VOL. 3.--NO. 20. NEWBERN, N. C., TUESDAY, APRIL 17, 1866. [PRICE FIVE CENTS]

Newbern Daily Times. TUESDAY, APRIL 17, 1866.

LOCAL DEPARTMENT

Post Office, Newbern, N. C., February 26, 1866. The mail will close DAILY as follows: For Boston, New York, Philadelphia, Baltimore, Norfolk, Washington, D. C., and all points North and East at 11:00 A. M. For the South and West at 11:00 A. M. For the West and South at 11:00 A. M. For the West and South at 11:00 A. M. For the West and South at 11:00 A. M.

Telegraphic news received at this office for the forenoon and up to 2 o'clock of each day, Sundays excepted, will appear in our evening edition, and can be had at our counter or on the streets of the news boys, at 3 1/2 o'clock, p. m.; and the latest news by the Northern and Western mails.

Business Notices.—From and after this date, all transient advertising and job work must be paid for promptly, when the order is handed in, the expense and trouble of collecting little bills so great that we are driven to this necessity. Our rule of course will not apply to regular monthly advertising patrons.

WANTED.—Two active boys, of moral, industrious habits, not over fourteen years old and can do well, to learn the printers trade. Apply at this office. tf

ODD FELLOWS.—We are frequently interrogated as to the subject of odd fellowship, but not having the honor to belong to that very benevolent and respectable fraternity ourselves, are unable to answer the many questions propounded, which run thus: "Is there a lodge of Odd Fellows here? Do they own the hall in this place? Why don't they start up a lodge? Did the old lodge forfeit its charter? Who are the officers, and have they got the charter and books? &c., &c." Now, will you give us the desired information? We can assure you that we are not in the habit of affiliating with a lodge in working order, and are not in the habit of affiliating with a lodge in working order, and are not in the habit of affiliating with a lodge in working order.

OLYMPIC GARDEN.—This is the name of a pleasant resort, located on Pollok street, between Middle and Hancock, where those who are weary with the toils of the day, and wish to refresh themselves, turn aside and stroll through green lawns, and inhale the odor of sweet flowers, and after having cooled the heated brow, by a walk under the waving foliage, step into the water, and there have the interior cooled and refreshed, after which they are prepared to go about their business, feeling strong and vigorous again.

WAS DETAINED.—Owing to the necessity of making some slight repairs to the machinery of the El Cid, while at her dock in New York, she will not sail until Tuesday, (to-morrow) and consequently will not arrive here until Thursday or Friday of this week, instead of Tuesday, her regular trip.

NEW ORDER.—Col. Whittlesey, assistant commissioner of freedmen, for this city and county, has received the annexed official paper: WAR DEPARTMENT, BUREAU OF REFUGEES, FREEDMEN, AND COLONIAL LANDS, WASHINGTON, April 10, '66. No. 2.

Hereafter transportation given to refugees and freedmen, under General Orders, No. 138, War Department, Adjutant General's Office, will not be made for able-bodied men and women, except in some cases and to prevent actual suffering. This order will take effect at Washington on the 15th inst., and in each State at the date of receipt of this order by the assistant Commissioner. O. O. HOWARD, Maj. Gen., Commissioner. C. H. HOWARD, Brev't Brig' Gen., A. A. G.

BETTER LATE THAN NEVER.—The bag of letters which ought to have arrived here Monday, from New York, arrived to-day, having been delayed one week, or missed to some outlandish spot.

Our City authorities are driving ahead with a commendable zeal, thoroughly draining and cleaning up the streets of our city. We are glad to see this, and hope our citizens will catch the same spirit, and properly renovate their yards, lawns and gardens. This will, if properly attended to, no doubt, save a great deal of sickness and death during this summer.

THE YET CHEAPEST.—See card of Messrs. A. & E. P. L. offering goods on a great variety of good calicoes at only fifteen cents a yard.

