

Easter Music At Methodist Church

Visiting Artists To Be On Program Sunday Afternoon at 5 O'clock

The North Wilkesboro Methodist church will present its annual Easter music on Easter Sunday afternoon at 5 p. m. in the church auditorium. Visiting musicians will aid in the presentation. Mr. N. Cronstadt, baritone, and Miss Ruby Johnson, violinist, of Statesville, will be the visiting artists. Miss Lois Scroggs the church organist will render organ selections and accompany the other numbers.

This program will consist of a variety of selections of seasonal numbers forming an attractive sacred concert. Miss Johnson has appeared here on previous visits and needs no introduction to North Wilkesboro music lovers. Mr. Cronstadt possesses a baritone voice of rare quality and will give pleasure to those who hear him. This concert is given for the public and all the citizens are invited.

Dellaplane And Roaring River Route 2 News

(By RUTH LINNEY)
Roaring River Route 2, April 4.—Rev. A. K. Baily, of Spurgeon, preached at Antioch Saturday and Sunday, basing his sermon Sunday on St. Luke, XIV, 17; "Come; for all things are now ready."

Mrs. Pearl Parks moved to Winston-Salem last week. It is said that she took with her two little daughters, Louise and Pauline, instead of leaving them with Mrs. Frank Staley, according to her first plan.

The big dance at the home of Mr. and Mrs. Lonnie Johnston last Saturday night was said to have been enjoyed by a large number.

Mrs. N. T. Jarvis, of the Cranberry community, has been very ill with deep cold and "sun pain," necessitating the calling of Dr. Mitchell, of Wilkesboro, last week.

Mrs. Minnie Shew was among those in North Wilkesboro shopping last Thursday.

Miss Rachel Johnson, recently of Winston-Salem, who had been visiting Miss Olive Wright and her aunt, Mrs. Essie Byrd, is

said to have gone to Elkin Sunday. She was accompanied to the Sufry town by her brother, Herman Johnson.

The Sunday school at Antioch was reorganized Sunday with Mr. Simon Curry superintendent; Mr. General Staley, assistant; Miss Betty Call, secretary. Mr. General Staley was also appointed teacher of the Bible class.

Hemlocks and other evergreens were planted in the cemeteries and yards of both the white and the colored people of this locality last week.

Mr. and Mrs. George R. Johnson moved last Saturday, as they had planned, to Mrs. Brendle's house, formerly occupied by Mr. Johnson.

Mrs. Myrtle Freeland, of North Wilkesboro, visited Mrs. Pearl Parks a short time before Mrs. Parks moved.

Mr. and Mrs. Noah Jarvis Jr. have moved from the cottage they occupied on the farm of Rev. N. T. Jarvis to a house on the farm of Mr. A. H. Roberts.

Any New Taxes Now Will Be Unbearable

(Reidsville Review.)
Every once in a while we write about taxes. It is a dull subject. But it is one in which our people are right now profoundly interested. Not only do the taxpayers themselves feel mighty keenly about the matter at the present time, but the elected representatives to run the affairs of our municipalities, counties and states, as well as the federal government are profoundly concerned. That is as it should be especially when everyone is trying to cut down overhead, to make ends meet, and to tide by until business improves to the point that we can resume our normal functions.

Until that time it ought to be the slogan of everybody that there shall be "No New Taxes." We are soon to face a sales tax proposal in this state. We maintain that it is discriminatory and unjust, in the main. We believe that instead of a sales tax in order to raise more revenue, there ought to be drastic cutting of administration overhead in county and state, in order that we can get by on what we are now paying, without any increase. In fact, the cutting should be so drastic that there will be a decrease.

The necessity for it is unavoidable if this nation is to escape economic ruin.

Federal expenditures have been pouring out at the rate of \$12,500,000 every day of the year.

All government expenditures, national, state, city, county and district, now run up to more than \$15,000,000,000 a year.

Approximately, therefore, 40 cents out of every dollar earned in America in 1932 went to pay governmental cost.

This is no time to talk new taxes. It is more a time when there should be a cutting of costs. We believe that the state of North Carolina can be operated within the present income, and at the same time with no serious interference with the necessary functions of government.

Our representatives are clear thinkers and courageous legislators. They must fight the taxpayers' battles.

Artificial
Caller, admiring vase of flowers—Aren't they beautiful, Mrs. Lipsticker! They remind me of you so much.
Mrs. Lipsticker—But they are artificial.
Caller—Yes, but they are done so beautifully that nobody would ever suspect it unless they happened to know.

