

**EACH NIGHT
METHODIST CHURCH**

Week will be observed at the full at the North Wilkesboro Methodist church. Special meditation services were begun Sunday night and will be held every night through Saturday. All the people are invited.

A service of special interest will be held on Friday night. The day is called, "Good Friday," or "The Day of Crucifixion." It is fitting that Christians should hold the day sacred. A communion service will be held on that night. Our Junior Choir in vestments will supply the special

music, staging the Processional and two numbers during the program. At the time of the communion the church lights will be extinguished and candles lighted. In the soft glow the service will be finished.

On Sunday morning the Easter Sunday school lesson will be taught. At 11 a. m. there will be reception of members, baptism of children, sermon and music in keeping with the day. The last part of the hour will be given to the placing of self-denial gifts on the altar.

At five o'clock in the afternoon our Annual Easter Sacred Concert will be presented under the direction of Miss Scroggs, organist. Visiting artists will be Miss Ruby Johnson and Mr. Carl Cronstadt of Statesville. The public is invited to all of these seasonal services.

was in charge of the last year. Hobart was 12 years of age and was the son of Mr. and Mrs. J. D. Wyatt.

Besides the parents, he is survived by the following brothers and sisters: Cleo, C. Bernard, J. B. and Carl Wyatt.

To Give Program At Mt. View High School Soon

"Ye Old-time School" is the name of a play to be given at Mountain View high school on Tuesday night, April 11, at 8 o'clock. The admission charges will be 5 and 15 cents. The public is cordially invited to see this program.

Eugene Olive Delivers Baccalaureate Sermon

Rev. Eugene Olive, pastor of the First Baptist church of North Wilkesboro delivered the baccalaureate sermon to the graduating class of West Jefferson high school Sunday afternoon. The West Jefferson high school commencement exercises are now under way.

Rev. Mr. Olive, who came here from Chapel Hill a few months ago, is a popular minister and speaker and will deliver literary addresses at one or more of the Wilkes schools.

HOBART WYATT DIES AT WILKES HOSPITAL

Funeral services for Hobart Wyatt, of Wagoner, Ashe county, who died at the Wilkes Hospital here Thursday at 9:20 p. m., were conducted near his home at Roans Creek church Saturday. Elder Everett Thomp-

Mr. G. E. Robinett and son, Dean, of Shellman, Ga., spent Sunday night with Mr. Robinett's sister, Mrs. W. T. Eller, of Purlear. Mr. Robinett formerly resided in this county and made the race for sheriff of the Democratic ticket in 1923. He spent a short while in the city today.

How Cardui Helps Women

"Mal-nutrition" means that your body is not getting enough to keep it up, so that what it has to do is not done well. You may not be eating enough to keep up the work of the body, or there may be something wrong that keeps you from getting full value from the food you eat.

Because of mal-nutrition, some women have aches and pains every month. Such pains should not be neglected.

Take Cardui to give you a better appetite, to give you more strength from the food you eat—to build up and increase your feeling of well-being. Aches and pains go away as you build up with the help of Cardui.

NOTHING TOO GOOD

We pledge our people the best in Service and Materials. Our Funeral Home is complete, and it is our greatest desire to render a satisfactory, comforting service at a price within the reach of all.

Thrifty Housewives REDUCE Household Expenses Through Use of KELVINATORS

MORE Kelvinators and other standard makes of electric refrigerators are going to be sold in Piedmont Carolinas this year than during any previous year—and the reasons are obvious.

THE new low rates of the S. P. U. Co. enable the housewife to have the ultimate in automatic refrigeration at a cost markedly, very markedly, under the cost of ordinary refrigeration. And the new low prices of Kelvinator, guaranteed only until April 29, together with the liberal terms we are offering during our annual Kelvinator activity, make it possible for a family that is using any refrigeration at all to both pay for and use a Kelvinator at a monthly cost that in many instances is lower than the cost of ordinary refrigeration. Particularly is this true when the savings in food and through the purchase of foodstuffs in larger quantities are taken into consideration.

ELECTRICITY IS CHEAP-USE IT FREELY...

\$10 CASH

24 Months To Pay Balance

ELECTRICITY IS CHEAP-USE IT FREELY...

Here Are Typical Expressions— Both From Families of Moderate Means—

NO. 1. "I knew from what friends had told me that Kelvinator refrigeration was convenient and economical, and that it assured better, more palatable and safer food for the family at all times. I was utterly astonished, however, to find that the saving in the cost of refrigeration, together with the easily figured saving in food, was sufficient to take care of the monthly payments on my Kelvinator plus the cost of operating it."

NO. 2. "I knew before I purchased my Kelvinator that electric refrigeration was better, more convenient and cheaper than ordinary refrigeration, but I must say that I took with some grains of salt the statement that any marked saving could be made through the purchase of foodstuffs in larger quantities. I have tried it out, however, and have been very much surprised how much these savings amount to. And then we never have to throw any food away because it has spoiled; nor do we have to eat the same dish two or three or four meals in succession merely in order to keep it from spoiling. My Kelvinator is a joy and is effecting practical and substantial economies in my home."

SPEAK TO ANY KELVINATOR USER. YOU WILL GET THE SAME STORY OF ECONOMY, CONVENIENCE AND MORE WHOLESOME LIVING.

YOU cannot afford not to at least investigate what Kelvinator MIGHT do for you. The new low prices and the liberal terms embraced in our special offer now effective make it possible for you to buy; and our low rates make it possible for you to have your refrigeration much, very much, cheaper than what your ordinary refrigeration costs you.