ADVERTISING DIRECTORY.—We commenced preparing a directory for the guidance of our advertising patrons, some two months ago, but it has been so very busy we have not had time to get it up until now. This will be a very great convenience in directing the eye of the advertiser to the public for whose special benefit advertisements are published, to the one who publishes, and though it will tax us with much additional labor and trouble, to keep it corrected, we have undertaken to serve the public and endeavor to do it as well as we can. The directory will be found on the third page.

PERSONAL.—Mrs. Price, wife of General Sterling Price, sailed for Mexico on Tuesday in the steamer Vera Cruz. She is accompanied by her daughter and two sons, one of whom, Captain Price, served with distinction on his father's staff throughout the war. Another son, with his father at Cordova, in Mexico.—New York News 12th.

FROM OUR EVENING EDITION.

MAYOR'S COURT.

Monday, April 16th.—Before His Honor, Mayor WASHINGTON: Joseph H. Outlaw and Geo. Davis, two colored persons, were arraigned for drunkenness and disorderly conduct. Outlaw was made to fork over a V; Davis was released, there not being sufficient evidence to convict him. Henry Waters, colored, fined \$2 for being drunk and disorderly.

Monday, April 16th.—Alfred Redick, colored, for driving on the wrong side of the street, was fined \$1. W. S. Styrton, not having the fear of the city ordinance, in regard to entering the cemetery, before his eyes, passed into the grounds over the wall, for which presumption he was relieved of stamps to the amount of \$5.

Rebt. Williams, colored, driving on wrong side of the street, fined \$5. Elizabeth Kinney, Ellen Stanly and Mary E. Cromer, charged with keeping a disorderly house, but the court failing to prove the facts, they were discharged. David Emerson, for shooting within the city limits, was fined \$5.

COUNCIL BOARD.—At the regular meeting of the Board of Aldermen at the Council chamber on Saturday night, at roll call, the Hon. Mayor WASHINGTON, Councilmen ALEX. JUSTICE, Wm. H. OLIVER, J. J. ROBINSON and JAS. OSGOOD, answered to their names. The minutes of the last meeting were read, and after some slight amendments, were adopted. Special Committees were called for, but failed to respond, the chairman, Dr. H. J. MERRINGER, and Mr. E. R. STANLEY, being absent from the city.

Standing Committees being next in order, Councilman JUSTICE, chairman of Committee on the Cemetery grounds, submitted an elaborate report setting forth the amount of repairs, &c., which had been undertaken, and the probable cost of the same. An application was read from C. CLARK, asking to be allowed to become the purchaser of a certain lot in the Cemetery for burial purposes. The Board decided to have the lot if vacant, and to ascertain this fact, passed an order requiring the Mayor to make a formal demand upon Mr. J. T. MATTHEWS, former undertaker, for a plan of the Cemetery in his possession, the only one known to have survived the general waste and destruction of the war.

Sanitary Committee made no report, its chairman, Dr. MERRINGER being absent. Lamp Committee, through chairman OSGOOD, submitted a report on street lighting, embodying a proposition from the Newbern Gas-light Company, to illumine fifty posts in the city with gas, incurring all the expense themselves, of lighting and trimming lamps, for one hundred and fifty dollars per month. The report also set forth, that the thirty lamps now burning kerosene oil, are used at a cost of one hundred and ten dollars per month. The Board authorized the Committee to close contract with the Gas company.

Printing Committee, having previously called for sealed proposals for doing the public printing, submitted a proposition through chairman JUSTICE, from the proprietor of the Daily Times, which was referred back to the committee. Police Committee, submitted a report, recommending a re-organization of the police force, and an increase to twelve men, who should report directly to the chief, and that the chief should be answerable to the board for their conduct. Report was received, and laid on the table till next meeting.

Street Committee reported the work rapidly approaching completion. Wharf and Dock Committee was very anxious to submit a report through their chairman, ROBINSON, but if not being written, the chair ruled it out of order. Several important ordinances were submitted by the chair for the consideration and action of the Board, most of which were passed and will soon be made public.

