MORE TO BE "KILLED." The Standard, with its "power to kill and than that of the Southern and South-western. make alive," is likely to have its hands full of business this year, inasmuch as there are enmistakable signs, that not a few of the Democracy of this S ate will refuse to follow its lead in supporting Douglas, in the event of his being the Charleston nominee. These Democrats will not only refuse to suppeat Douglas themselves, but will show up er than to bid the latter be of good cheer, and the Standard's inconsistency in supporting look for encouragement to the manly stand him, after having bitterly denounced him .-No unequivocal sign of what the Standard News. may expect may be found in the following septence of an article which appeared in the Charlotte Bulletin a few days ago : "Now then; surely the Standard will not support Mr. Douglas, entertaining and expressing "well." But this is not a very safe plan, we confess views as he does, entirely at variance with the Dred Scott Case, as decided by the Supreme Court." To show that this sentence, modest as it is, touched the Standard on the raw, we point to its last issue which speaks of the Charlotte Bulletin as "certainly rather a Whig! that a Democratic journal," charges it with being one of our "confreres," and in another

place says: We confiss we are somewhat at a loss to undertand the Bulletin. In some of its issues it speaks of itself as "independent"-advises the Democratic party not to refuse the aid of "independent" Democrats, &c.; and then at other times it assumes a mewhat different tone and appeals to the Raleigh Register not to pursue such a course as will divide South. At times it speaks slightingly of party -anization, and then again-in its notice, for exde, of Mr. Craige's letter-it admits that the mocratic "organization" is the only true and sale "organization" as against the black Republi-We trust that the Bulletin will pardon us for asking what are its party relations and affinino? Is it a Democratic, an Opposition, a Whig, or a neutral sheet ? If Democratic, will it coop-rate with the Democratic party of the State as a organized party, and support its nominees ? If Democratic, will it co-operate with the Demo-cratic party of Mecklenburg, and support its hominces ? If it should reply that it is a Democratic paper, but that it must be allowed, while it claims to be Democratic, to ignore organization-to suppert nominees or not, just ad it may choose, or to pose nomines with "independent" Democratswhy, all we would have to say to that would be that the Democratic people, who know that without organization the cause would be in jeopardy, will give it just as much-credit for its Democracy they may think it deserves. Hoist your colors, Mr. Bulletin, and let us see what they are. If Democratic, let the Democra's know it ; if Whig, let the Whigs know it and be glad : if neutral, le the neutrals take courage and "go forward to possess the land." "He that is not for us is against us: he that gathereth not with us, scattereth abruad. The Bulletin may now see what it has to "expect, and if we have not much mistaken its metal, will be fully prepared to abide the storm which will soon rage about its ears .-If we may say a word to one who-the Standard to the contrary notwithstanding-differs from us in politics, we would say for its encouragement, the Standard cannot first denounce Douglas, and next dragoon the Demscratic party of North Carolina into his support if he is nominated. That party have, we know, no inconsiderable powers of swallow, but we will not believe that they will follow the lead of one who denounced Doughs when his position, though bad, was less reprehensible than the one which he now occupies, and in spite of which, the Standard will

support him if nominated. As far as the Bulletin is concerned, we are sure that it will not support Douglas, let the Standard threaten and bluster as it may, and any doubt that might be entertained on the subject, must be dispelled by the following article in its issue of the 6th inst. :

A NEW GAME .- The subjoined resolutions adopted recently by the Democracy of Butler county, Pennsylvania-evidently intended to solve the Territorial problem in its bearings on slave property-lays down a new plan of attack, by ignoring entirely the commonly accepted interpre-tation of the Kansa-Nebraska Bill, inasmuch a it fixes no special time when the people of a Ter-Mory are entitled, under the provisions of the Constitution of the United States, to decide for themselves whether or not slavery shall be prohibited. These Resolutions claim for Territorial squatters the right to exclude the property of slaveholderstheir negroes-at any time they may feel disposed to do so, prior to the adoption of a State Constitution, and admission into the Union as a State.

The resple of the South do not a.k for a "Slav Cale;" they only desire and demand that the laws the Northern, Western and Eastern mails at of Congress, the provisions of the Constitution and the decisions of the Supreme Court, be carried out faithfully, and that the views of Mr. Douglas and he party shall not be suffered to prevail in opposition to law and right.

It is patent that the Northern wing of the Democratic party are opposed to the institution of slavery and the rights of the slaveholders in the tritories, and it is much to be regretted that for the sake of Party triumphs and the spoils of office. there are to be found throughout the South, advocates of party so blind to the interests of the South, as to urge co-operation with those who style them-

THE RALEIGH POST OFFICE. There is a general and well founded complaint by the citizens of Raleigh, at the unnecessary delay in the delivery of the Northern mail at this Post Office. This mail reach-

es here at half past 3 o'clock with the regularity of clock work itself, and is not delivered until between half past 5 and 6 o'clock. The excuse for this delay is, that the Western mail does'nt come until 5 o'clock, and the Postmaster chooses to deliver both mails at once. This is nothing but an excuse, and a very lame one at that, inasmuch as the Northern mail could be easily delivered before the Western arrives. The Postmaster might as reasonably postpone a delivery of

mail matter until "next day," and thus deliver one time, as to withhold the delivery of the Northern mail until the Western arrives, and is ready for delivery.

Business men having correspondence at the North, as they all do, could, were the mail promptly delivered, answer by return of mail without resorting to candle light.

"I also accuse him (Gwin) of having supported the Thirty Million Secret Fund Bill, when he knew it was the intention to use that money as a CORRUPTION FUND, in order to CARRY THE NEXT PRESIDENTIAL ELECTION : either to elect dimmy Buchanan, or Mr. Slidell of Louisiana, with whom he co-operated in the United States Senate.

The Nashville Union, the leading Democratic organ of Tennessee, referring to Douglas' late manifesto in Harper's Magazine, declares as follows :

The paper is intended to cut under Mr. Seward's platform. It is an insidious attempt, under the fascinating disguise of popular sovereignty, to overthrow the Dred Scott decision, thus breaking down the authority of the Supreme Court, and indirectly accomplishing all that Seward's higher law doctrines could effect. The authority of the court as the expounder of the Constitutional rights of the States and the constitutional obligations of its citizens, being destroyed, the demagogue and disorganizer will be left perfectly free to pursue any heresy they may embrace, in defiance of the law and the Constitution.

MURDER IN NORTH CABOLINA .- We learn from the Norfolk Herald, that a murderous attack was made on an old lady, named Betsy Williams, 80 years of age, living near Enfield, N. C., by free negro, on Saturday evening last. The negro was employed by a Mr. Sykes, to work on his farm, and after he had quit his day's work, went into the house of Mrs. Williams, who is blind and infirm, and commenced beating her, and sfterwards stabbed her several times, it is supposed fatally. The negro was suspected of having been doing something wrong from the blood on his clothes which he attempted to account for; but when the news of the murderous attack on Mrs. Williams was made known he was arrested and acknowledged his guilt. Much excitment prevail-

ed and a desire was manifested to hang him on the spot, but law prevailed and he was sent on to jail at Enfield.

WHIG STATE CONVENTION.

The Raleigh Register having proposed that there shall be a Whig State Convention held sometime in December next, for the purpose of nom inating a candidate for Governor, and organizing for the great political contest of 1860, we notice it has met the approbation of a number of the Whig papers in different parts of the State. We think

here can be but one opinion on the subject of a Convention ; and we know of no objection to holding it early. On the contrary, it is generally good policy to take the start and then take care to keep it. If the right sort of a man is brought out
