Percival, The committee have awarded the premiums according to the foregoing numbers respectively. They suggest that the premiums for Daguerreotypes, Ambrotypes and Photographs, are too high in comparison with hose for Oil and other Paintings. The 2d premium in Architectural Drawing is awarded to a drawing having the name of Wm Clegg, a pupil, and a promising North Carolina artist. We desire to recommend to the especial attention of the Executive Committee the very artistic specimens of Cameos exhibited by Mrs Dr Mason, and the beautiful articles of Peach Stone Ornsments exhibited by J G Wilkinson. \$10 was awarded to Mrs Mason, and \$2 to Mr
