WITHOLDING THE PROMISE, YET COMPLYING IN PRACTISE WITH THE PRESIDENT'S DEMANDS

The long-delayed German answer to President Wilson's last note is primarily worded to meet public sentiment and keep down divisions in Germany.

But, on the other hand, we do not take the note to mean that Germany intends to disregard the demands of the United States and to return to the uncivilized style of warfare.

The exchange of notes has conclusively demonstrated that the two governments cannot officially and publicly agree on the disputed questions while the war continues.

This would put the responsibility of peace or war entirely on Germany, and leave the matter of satisfaction for the Lusitania outrage to arbitration after the war is over.

The people of the United States have with wonderful unanimity approved of every utterance and every position taken by the President, and they will continue to do so.

The Atkinses of The Gastonia Gazette seem to have let out a notch lately. As a sample, their Friday's paper, from the standpoint of news service and business carried, was pretty near the standard for a local newspaper.

THE LAST GERMAN NOTE.

Briefly, the last German note promises protection from German submarines of passengers and crews on American boats, neutral boats and at least four boats belonging to belligerent nations carrying the American flag.

The now position on the Lusitania incident is the most serious feature of the new note, as it is a direct denial of the American view that warning must be given before attack.

Guaranteeing the safety of Americans travelling on American or other neutral vessels is promising to do what all belligerents are required to do under international law.

PROGRESS OF THE WAR.

The military critics in London are now of the opinion that the tide of war which has been running so strongly in favor of Germany for several weeks, has at last turned and good news for the allies is coming from every theatre of war.

During the latter part of last week the French advanced 700 yards on a line 600 yards long in the Vosges district and the British gained 200 yards at Ypres.

This week begins with the claim from Paris that after a campaign of 120 days the French army has possession of all the hills overlooking Flanders and is confident of continuing their victorious campaign against the Germans.

On account of the new life that has been put into the Russian army, the Germans will not withdraw any forces from the East for the present to undertake an offensive movement in the West.

Next Monday is the date set for the meeting of all the ministers of the county in the court house, to discuss Sabbath observance and other questions.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts Like Dynamite on a Sluggish Liver and You Lose a Day's Work
There's no reason why a person should take sickening, salivating, calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great.

A delightful surprise was given friends here Friday evening when Mr. Grover Murray, of Clapp's drug store, and Miss Lucy Lohr, of Lincoln county, were married at the Reformed church parsonage by Rev. W. W. Rowe.

Traveling Man's Experience.

In the summer of 1888 I had a very severe attack of cholera morbus. Two physicians worked over me from four a. m. to 6 p. m. without giving me any relief and then told me they did not expect me to live; that I had best telegraph for my family. Instead of doing so, I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and take no substitute.