The ordinance on fast driving, at the suggestion of the chair, was so amended as to limit the fine at ten dollars, as heretofore, but leaving it discretionary with the Mayor to modify it at discretion. After passing upon a batch of accounts, the Board adjourned at a quarter past ten o'clock.

REMARKS ON THE FOREGOING.—The report of the committee on the cemetery called forth a communication from Mr. Councilman STANLEY, protesting, in very decided terms, against the heavy outlays of money, in doing what he claims to be unnecessary work, or work that should be dispensed with until the people are better able to pay for it. This letter excited a very spirited little discussion, in which Councilmen JUSTICE, ROBINSON and OSGOOD participated. Mr. JUSTICE spoke very feelingly, and was not as reserved in his allusions to an absent member of the Board, as the Mayor thought, comporting well with parliamentary rules and the usages of genteel debate, and several times called that gentleman to order. Councilman ROBINSON was little less se-

vere, but his remarks were much less objectionable, as he gave utterance to his feelings of indignation through the protestance of his eyebrows and a general indignant frown of contempt, which belittled the whole physiognomy, instead of oral utterances. Councilman OLIVER thought Mr. STANLEY was wholly mistaken as to the amount of expenses incurred in these enterprises, and believed if he would examine into the matter his objections would be greatly modified. The letter was spread upon the minutes.

In the course of this discussion, considerable dissatisfaction was manifested on the part of councilmen towards Mr. MATTHEWS for refusing to deliver up certain property of the city to the rightful owners thereof. They claim that having been City Clerk before the war, it was his duty to have delivered up all the books, charts and other property belonging to the city, to his successor, when he vacated the office.

At this juncture of the proceedings, a policeman and a drunken man collided in front of the Council Chamber, causing some little commotion in business, but the inebriate was soon dispatched, and the business went on. Upon the whole, we were much pleased with the energy which the new board seems to display, and the harmony that manifested itself during the evening.

We believe the board is well inclined and will be very efficient; but we beg leave to suggest to them the propriety of considering well the condition of the string that secures the mouth of the disbursing bag of the treasury department. We have known an instance or two in our life, in which the directors in corporate bodies have become very unpopular and had their official heads very seriously threatened for no greater offence than that of using the public funds with too lavish a hand. The Cemetery in every well ordered, decent and Christian community is a sacred spot and one that is well cared for; and in this case, from what we learn (for we have not seen it since the repairs commenced) the authorities are not striking a lick or spending a dollar amiss. But if the city debt is anything like as large as Mr. STANLEY thinks it is, the Board are imperatively admonished by their own interest to stay the hand of expenditure as much as possible or the executioner with the whetted sword of public sentiment will be sure to take off their official heads a little more than twelve months from to-day.

THE SABBATH.—We are persuaded that this holy day is not properly appreciated by many of our race. Some very punctilious people, some even who do not profess christianity are very exact in their observance of this blessed day. Now, we are taught in the sacred Scriptures that "the Sabbath was made for man, and not man for the Sabbath." This day was given to man that he might rest from manual labor, and turn his inhuman, his thoughts, his affections, his better nature towards God the giver of every good and perfect gift, that he might be beneficial to his race, that he might get good himself and do good to his fellow mortals.

On last Sabbath, we had the pleasure of being present at the Methodist Church, and hearing the children sing the sweet songs of Zion. They sang sweetly, and as we listened to their young voices as they warbled forth praises to the great God, our hearts were lifted up in praise and adoration to Him who has bestowed so many blessings upon us. After the children had sang awhile, the Rev. Mr. COHEN, of the Baptist Church, who was present, was called upon, and made a few and appropriate and timely remarks to the children.

