**Treasury Office, 15th August, 1825.**

**STATE OF NORTH-CAROLINA.**

THE Public Treasurer considers it his duty to invite the attention of the Clerks and Sheriffs of this State to the provisions of the Acts of the General Assembly, passed in 1822—1823, & 1824, for the promotion of Agriculture and family domestic Manufactures.

By these acts, the Clerks of the County, Superior and Supreme Courts, and Clerks and Masters in Equity, are required, at the first term of the Courts to which they are Clerks respectively, after the 1st day of August in each and every year, to make a statement on oath, of all monies remaining in their hands, and which were received by them officially, three years or more previous thereto; specifying therein the amount of each separate claim, and the name of the person to whom the same is payable; and if there be no such monies in their hands, they are to make affidavit of the same: which return or affidavit, the Judge or Chairman of the Court before whom it is made, shall cause to be transmitted to the Public Treasurer on or before the 1st of December in the same year, and the said clerks, after making such statements, are to pay into the Treasury, on or before the 1st of December, all the balance so stated to be in their hands.—Every clerk aforesaid failing to comply with these requisitions, forfeits \$1000,—to be sued for and recovered by the Public Treasurer, in Wake Superior Court; and is moreover liable for all the monies in his hands as aforesaid.—And on failure to pay over the monies as aforesaid, such clerk may be proceeded against by the Public Treasurer in any Court of record in like manner as defaulting revenue officers.—Every person who has heretofore been clerk of any court of record in this state, is to render to the court of which he may have been clerk, a statement of monies remaining in his hands as aforesaid, and shall account and pay over the same, in the same manner as clerks in office, and under the like penalty for failure—and it is made the duty of the law officers of the state for the circuit in which such person shall reside, to cause a sc. fa. to be issued against him (on his failure to make return and payment) returnable to the Superior Court of the county in which such person resides—on which, the court is to render judgment for the penalty, unless sufficient excuse be given for the failure.

All Sheriffs in office at the time of passing the act of 1823, are required, at the same times, to render a like statement and to account in the same manner, under a like penalty.

While the Public Treasurer takes pleasure in testifying to the punctuality of many of the present and former clerks, including some of our most distinguished citizens of the present day, it is with much regret that he is constrained to add, there remain still many who are defaulters under these laws.

Waiving all other considerations, the Treasurer would hereby respectfully suggest to those concerned, that it is certainly far more easy, and will eventually prove to be less troublesome and expensive, to furnish voluntarily and forthwith the returns required by law, than by longer neglect or delay to risk the being subjected to the compulsory process of the courts; which must & will be the certain and inevitable consequence of future neglect or omission.

**Select Female Seminary,**  
 IN PHILADELPHIA.

MR. & MRS. ANDREWS, and DR. & MRS. JONES, now of the North-Carolina Female Academy, are about to return to Philadelphia, where they propose to receive twelve pupils only, to board and educate. The course of instruction will embrace all the branches of English Literature and Science, ever taught in Female Seminaries, together with the French Language, Music, Drawing and Dancing. In every Department, the most competent teachers will be employed. On Natural History, Botany, Natural Philosophy, Chemistry, & Astronomy, the pupils will attend regular courses of lectures, accompanied by experimental demonstrations.

The children will take their meals with the family, be its constant associates, and will be regarded with parental anxiety and tenderness: they will alternately visit with the members of the family, and every means calculated to cultivate the understanding and polish the manners will be carefully pursued. Books, Music, Instruments, and every other article necessary for the instruction and comfort of the pupils, (excluding apparel excepted,) will be supplied by the principals, and the whole included in one general charge of \$450 for the scholastic year, so that parents and guardians will know the exact amount to be paid. When the smallness of the number of pupils, the talents employed, and the advantages offered are considered, the terms will not appear high. It is intended to open the Seminary on the 1st of April, 1826.

Persons wishing for further information, respecting the plan, may obtain it, together with the most satisfactory references, as regards the standing, character & abilities of the principals, by addressing a letter (post paid), to Andrews and Jones, Oxford, N. C. An early application is desired.

**CLOSE VOTING.**—In Hertford county, in 1823, Mr. Gatlin beat Mr. Sawyer for Congress, 8 votes. At the late election, Mr. Gatlin's majority over Mr. Sawyer in that county, was 7 votes. This is an instance of consistency in exercising the right of suffrage, which occurs but seldom, and on that account, is worthy of record.

WE have received the Prospectus of a new paper to be printed weekly, at Philadelphia, under the title of the "Franklin Journal and Mechanic's Magazine." It is to be under the patronage of the Franklin Institute of Pennsylvania, and is to be edited by Dr. Thos. P. Jones, at present one of the Principals in the Oxford Female Academy; and who is appointed Professor of Mechanics in the Institute.—The object of this publication will be to diffuse information on every subject connected with the useful arts, but is particularly intended for the benefit of those engaged in Mechanical pursuits. Our acquaintance with the Editor, warrants us in recommending his proposed Journal to the patronage of the public, confident that his abilities and resources are such as will render it interesting and valuable.

Subscriptions received at this office. Terms, \$3 50 a year, paid in advance.

