CITY AND STATE ITEMS.

The Mayor's Court yesterday.

Yesterday was rainy and cool.

The North Carolina Senatorship is not settled.

Rutherfordton grows green tea successfully.

Wilmington has the "squadnik" and lambs there.

State papers now sell in Wilmington at 50 cents per quart.

The Board of Aldermen meet next Monday night.

On the 27th, fast, Weldon holds a big Agricultural meeting.

The reception of the new Wilmington truck was a "big thing."

A daily mail from Washington, N. C. to Tarboro, is agitated.

A public meeting has been held in Davidson County, against Convention.

Raleigh had a mad dog, but—he is now dead, somebody killed him.

Rutherfordton has a grand Tournament and Ball, on the 2nd, of next month.

The prospects for a good fruit crop, throughout the State, are excellent.

The final result of the Connecticut Election will not be determined until the 21st, inst.

The Messenger recounts a bloody affray between two small boys in that burg.

The Board of Officers of the Fire Department will meet this evening at 7 o'clock at the usual place.

Our thanks are tendered to Hon. Jas. Pool and G. B. Thomas for important public documents received.

Raleigh has had a fire, that is a wooden building, two miles from the city, was burned on last Tuesday afternoon.

Dogs are only taxed in incorporated towns or cities. Why not a tax by State and county be levied, on the principle that dogs are property?

Shad is very scarce in the market; in fact, few fish except herring and other common varieties are all our citizens have an opportunity to procure.

A reverend lecturer in Raleigh failed ignobly the other evening, because he got the election of municipal officers, soon to occur, and the Roman Empire.

It is proposed by circulars now being sent around in Mississipi, to raise a quarter of a million of dollars for the benefit of the Ku Klux Klan. Where in the world are we?

M. Goldsmith has opened temporarily his cigar and tobacco store at the store on South Front street between J. J. Wolfenden's and the Gaston House. April 15-16.

Let every citizen called upon by the Committee, appointed to solicit and receive subscriptions for the Fire Department purposes, subscribe all they can afford. They lose nothing, as the amount loaned will be paid back to them by the city government.

Nothing new in police circles.

Wilmington has the corner stone of an Odd Fellows' Hall, on the 26th inst.

Wilmington has the corner stone of an Odd Fellows' Hall, on the 26th inst.

Mr. John Massey has rented the Berry store and dwelling on Broad street.

We would again suggest the propriety of making every effort to have the city in a good sanitary condition.

The rain of yesterday assisted materially in extinguishing the remaining embers of the first fire.

First Assistant Engineer, Olin H. Ball, U. S. Revenue Marine, has been assigned to duty at this post as engineer of the steamer E. A. Stevens.

The Norfolk Journal speaks of a nice drove of fat North Carolina cattle pausing in a high that city, intended for Fort Monroe. We would, as a matter of curiosity like to witness a similar sight in New-Berne.

"Our River and Bar" is a standing heading for a half column of local daily in the Wilmington papers.

We don't know what knowledge Wilmington possess of the river, but we presume they know all about the bar.

If you wish to change the color of your hair to a magnificent black or brown, and to COXIDE SAFETY WITH BEAUTY, use the Excelsior Dye. Beware of unauthenticated nostrums. A good dressing is necessary to drying, and the best is ORRISTADORO'S HAIR PRESERVATIVE.