This Singing School is an institution, and meets every Sunday afternoon at 3 o'clock, at the Methodist Church, where the children of every denomination meet and mingle their voices in praise to their common Father. FIRE.—The alarm of fire on Saturday night, was caused by the burning of a small out-house in the academy enclosure. Loss no consequence.

ATTEMPT AT BURGLARY.—We learn that an attempt was made to enter the store of Mr. W. L. PARKS, on Broad street, Saturday night, by some unknown person, who we learn was foiled in his undertaking by the timely discharge of a pistol, in the courageous hand of a party inside the store; who was more cautious than brave.

Mr. E. P. LOACH, better known as W. L. PARKS, wishes us to state that he considers the gentleman who called at his store on Saturday night, a great bore; their visit did not auger well. They tried to do a little bit of stealing, but did not succeed. He thinks, however, if they will take the trouble to call again, he can oblige them with a bit of lead.

PERILS OF TRAVEL.—A Train Precipitated Through a Burned Bridge on the Vermont Central Railroad.—One Man Killed and Several Injured, &c. ESSEX JUNCTION, Vt., April 13.—A disaster occurred near Williston, on the Vermont Central Railroad early this morning, occasioned by the burning of a bridge twenty feet in length, which spanned a carriage-way. The fire took place in the night, and the night express going north, due there about 4 o'clock, having no knowledge of it, was moving at full speed.

The engine leaped the chasm, but knocked out all its trucks when it struck the opposite side, so that it halted instantly. The cars, consisting of the baggage car, two passenger cars and two sleeping cars, were piled one upon another into the gap, in a badly wrecked condition. A Frenchman, name unknown, was instantly killed. Conductor, name unknown, was seriously injured in the spine and lies in a helpless condition. Six or eight others were more or less hurt, one or two quite seriously, but not fatally.

THE NIGHT HOUR SYSTEM.—During the last ten days "eight hour" bills have been defeated in the New York and New Jersey Legislatures, lost in Ohio by disagreement between the two Houses on amendments, and passed in one house of the Pennsylvania Legislature.

HIGHWAY ROBBERY.—A case of highway robbery was brought before Justice Conoley yesterday, in which one James Wilson, alias James Casey, was charged with having assaulted one David Watson on the public highway, and did knock down and rob the said Watson and take from him several articles of clothing and a small sum of money. This was done on the 8th day of April last.

Mr. Charles E. Stewart, a witness for the State, having been duly sworn, testified as follows: I know the defendant as Jim—, but think he goes by other names. I saw the defendant strike David Watson over the head with a club on Sunday night last. This was done near the Rail Road Bridge, in the public streets; after striking him, he took the shoes from off his (Watson's) feet, and also took some money from his pocket. The defendant then drew his knife. I told him that this would not do, and he did not use the knife. I then went off, and when I left, David Watson was still lying on the ground. When the defendant first struck the blow I said, come, stop, that won't do. If I had known you were going to do so, I would not have come ashore with you.

GROSS EXAMINED.—The defendant and myself came ashore together (from a vessel lying in the stream) and fell in with David Watson, (the man who was knocked down and robbed,) who was with us up to the time of the robbery.

TESTIMONY OF DAVID WATSON.—On Sunday morning, the 8th day of April last, I fell in with the defendant and Chas. E. Stewart, about 8 1/2 or 9 o'clock at night. About this time the defendant assaulted me with a club in the public streets, near Boney Bridge, in this city. I was knocked down and a little stunned by the blow, but was sufficiently conscious to know that my hat, shoes and money were taken from me by the defendant, James Wilson. I saw the defendant with a knife in his hand, and heard the witness, Chas. E. Stewart, tell him "not to do that." The defendant and Chas. E. Stewart then went away together, and left me lying on the ground.

I have since found the shoes, which were taken away from me, in a bag belonging to the defendant, who acknowledged that the bag was his. I heard Stewart tell him "not to do that, for if he had known that he (the defendant) was a man of that sort, he (Stewart) would not have come ashore with him."

