THE PROPHETIC GOOSE-BONE.

CRAB SHELLS

Horace Johnson, of Middle Haddam, on the Connecticut river, who prophesied the great blizzard, and so made more than local fame for bimself as a far-seeing weather prophet, a dispatch from New Haven says, is out with his prognostication for the winter now at hand. He has been so successful in his predictions of late that he is accepted by Middiesex county people as a better authority than even David A. Dadoll, the Connecticut almanac maker, Mr. Johnson says we shall have a bitter cold and protracted winter.

the hay and grass crops, the shell of crabs and other things, and he finds that all foretell a much severer winter than we have had for some time. The crab shells, he says, are remark ably thick, showing that these creatures have been fortified by Dame Nature for a long siege with the cold in the muddy bottoms of our rivers squirrels with triple extra fur. He also sees that coons and rabbits are much fatter than usual. All this indicates that the animal world is reaonly 5,000,000 people. All the rest dy for the cold. Mr. Johnson has that is raised out of the ground is been able to observe all the signs of consumed by our 63,000,000 or more a severe winter except getting a satof Americans. At the present rate isfactory goose-bone forecast, and The propriety of an income tax is of the increase of our population, he is willing to stake his reputation
