

### Democrats Nominate Rainey For Speaker's Job

Washington, March 2.—A rugged, white-haired middlewesterner, Rainey, of Illinois, was chosen by the Democrats of the next House tonight to hold the speaker's gavel in the new congress.

In caucus the party members nominated him for the post, action equivalent to election, elevating him from his present position of Democratic floor leader. To the latter position Representative Byrns, of Tennessee, was elected—by a margin of one vote. He received 151 votes to 140 for Bankhead, of Alabama. Rainey won with 166 votes, 15 more than a majority of the 301 present. Representative McDuffie, of Alabama, the party whip, was second with 112 votes. Rankin, of Mississippi, received 20; Bankhead one, and Jones, of Texas, two.

Rainey's nomination was brought about when Byrns and Crosses, of Ohio, withdrew from the race, and Cullen, of New York, threw the full weight of his big Tammany delegation to the Illinois veteran.

A Tennessee Democratic leader, Crump, was given credit for engineering the shift that threw the votes of the other candidates to Rainey. Tammany, which had been waiting to jump on the handwagon, acted at the last moment.

Rainey also received unexpected support from a group of Texas members, rounded up by Buchanan, who will succeed Byrns as chairman of the powerful appropriations committee.

### Man Leaps To Death Over South Carolina

Charleston, S. C., March 2.—A passenger identified from his baggage as M. D. King, of Miami, Fla., or Kalamazoo, Mich. dropped 800 feet from a northbound Eastern Air Transport plane here today, and was believed to have fallen to certain death.

A search was started immediately in the Edisto rice fields in which the 18-passenger plane was flying but late today the body had not been found. Airport officials said they entertained no hope that the passenger might have escaped with his life.

So far as could be learned, no one saw the man as he left the plane. One passenger was quoted as saying he saw the body just as it cleared the door on the right side.

### Three Unmasked Men Loot Randleman Bank And Flee With \$3,000

Randleman, March 1.—Three unmasked bandits, apparently oblivious of the fact that the Peoples bank here is located directly below the office of the chief of police or else aware of the fact that the chief—this quiet little village's sole officer of the law—was out at the time, walked into that institution, at 1:30 o'clock this afternoon, held up the three officers and lone customer in the bank at the time and fled with approximately \$3,000 in currency and silver.

The bandits left an accomplice at the wheel of a maroon Chevrolet coach, parked directly in front of the bank, and it was in that car that they made their speedy getaway, heading, witnesses said, toward Greensboro. A. B. Beasley, cashier of the bank, snatched up a shotgun as soon as the bandits left the bank and took a shot at the fleeing car. Police officials in neighboring towns were immediately notified to keep a lookout for the small red car.

Mr. Beasley, O. C. Marsh, vice president, J. C. Fox, bookkeeper, and Milton Silver, of High Point, were in the bank when the three bandits entered. Once inside the door, the three pulled pistols while one commanded those in the bank to "stick 'em up!" The bank officials and Mr. Silver were lined up against the wall while two of the bandits scooped the change and currency from the cashier's cage and then entered the vault where they added to their loot. They emptied a tin cup full of change at the cashier's cage, leaving only one penny on the counter.

Despite the fact they spent nearly 10 minutes in the bank, they were apparently in too much of a hurry to give the vault a thorough search, for they overlooked \$1,100 in gold and \$3,000 in currency in the safe in the vault and also \$800 placed in a pigeon hole by bank officials last night.

One of the robbers picked up a heavy case in the vault but dropped it when Mr. Beasley intervened. It contained only notes.

When the robbers gave those in the bank the command to stick up their hands, Mr. Marsh held up only one, leaving the other in his overcoat pocket.

"That one goes up too," commanded one of the bandits, snatching Mr. Marsh's hand from his pocket and pushing it ceilingwards. He threatened to shoot unless all hands were kept high.

Following their rapid search of the bank, the bandits marched their victims from the wall toward the vault, apparently with the intention of locking them in, but abandoned the idea when they discovered a burglar alarm sign over the vault.

### Earthquake In Japan Takes a Heavy Toll

Tokio, March 2.—Three hundred and seventy-two persons were killed today when a vast tidal wave submerged 300 miles of northeastern coast of the main Japanese island. Hundreds more were missing.

The prefectures of Iwate and Miyagi, in the northeast, were the hardest hit. The town of Omoto, on the coast of Iwate, reported more than 100 dead.