The evidence being deemed sufficient to convict him, he was committed to jail to await his trial at the next term of the Superior Court. The defendant in the above case was also charged with larceny, in which he was said to have stolen some articles of clothing from a colored man named Larry Hubbard.

The evidence being deemed sufficient by the Court, he was committed to jail in default of bail in the sum of \$200, where he will stand committed until the next term of the Superior Court, when his case will be brought up for trial.

In the above cases Jno. L. Holmes, Esq., appeared for the prosecution, and F. D. Poisson, Esq., for the defense. This man Wilson appears to be a notorious character, and no doubt, one among an organized band of thieves now in our midst. Several other charges, wherein he was alleged to have committed thefts, were brought against him.

There is now lying in the Court House a bundle of bedding, which the defendant is said to have stolen from one of the cars of the W. & W. R. Co., which the owner can recover by calling at Justice Conoley's office and identifying the same.—Wm. Journal.

SPECIAL NOTICES.

THE GREAT NEED SUPPLIED!!! Pills have been swallowed in millions. Salves have been rubbed in by the pound. Dr. MAGGELL'S two grand specifics are putting an end to this wholesale system of medication. One of his famous pills is a dose. A box of his healing salve is of more value, as a remedy for ulcers and eruptive diseases, than a ship's cargo of the Ointments advertised to cure everything, but are all, in fact, either useless or deleterious.

Dr. MAGGELL'S motto is concentration. He has placed in the smallest compass the active principle of the most potent vegetable specifics. There is no mineral in his Pills—they do not gripe—they do not enfeeble. They create a vigorous appetite, and correspondingly strengthen the digestion. They tune the liver, clear the head and steady the nerves.

No form of scrofulous disease can resist the disinfectant operation of the Salve Tumor. Abscesses, Salt Rheum, Boils, Pimples, Pustules, &c., are thoroughly eradicated by this unrivaled medicine. In fact, MAGGELL'S BILIOUS, DISPEPTIC and DIARRHOEA PILLS cure where all others fail. While for Buns, Scalds, Chillsains, Cuts, and all abrasions of the skin, MAGGELL'S SALVE is infallible. Sold by J. MAGGELL'S 43 Fulton street, New York, and all Druggists, at 25 cents per box. Sold by H. J. MERRINGER, Sole Agent for Newbern, N. C. ap 17-66. d.wly

JOHN F. FOARD, FORWARDING AND COMMISSION MERCHANT, has removed his office to the Brick Warehouse, formerly used as an ice house by A. T. Jenkins, Esq., located on Griffith street and the arm of the Railroad leading to the River, where he contemplates erecting a Flouring Mill and opening a Lumber and Wood Yard. He is also now prepared to furnish vessels with wood by the cargo 30 miles below Newbern, on Neuse River. ap 17-66.

THE LADIES' PRONUNCIAMENTO!—While protesting against all the old worthless Dentifrices now in the market, the Ladies, with one consent, have adopted the SOZODONT as the one thing useful to insure the integrity of the teeth and a fragrant breath.

THE SOUL OF FLOWERS.—Poetry has given the title to the living breath of fragrant blossoms, and this floral soul—this quintessence of olfactory luxuries—exists, in its full perfection, in Phalon's "Night-Blooming Cereus."—Brooklyn, N. Y. ap 17-66.

A NEAT REPLY.—"I dislike your saying that my teeth are going. So don't." Said a young lady to her beau. "Not so don't," but Sozodont you should have said," he replied. The daisiel pouted, but took hint. Nor need it be said, that the balsamic preparation arrested the evil; though it could not quite repair the damage already done. ap 17-66.

For non-retention or incontinence of urine irritation, inflammation or ulceration of the bladder, or kidneys, diseases of the prostate glands, stone in the bladder, calculus, gravel or brick-dust deposit, and all diseases of the bladder, kidneys, and dropsical swellings. USE HELMOLD'S FLUID EXTRACT BUCHU.