NOTICE OF SALE OF REAL ESTATE

Under and by virtue of authority conferred upon the undersigned Trustee by a certain deed of trust executed on the 28th day of October, 1926, by H. A. Cranor, et als, which deed of trust is of record in Book No. 112, of Mortgages, on Page 375, in the office of the Register of Deeds of Wilkes county, the undersigned Trustee will expose to sale, for cash, in accordance with the powers contained in said deed of trust, at the Court House door of Wilkes county, on May 2, 1933, at 12:30 o'clock p. m., the following described property:

Beginning on a chestnut in a hollow running west with the Wooten line 147 poles to the corner, a red oak, south 60 poles to the Woodruff line to a stake, east 16 poles to a black oak, south 66 poles with the Woodruff line to a stake, east 41 poles to a post oak, Woodruff's corner, now Andrew's corner, north 40 poles to a post oak in H. A. Adams' line, then east with said line 82 poles to a post oak in W. F. Gregory's line; thence 44 poles to the beginning, containing 66 acres, more or less.

Second tract: Adjoining the above, beginning on a post oak, H. A. Adams' east corner, running east 6 poles to a Spanish oak, north 82 poles to a pine, west 6 poles to a post oak in H. A. Adams' line, south with said Adams' line 82 poles to the beginning, containing three acres, more or less.
This March 28, 1933.
J. L. GARWOOD,
Trustee.

COUNTY AGENTS ARE NEEDED IN PRESENT TIMES

Extension Men Have Proven Worth, Says Dean I. O. Schaub

While county agents have proven their value in normal times, they have been of even greater service during emergency periods. Such a period exists at the present time and the worth of the agents is being demonstrated each day, declares I. O. Schaub, head of the agricultural extension service at State college.

The farm and home agents have been unusually active in relief work during the past two years and the present set-up of emergency home and community gardens is based almost entirely on the aid that may be given by the agents, said the dean.

A similar condition exists in the distribution of government funds through the seed and fertilizer loans. It was thought that a separate agency might be used to handle the applications of farmers for government loans but the Washington administration found that the farm agents could give efficient service in this respect and is at present using the county system to further the handling of the loans. Dean Schaub has sent four extension workers to Washington to aid in passing on loans and in expediting the flow of funds back to the counties of this state.

Should the new farm relief bill, sponsored by the present administration, pass the congress, the county agent system will be needed to an even greater extent in bringing the benefits of this legislation to the farmers of North Carolina. Dean Schaub says to set up an additional organization would add to the expense of administering the measure and that the extension organization will be prepared to co-operate to the fullest in carrying out the provision of this legislation.

QUESTION AND ANSWER

Q.—Should all hardwood undergrowth be cut out when thinning a second growth stand of pine?

A.—No. A reasonable number of straight, thrifty hardwoods should be left as a supporting crop to the pines. These trees give wind protection to the tall slender-bodied pines and the broad leaves gives a denser shade which prevents the growth of grass and weeds and conserves moisture. Dogwood, maple, yellow poplar, oaks, gums and hickories also grow into salable crop which does not interfere with the growth of pines.

The twelfth jurymen was still unconvinced.

"Well, gentlemen," said the bailiff, entering quietly, "shall I, as usual, order twelve dinners?"

"Make it," said the foreman, "eleven dinners and a bale of hay."

QUESTION AND ANSWER

Q.—Some of my chicks suffer from leg weakness. They begin to limp and finally get down, the comb turns white and there is a general falling off in feeding. How may I correct this?

A.—Grain feed alone or other unbalanced rations will invariably cause this condition, but it may be corrected by supplementing the ration with some form of animal protein. In some cases this protein is supplied by bugs

and worms on open range but if the range is not available the grain ration should be supplemented with milk, meat scraps or fish meal to supply the necessary feeds.

Hard
"The thing for you to do," said the doctor to the man with the frazzled nerves, "is to stop thinking about yourself—bury yourself in your work."

"Gosh!" returned the patient. "And me a concrete mixer!"

"I was taking tea with a great editor last Sunday afternoon when his little daughter came back from Sunday School with an illustrated text card in her hand. 'What's that you have there, little one?' the editor said.

"Oh," said the little girl, "just an ad about Heaven."

Frank—"What were poor Henry's last words?"

Mack—"It sure tastes like real stuff."—Staley Journal.

YOU might think he'd taken a correspondence course in "How to Add Inches to Your Chest." But no—he's wearing a HANES Undershirt! There's something about a HANES—the way it springs across your chest, that makes you want to stick it out! You feel like a million. And does it wear? It seems as though Wonderwear never wears out! 25c . . . and you get all the length you need—enough to tuck deep inside your shorts so there'll be no rolling and bunching at your belt. If you don't know a HANES dealer, please write P. H. Hanes Knitting Company, Winston-Salem, N. C.

A super-soft, combed-yarn shirt . . . **25c**
Lisle, Durene, or Rayon . . . only 35c and 50c

HANES Shorts have a clutchless crotch. Guaranteed fast colors. **25c • 35c • 50c**

HANES Union Suits, 50c. SAMSONBAK Sanforized (pre-shrunk) only **75c**

HANES Wonderwear FOR MEN AND BOYS FOR EVERY SEASON
