Good News FOR EVERYBODY. - We are very glad to know that the long sought for remedy to cure that dreaded disease - "Sou hern Diarrhoæ." has finely been disarmed. What a great luxury it must be to parents to know that by giving a teaspoonful to their child at night, that they as well as the child, can sleep all night, and in the morning the child is so much better. The beauty of the medicine is that it is so ea y to take, and children love it. We are assu ed by parties who have used it, that it is infallible, and they would as soon think of being without vic-

The tollowing City Ordinance was handed us yesterday by the bill poster, and finding it one of considerable interest, we publish it for the benefit of the public, believing that such things are much more generally read when published in the columns of the city papers than when posted.

SERIOUS AFFAIR. -It is with feelings of regret at Pollokville in Jones county, on Sunday night, the that we are called upon to refer to a tracas which occurred on Wilmington street last evening between Maj. W. F. Collins and Capt. Parker, chief of the police corps of the city. It appears that Capt. Parker, in the discharge of his official duties, was in the act of arresting a disturber of the peace, when Maj. C. interposed, and out of this County, for money to run sway on. this, a difficulty sprang up between the Major and Capt. P., resulting in the wounding of the latter in two places by a knife, and the fracture of an arm of the former. While we record the affair as one of a serious character, we are pleased to announce that both gentlemen appeared on FOUND AT LAST!! the streets this morning, looking well. The matter was investigated, immediately after its occurrence, and the parties were "bound over. Ral. Progress, 20th.

SLEEPING CARS ON THE NORTH CAROLINA RAIL ROAD.-Through the courtesy of Mr. J. S. Stevens, agent of the patentees, Messrs. Van Reuselear & Van Nortwick, Bordentown, N. J., we yesterday accepted an invitation to inspect a superb sleeping car, one of a number which have been placed on the North Carolina Railroad. Mr. Stevens was exceedingly courteons and under his guidance we made a thorough inspection of the car, which has been constructed on the most approved plan, and fitted up in elegant style. It is 49 feet in length, has 44 seats or sleeping berths, has a ventilation, and between each window there is a fine mirror. The seats are so arranged that the drowsy can throw themelves back at any desired angle and sleep as comfortably as in a chamber.

These cars are turnished with ice water : besides, they contain washing rooms, one for the udies and another for the gentlemen. But most admirable of all-as travelers will agree-there is a dust and cinder catching machine, which Progress, as we want it on record for future 18- contributes not a little to the comfort of rail-
