IMPERIAL FIRE INSURANCE COMPANY OF LONDON!

ORGANIZED 1803!

Assets, - - \$12,000,000!

The advantages of this Company are 1st. Its undoubted strength. 2nd. It is free from complications of Life and Marine Insurance. 3rd. By carrying large lines, it saves expense and much trouble. 4th. It gives special security to the American Policy holder. 5th. Its business being diffused over the WORLD Local Losses are not likely to affect it. Since the organization of the Company, now Seventy years, it has done a uniformly successful business. About three years since, a stock dividend of over \$500,000 was made from the accumulated profits of the Company, and the stock has sold in market at SEVEN TIMES its par value. It presents itself to the American People as undoubtedly the strongest FIRE COMPANY represented in this country.
