adopted son of North Carolina. Could the writer of what we have quoted

above, have visited Raleigh, and seen you i your "official snuggery " of State Printer. and does he mean to charge you with singing from morning till night, "Let who will be President, I will be Vicar of Bray !"

## SOUTHERN OPPOSITION AGAINST "SQUATTER" OR "POPULAR SO-VEREIGNTY."

We believe that the following resolution of the Platform of the Opposition Party of Georgia, embodies the sentiment of the Oposition Party of the South, generally. The Opposition Party of the South do not claim that Congress has a right to legislate slavery into the Territories, but insist that it is not only the right, but the imperative duty of Congress, to legislate for its protection as property within the Territories, just as it follows would be its right and imperative duty to legislate for the protection of horses, cattle, or any other species of property within the Territories, and the corallary from this proosition is, that the Territorial Legislatures have no right to drive off slaves, or impair the value of their labor by "unfriendly legislation." any more than they would have the right by "unfriendly legislation" to drive off, or impair the value of any other species of property. This, we repeat, is the ground occupied by the Southern Opposition, generally, and it is the only true southern ground Douglas' doctrine of "unfriendly legislation" against slavery by Territorial legislatures. strikes at the very root of the institution of

slavery everywhere. To acquiesce in such a doctrine, would be a declaration that slaves are not property-a declaration that a man has not the same right to hold his slave, and have his labor secured to him, as he has to hold his horse, and have its labor secured to him. And yet we find the Raleigh Standard, L. O'B. Branch, Alfred M. Scales, and other Southern Democrats, ready to support Stephen A. Douglas, thus practically proclaiming this dostrine, for the Presidency of the United States :

2. Resolved, That as the institution of slavery existed in the States of the Confederacy prior to the adoption of the Constitution of the United States, es the right to hold slaves as property was

WILLING TO GO TO CONGRESS. In the Petersburg (Va.) Congressional District, there are no less than eight Democrats

who have announced themselves as candidates to fill the seat made vacant by the death of the Hon. Wm. O. Goode. These candidates are Messrs. Goode, Hepkins, Flournoy, Pryor, Scoggins, Brown, Wilson and Bruce.

The question is now, whether or not one of those man traps, called a convention, will not be sprung and cut off the tails of seven of

these aspiring and patriotic Democrats.

I have not been prompted to write this article from any spirit of alarm, as to the result of the ap-