At Tanohata, near Omoto, there were 12 known dead and 45 missing. At Fudai, in the same vicinity, one person was known to have been killed and many were missing.

The tidal wave claimed the majority of the victims. Tokio felt the quake but there were no reports of any material damage or of casualties.

Several thousand buildings in the fishing ports of the northeast collapsed or were washed away.

### Roosevelt Plans Huge Cut In Cost Of Government

Washington, March 2.—A comprehensive program for subtracting between \$150,000,000 and \$200,000,000 from the cost of the federal government lay before President-elect Roosevelt tonight as a guide toward economy.

Most of the alterations may be carried out through executive orders, provided the senate approves the conference report on the treasury-postoffice department supply bill carrying broad authority for the president to reorganize the government.

The house yesterday approved the conference report, Senate adoption and signature by President Hoover remain before enactment.

The plan was drafted by Representative Lewis W. Douglas, of Arizona, who has been appointed director of the budget, and Swager Sherley, a former chairman of the house appropriations committee, and a Roosevelt advisor.

### 6 DIE IN FLAMES

Tulsa, Okla.—In a vain attempt at rescue, a mother was burned to death with five of her nine children in their little home at Sand Springs, a suburb, Wednesday morning.

The dead: Mrs. Ernest C. Kepner, 34, wife of a cotton mill worker; Robert and Charlotte, her 13-year-old twins; Jewel, 11, a daughter; Wayne, 10 and Frank, seven, sons.

Three other children escaped the burning house or were rescued, while Kepner and a 17-year-old son, Earl, were at work in the cotton mill.

A wood stove, left burning in the bedroom in which all the children were sleeping, was blamed for the fire by Fire Chief J. A. Taylor.

### QUESTION AND ANSWER

Question—How many dahlia stalks should be left and how should the plants be cultivated?

Answer—Leave only one strong stalk. All others that come up from the root should be removed. All beds should have deep cultivation until the plants begin to bloom after which the cultivation should be very shallow. A heavy straw mulch can be used in place of the shallow cultivation after blooming.

### Byrd Will Succeed Swanson In Senate

Richmond, Va., March 2.—Former Governor Harry Flood Byrd last night accepted the appointment to the United States senate, succeeding Senator C. A. Swanson, retiring to become secretary of the navy in the Roosevelt cabinet.

The acceptance was telegraphed to Governor Pollard who earlier in the day offered him the appointment.

"The appointment to the United States Senate is doubly gratifying to me because it comes from your hand," wired Mr. Byrd from his office in Winchester. "I accept and will do my best to be worthy of your confidence."

Governor Pollard wired the appointment offer to Mr. Byrd after a telephone conversation with the senior senator from Virginia, in which Senator Swanson said his resignation from the upper house would be effective Saturday.

### TAKES OWN LIFE

Smithfield, March 2.—Despondency caused by advancing age and the loss of his health and substantial property holdings, was attributed as the cause of the suicide this morning of White Lane, one of the old residents of Boone Hill township.

Mr. Lane was found out on the front porch of his home, sitting in a chair, dead from the effects of a gunshot wound. It appeared that he had sat down in a chair, wrapped a blanket around the gun so as to deaden the sound of the discharge, and in some way he managed to pull the trigger.

### Man Is Held For Writing Zangara Letter of Praise

Chicago, March 2.—Ludwig Rahmer, a cook, was arrested by secret service agents today as the writer of a letter to Giuseppe Zangara at the county jail in Miami.

Thomas J. Callahan chief of the secret service here, said the letter expressed sympathy with Zangara's attempted assassination of President-elect Roosevelt. Callahan said the letter was in code but that mention of Roosevelt, Mayor Anton Cermak and President Hoover's home at Palo Alto, Calif., were deciphered.

Wife: "How do you like the potato salad?"  
Hubby: "It's delicious. Did you buy it yourself?"

## Get Rid of That SORE THROAT

Any little soreness in the throat grows rapidly worse if neglected. Crush some tablets of genuine Bayer Aspirin in some water, and gargle at once. This gives you instant relief, and reduces danger from infection. One good gargle and you can feel safe. If all soreness is not gone promptly, repeat. There's usually a cold with the sore throat, so before gargling take two tablets to throw off your cold headache, stiffness or other cold symptoms. Bayer Aspirin relieves neuralgia, neuritis, too. You may use freely, it does not hurt the heart.