**Brandywine.**—At a public dinner given to General Lafayette at West-Chester, Dr. Darlington, late member of Congress from that district, offered the following classic toast:

"The fields of the Brandywine.—Irrigated, on the Cudman system of Agriculture, with the blood of revolutionary patriots—the teeming harvest must ever be independent freemen."

Mr. CLAY has sold off most of his property in Kentucky, and intends to build a house for his residence in Washington.

At the late term of the Circuit Court of Lawrence county, Arkansas, two citizens of that county, by the name of Henderson and Caruthers, were indicted, tried and found guilty, the one for sending, and the other for accepting, a challenge to fight a Duel, and sentenced to pay a fine of one thousand dollars each.

**THE MAMMOTH.**—The bones of this animal have been found in numerous places in Asia, Europe and America. The frequent finding of the remains of these animals, go to confirm the position, that their race was once numerous. The thigh bone of one was found near Genessee, New-York, a few days ago, which though very much decayed, measured three feet long and was 25 inches in circumference at its head.

**Respect for Religion.**—Military regulations, says a Paris paper, forbid sentinels to salute officers in undress, or without epaulettes. A recent order of the day renews this prohibition; but by a reasonable and very honourable distinction, soldiers are required to salute chaplains of the regiments by their dress what it may.

The following letter, by the Herald, arrived at Boston, contains, we believe the latest intelligence received in this country, respecting the naval operations of the Greeks. Accounts of the movements of the armies by land have also been received, but they do not furnish any thing of consequence in addition to what we have already published. On the 15th June, a Greek fleet, with several fire ships, left Milo for Candia: "Off Milo, June 16th, 1825.

"The Herald, which is in sight, was boarded this morning from a Greek man of war, & informed of an action they had on the 13th, in which the Turks lost a stout frigate, and a corvette; an English brig was also blown up.

The Greeks have driven the Turkish fleet into Candia, and have them closely blockaded. There was a battle to the southward of Milo yesterday, but they have not heard the result. We heard the report of guns this morning in the direction of Candia. About ten days ago, the Greeks engaged the Turkish fleet, to sink one vessel, burnt another, and drove a third on shore. The latter had amongst her crew about 30 Christians, who were all murdered as soon as they landed. Some had their heads cut off, and others were stoned to death by the women of the Island."

**From Hayti.**—By the schr. U. States, Capt. Powell, at Baltimore, the editors of the American have received a letter from Cape Hayti, under date of 15th Aug, which says:—"The acknowledgment of the independence of this Island by the King of France, has occasioned great and general rejoicing in every part of the island except this, where a few diabolical spirits were easily found to endeavor to blow the blast of another civil war.—Providentially the plot was discovered in the bud, and immediately expresses were dispatched to the President, who is now here, having quelled the affair with but little bloodshed. Some of the conspirators were shot, and the rest sent to Port au Prince for trial.

**Daring Robbery.**—It was discovered on Friday evening that the house of Mr. R. M. Blatchford, corner of Jones street and Broadway, had been broken into while the family were in the country, and robbed of almost every valuable article it contained. Not content with carrying off all that was moveable, the thieves broke every door panel in the house, cut open the feather beds and scattered their contents about, emptied the sweetmeats on the floor, and indulged in every abuse imaginable. It seems, from the appearance of the beds, and other indications, that the villains, notwithstanding our numerous police, found themselves at perfect liberty to occupy the premises, and carry on their depredations unmolested; for at least a whole night.

We are glad to find that the fellows who committed this outrage have been taken. Mr. B. gave information to the Police Office on Saturday about 1 o'clock, soon after he returned and discovered the theft—at 4 o'clock, Mr. Hays, High Constable, Mr. Homan & Raymond had the perpetrators in custody.—N. Y. Ev. Post.

**Mr. WEBSTER'S ORATION.**—We find by the New-York Statesman, that the oration of Mr. Webster at Bunker Hill, has been translated in that city into the Spanish language by Jose Maria Heredia, who was exiled from the Spanish dominions for his liberal opinions and love of constitutional liberty—for the purpose of being extensively circulated in the South American states.

By the Northern Mail, received as our paper was going to press, we learn that Commodore STEWART has been honorably and unqualifiedly acquitted of all the charges preferred against him.

**Communicated.**

A planter from the south, suggests for the benefit of those raising cotton, the following improvements, viz: A threshing machine which rids the seed cotton of leaf, trash, and dust, before ginning and also, a new discovery in ginning by which more than double the quantity can be ginned in a given time.

Both those improvements can be added for a sum less than twenty dollars, and the advantages are considered as a nett gain of twenty-five per cent. A draft of them can be had of R. H. B. Brazier, Esq. of Raleigh, who has the model, and who has, also, drawn several drafts for said planter.

On the 19th ult. of an attack of bilious fever, at the house of Mr. Willis Lewis of Granville county, Mr. James H. Cobb, aged about 26. The deceased was a young man of a kind and affectionate disposition, who never failed to secure the confidence of his acquaintances. The general sorrow of his relatives and friends, bear ample testimony to the high estimation in which he was held whilst living. They alone can rightly appreciate his worth, and they deeply lament his loss.
