### The Museum

OF

### Foreign Literature and Science.

THIS Work, as its title implies, is composed of Selections from Foreign Journals. A few words may show that it is however far from being adverse to our own institutions or literature—and that, on the contrary, it may have an important effect in preventing the dissemination of doctrines in discordance with the principles upon which our society is constituted. Some of the British Reviews and Magazines are reprinted in this country exactly as they appear at home, and they, as well as those which are not published here, embrace much matter of little interest and no advantage to our readers—and which is not unfrequently fitted to vitiate their literary taste, their morals, or their political principles. But while it cannot be denied that there is in all these foreign Journals a large part which consists of details and speculations which are uninteresting to American readers, or mischievous in their political or moral tendency, it is equally certain that a considerable portion of their contents is of general application and of interest and value; and that they embrace much that is in a very high degree interesting & curious—practical, sound and able—refined and elegant; much that will excite thought and refine the imagination—that will raise the genius and mend the heart. And when we consider that the greatest philosophers and statesmen, as well as poets, critics, and all other men of literature, now find their periodical press the channel through which their opinions can be conveyed with the greatest certainty and effect to the greatest number of men, it will appear very evident, that a knowledge of what is thus written and done abroad is necessary to the successful cultivation of our own literature, and important to the politician, scholar and man of business, as well as to him who reads only for amusement.

To persons who reside at a distance from the great depositories of New Books and New Inventions, a work conducted upon this plan is peculiarly important, as affording to them an opportunity of keeping pace, in some degree, with the progress of knowledge, at a very trifling expence of money or time.

When it is added, that most of the literature of the day is not easily accessible in any other than this form to our families, it will readily be acknowledged that a work conducted upon the plan of the Museum may be in a considerable degree interesting and valuable. How far this Journal has been successful in endeavoring to merit these appellations, must be determined by the public; and the rapid increase of the subscription list is the most gratifying proof of success.

### The Celebrated Race Horse,

### WASHINGTON,

WILL stand at my Stable in Warrenton, the next season, & will be let to Mares at twenty-five dollars the season, and fifty dollars to insure, payable on the 1st day of January next—ten dollars a single leap, to be paid when the Mare is covered; with one dollar in all instances to the Groom. The season will commence the 1st February, and close the 1st July—as he will be trained for the Fall Races, if no accident happens to him. I have a lot well enclosed, and Mares sent from a distance will be fed with grain, &c. at the market prices. I will not be liable for escapes or accidents of any kind, but will endeavor to prevent either. I have not been able to procure a list of all the colts that were entered or run against Washington in the Sweepstakes when he was three years old; therefore shall only mention such as I know.

Washington's Pedigree and Performances are surpassed by no other horse. A statement of his performances are given below; also, a letter from Mr. William R. Johnson, wherein he gives his opinion of Washington as a race horse. Mr. Johnson trained and ran him all the races he has ever run: it will speak for itself.

Washington is a bright sorrel, full fifteen and a half hands high, 6 years old this spring—was got by the celebrated race horse Timoleon (one of the best sons of Sir Archy) out of the celebrated race mare Ariadne, whose performances on the turf, particularly four m. h. is surpassed by none of her day, which may be seen by reference to the records of New-Market, Firfield, Broadrock, &c. prior to 1817.

The following certificate, obtained by Mr. Wm. R. Johnson from Col. Holcombe of Amelia, who raised Ariadne, will give an account of her Pedigree, as far as he could recollect:

"This is to certify, that Ariadne was got by the imported horse Citizen, out of a Wild-air mare; she out of Spiddill, and Spiddill out of Silver-Eye. Given under my hand this 23d day of Dec. 1824.

"PAUL HOLCOMBE."

### PERFORMANCES.

Washington was engaged in four Sweepstakes, two m. h. 200 dollars entrance. When he was three years old, 1822 in the Spring, he won the stakes at New Market and Lawrenceville; in the Fall he was beaten at Warrenton by John Richards—he won the first heat, and lost the second by having a bad start, whereby he lost 80 yards, and was only beaten half a length: being considered in bad order, he was drawn having the sweepstakes at New Market to run for, which he won, beating the celebrated race horse Henry—there were four heats in this race, the first being a dead heat, Henry won the second, Washington the third and fourth.

In the Spring of 1823 he was trained at New Market, but owing to his having a curb on one of his legs the first part of the training season, he only run one race he was handily capp'd at New Market with Sir William and a horse belonging to Col. Wynn—Washington won the first heat; Sir William the second and third—Washington was unfortunate in this race, he lost at least 60 yards in starting the second heat; and was only beaten a length: this heat was run in 3m. 4s. which is two seconds less than any two mile heats has ever been run at New Market. Sir William had ten lbs. taken off his regular weight, and Washington carried his full weight.

The following Fall he won the Proprietor's Purse at New-Market, 300 dollars, 3 mile heats: the first heat in this race was also run in two seconds less than any on record on that ground.

He was then carried to Baltimore, where he won the Proprietor's Purse of 500 dollars, beating the celebrated race horse Flying Childers with ease. He was discovered to be lame after this race, occasioned as was supposed by the situation of the ground, it being a new tract.

He was then carried to Washington and ran one heat in that situation, but was beaten by a mare of Mr. Wynn's, and was drawn.—He was trained last Spring, and won the Jockey Club Purse, 4 m. h. at New-Market, 600 dollars, with ease, beating Col. Wynn's mare Flirtilla, and Capt. Harrison's horse Aratus.

"Richmond, Jan. 10, 1825.

Dear Sir—I have procured from Col. Holcombe his certificate of the Pedigree of Ariadne, the dam of Washington, and have forwarded it to you, that you may advertise your horse in due time. I hope he may make as good a season as you wish. I have trained him several times, and found him an excellent race horse all distances, and I wish very much that he was convenient to me, that I might put to him, particularly Reality, which is my favorite mare, I am, dear Sir, with great respect,
