QUESTION.

By Southern Associated Press Washington, Oct. 9 .- Nearly balf a million copies of speeches on the silver question have been distribu ted or are being distributed through out the country at the expense of dividual Senators. The cost this distribution would be a serious item if each cenator footed his own bill, but the custom am ng them is to subscribe for each others' speeches. It frequent y appens, however, among the mor liberal Senators that by the time a Senator bas gone the rounds of all the speeches de livered on a particular question it is about as expensive for him as if he had footed the bill for the circuls tion of his own speech in the first instance.
