THE HOUR OF DEATH.

Leaves have their time to fall, And flowers to wither at the north wind's breath, And stars to set—but all, Thou hast all seasons, for thine own, O Death!

Day is for mortal care; Eve for glad meetings round the joyous hearth; Night for the dreams of sleep, the voice of prayer; But all for thee, thou mightiest of the earth!

The banquet hath its hour, Its feverish hour of mirth, and song, and wine; There comes a day for grief's o'erwhelming power, A time for softer tears—but all are thine!

Youth and the opening rose May look like things too glorious for decay, And smile at thee—but thou art not of those That wait the ripen'd bloom to seize their prey!

Leaves have their time to fall, And flowers to wither at the north wind's breath, And stars to set—but all, Thou hast all seasons, for thine own, O Death!

We know when moons shall wane, When summer birds from far shall cross the sea, When autumn's hue shall tinge the golden grain— But who shall teach us when to look for thee?

Is it when spring's first gale Comes forth to whisper where the violets lie? Is it when roses in our path grow pale? They have one season—all are ours to die!

Thou art where billows foam; Thou art where music melts upon the air; Thou art around us in our peaceful home, And the world calls us far—and thou art there.

Thou art where friend meets friend, Beneath the shadow of the elm to rest; Thou art where foe meets foe, and trumpets rend The skies, and swords beat down the princely crest.

Leaves have their time to fall, And flowers to wither at the north wind's breath, And stars to set—but all, Thou hast all seasons for thine own, O Death!

Trust Sale.

Valuable Lands and Plantation on Roanoke and upwards of Seventy Negroes at Auction for Cash.

ON Wednesday the 14th July next, I shall proceed to sell for cash, on the premises, and continue from day to day until the objects of the deeds of trust shall be satisfied, the valuable lands and plantation lying in the counties of Warren and Mecklenburg in the States of North-Carolina and Virginia, on the south side of Roanoke river, occupied at present by Mr. Richard Boyd, consisting of about 4000 acres. This tract, it is believed, contains more than 800 acres of flat land, inferior in quality to none on the river. The entire plantation is sufficient for the employment advantageously of 50 hands; the high land bordering on the low grounds affords healthy and agreeable situations with a number of excellent Springs. The plantation is well provided with all necessary buildings and improvements; in different parts of it there are two dwelling houses with necessary outhouses sufficient for the accommodation of the family of any person who may be disposed to purchase. These lands lie about four miles above Robertson's Ferry on the Stage Road, 70 miles from Petersburg, 30 from Weldon's Orchard, and 12 from Warrenton. Gentlemen who may be disposed to purchase are requested to view the premises before the day of sale, and I cannot do better than refer them to Mr. Henry Fitts and Mr. Francis A. Thornton, who live in the neighborhood, and will take pleasure in affording any attention or information that may be desired.

It will be an object with the Trustee, to dispose of this valuable estate in such lots or divisions as may best suit those disposed to purchase, and advance the interest of the parties concerned. At the same time and place, I shall offer upwards of 70 Negroes for sale, at present in the possession of Mr. Boyd, unless the purpose for which they were conveyed shall be sooner satisfied. These Negroes consist of all descriptions, many of them young and valuable as house servants, field hands or mechanics. Further particulars made known at the sale.

I forwarn all persons from harboring said boy, as I am determined to enforce the law against any such offender. The above reward will be given for his delivery to me, 15 miles west of Raleigh, or his confinement in Jail so that I get him again. REUBEN WHITEHEAD. Wake County, May 8, 1824. 51-1f

Contractors Wanted,

On the CAPE-FEAR RIVER between WILMINGTON and FAYETTEVILLE.

THE subscriber will be ready to receive Proposals, in writing, until the 15th of June, at Wilmington, for executing the work necessary for the construction of Jetties on the Cape-Fear River between Wilmington and Fayetteville, agreeably to the annexed Specification. The Proposals are to be given in at a price per lineal yard; the Contractors are to provide all Tools, Labor and Materials, except 2 inch plank, which will be furnished them on the spot free of all charges.

SPECIFICATION.

1. The Jetties are to consist of a single row of piles 10 inches square, driven firmly into the bed of the river, at the distance of 10 feet from each other. Each of these piles is to have a tenon at the top of 3 inches thick, 10 inches wide and 6 inches long. On the top of these piles is to be placed a cap sill 10 inches square, with mortices on the under side for the reception of the tenons on the piles, there is to be a trenail of sufficient size to fill an auger hole one and a half inches in diameter, to be driven through the cap sill and tenon; the upper side of this cap sill is to be 2 feet above the ordinary height of summer water, which will be marked at each of the shoals.

2. Along the whole length of the cap sill there is to be a row of 2 inch pine plank, to be fitted closely together and driven firmly into the bed of the river; none of the square piles, nor of the 2 inch pile planking, are to be shorter than 10 feet—and where the depth of the water or the nature of the soil will admit of it, they are to be as much longer as necessity requires; each of the pile planking is to have at least 2 wrought spikes of 5 inches long driven through the plank into the cap sill.

3. When any deviation or alterations from the Plans, Sections, or Specifications, as the case may be, is proposed by the Engineer or Contractor, whereby the work may be increased, altered or diminished, due notice in writing shall be given of the same by the party proposing such deviation or alteration to the other, and the Contractor shall not begin to execute any part of the same until a price is fixed and an agreement made, otherwise he shall have no payment for what he does, and in case the deviation is agreed to, and the demand made by the Contractor for executing such deviation shall be more than the Principal Engineer shall think reasonable, then the Board of Internal Improvements or the Principal Engineer shall have it in their power to contract or agree with any other person for the same, at such under price as they may think proper, without the Contractor having any demand against the Board or Engineer aforesaid, for such transaction, and the Contractor shall deduct out of the contract price such sums as may be saved by such deviation.

4. Should it appear at any time during the execution of any part of the contract to the said Board or their Principal Engineer, that the Contractor is not executing his work agreeably to his contract, he or they shall give notice to him of such deficiency, and in case he does not immediately remedy the same, they shall have it in their power to stop the work until he can show them satisfactorily that he possesses the power of remedying the defects or insufficiency complained of, and should he fail in performing the same, the Board or Principal Engineer shall have it in their power to discharge the Contractor from the work and take the contract out of his hands, the value of the work executed, and materials and tools on hand being previously ascertained by the Principal Engineer, and which shall be immediately paid. But in case the Contractor shall have been furnishing unnecessary tools and implements for the work, and which, in the Engineer's opinion may be of little or no use to the work, the said Engineer may reject such tools and implements, should he think proper.

5. All the work must be done to the entire satisfaction of the Principal Engineer, and such alterations may be made in the work or materials as may, from time to time, appear to him necessary, agreements being previously made as above specified, and in case any difference of opinion shall arise between the Superintendents of the work and the Contractor, respecting the explanation or meaning of any part of the Plans, Sections or Specifications, the same shall be left to the Principal Engineer, whose decision shall be final. HAMILTON FULTON, State Engineer.
