SATURDAY MORNING, AUG. 13, 1859. COOL AND REFRESHING.

Speaking of Mr. Gilmer's election, the at Standard says : " The Whigs and Know Nothings of the Dishave deliberately and unequivocally endorsed adjustion with the Black Republicans."

We forgive the Standard's effrontery, for the sake of its coolness. The Standard, for a rear and more, has been a sort of double action iceberg, drifting about promisouously along our political coast -- (cool in its effrontery, and cooler in its efforts for democracy man it has ever been before)-and shedding bracing atmosphere through the interior. which has rendered solstitial heats tolerable. The efforts of this monster refrigerating mass. seened from the Arctic sea of the Charlotte Convention, may be judged of from the fact, that while it charges that Gilmer, a member of Congress elect, his affiliated with Black Republicans, and therefore ought not to have been allowed to represent a single District in Congress, it is ready to support for the Presitency of these whole United States, Stephen 1. Douglas, whom it charged "with voting and acting with Black Republicans" on the diect of Kansas, during the very session of Congress at which the fate of Kansas as a ver State was sealed ! !

HE DESERVEDLY DOOMED DEMOC-RACY. of the times.

three members of Congress last year, (but one of whom turned traiter before the close of the last session leaving us only two sound Whigs,) we have made a clear gain of four members, which gives us seven out of ten ; and we have reduced the Democratic majority for Governor from 11,000 to a very low figure. In Kentucky, where we had two members in the last Congress, we have gained two others, and in another District the result is a tie. We have made all these gains without losing a in 1855. single member that we had before.

These facts portend the coming doom of the self-styled Democratic party. These results are but forerunners of that terribly crushing and annihilating defeat which awaits the corrupt spoils-loving Democracy in 1860. God speed the day of their utter annihilation !

A LETTER FROM GOV. WISE. At the meeting of the Democratic State Committee of New York at Albany last week, the following extraordinary letter was brought light, which created no small stir among politiciane, and which, it is thought, will irretrievably impair Governor Wise's prospects for the Charleston nomination. When we first saw this letter in the New York Times we were disposed to believe it a forgery, not believing that Governor Wise would be so ndiscreet as to write a letter so well calculated to damage his prospects for the Democratic nomination. But it seems that it is certainly a genuine letter. According to the Richmond Enquirer, which publishes a card from Governor Wise explaining the letter, it found its way to the public in this wise : Mr. B. Donnelly of New York wrote to Governor Wise on the Sth of July, promising to do all he could to aid him in having delegates appointed from that State to the Charleston Convention favorable to Wise's

pretensions to the Presidential nomination, or of having a double set of delegates ap

majorities. In Tennessee, where we had ELECTION RETURNS. We publish our table of the several Congressional Districts to-day, giving the returns from all the counties that have been heard from. It will be seen that we have heard the full vote of but one District, the Fourth, in which Mr. Branch has a majority of 3349 over his competitor, Mr. Sanders, Though Mr. Branch's majority is so large, it will be observed that his vote falls nearly a thousand behind that of 1855, while Mr. Sanders' falls nearly two thousand behind the Whig vote

We have received no additional returns from the Eighth District. We learn, however, that Mr. Vance has lost some on his vote last year in some of the counties beyond the Mountains. We do not suppose that his losses will exceed his gians in the four counties heard from, viz : Wilkes, Burke, Caldwell and McDowell. So we may conclude that he is elected by a majority quite as large as it was last year.

From the Fifth District we have the votes of all the counties except Person, and we learn from the mail rider that Mr. Williams' majority in that county is 301. So it will be seen that Mr. Gilmer's majority in the District is 1838. A pretty heavy majority considering the desperate efforts made to defeat him.

A MOST EFFECTIVE SPEECH. Mr. Coleman, the democratic candidate in the Eighth Congressional District, being in Lenoir, Caldwell county, on the day of election, made a speech before the polls were opened, in which he denounced the Whigs, Know Nothings, &c., in the most bitter terms. Mr. Coleman no doubt thought he was deliv-New Hanover, ering a most effective speech, and the sequel Brunswick, proves that it was most effective, for when Columbus, Bladen. the polls closed the vote at Lenoir stoud, Sampson Vance 273 ; Coleman 63 ! The speech was Cumberland Harnet certainly a most effective one, but the effect Robeson was not exactly as Mr. Coleman wished .--Duplin Richmond Oh ! that Mr. C. could have made a speech at every precinct in the District on election day THE TENNESSEE. FATAL ACCIDENT.-The Salem (N.
