FINANCIAL.
U. S. 7-30 LOAN.
By authority of the Secretary of the Treasury, the undersigned has assumed the General Subscription Agency for the sale of United States Treasury Notes, bearing seven and three-tenths per cent. interest per annum, known as the
SEVEN-THIRTY LOAN.
These Notes are issued under date of August 16th, 1864, and are payable three years from that time, in currency, and are convertible at the option of the holder into
U. S. 5-20 Six Per Cent. Gold-Bearing Bonds.
These bonds are now worth a premium of nine per cent., including gold interest from Nov., which makes the actual profit on the 7-30 loan, at current rates, including interest, about ten per cent. per annum, besides its exemption from State and municipal taxation, which adds from one to three per cent. more, according to the rate levied on other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.
The interest amounts to
One cent per day on a \$50 note.
Two cents " " \$100 "
Ten " " " \$500 "
20 " " " \$1000 "
\$1 " " " \$5000 "
Notes of all the denominations named will be promptly furnished upon receipt of subscriptions. This is
THE ONLY LOAN IN MARKET
now offered by the Government, and it is confidently expected that its superior advantages will make it the
Great Popular Loan of the People.
To prevent the mutilation of the notes, the Secretary of the Treasury has given notice, that the notes are not negotiable, unless all the numbered coupons are attached.
In order that citizens of every town and section of the country may be afforded facilities for taking the loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.
JAY COOKE,
Subscription Agent, Philadelphia.
April 11-67.
