

U. Group On Thursday
 Officers Are Pres-
 ent; A-1 Rating Given
 Organization

Forty-five officers were present at the officers meeting of the first Baptist church B. Y. U. last Thursday evening. W. Sturdivant, general director, in charge.

Three unions were given A-1 ratings for the past quarter and B. Y. P. U. organization received an A-1 rating for this period. It was the first time the B. Y. P. U. had ever reached this high standard of efficiency.

The study course which was completed March 31 was well attended and 85 took the course and passed the examinations.

Miss Helen Linney, Brushy Mountain B. Y. P. U. association president, attended the meeting and praised the officers for the splendid work they have been doing.

Special Service At M. E. Church Friday
 Holy Communion Service To Be Held; Subject To Be "It Is Finished"

Good Friday, the day of Crucifixion, will be held sacred by the local Methodist church, with the celebration of the Holy Communion in connection with the Passion Week services now in progress every night.

The Junior vested choir will furnish the music for the service, singing the precessional, recessional, the anthem and offertory. The pastor will speak briefly on "The Sixth Word From the Cross—It Is Finished." During the communion the church lights will be extinguished and candles will be lighted. Mrs. Faye Hulet, Mrs. R. E. Scroggs and Mrs. Ira D. Payne are training the choir. Misses Margaret Vannoy and Treva Spainhour are responsible for the candle arrangements.

Rex Gilbert Osborne
 Rex Gilbert Osborne, infant son of Mr. and Mrs. Gilbert Osborne, of this city, died Thursday. The child was born January 29, this year, being 2 months and 7 days of age.

The funeral was held at 11 o'clock on Friday.

Surviving are the father and mother, one brother, Charles Dawkins, and one sister, Ella Mae.

MARRIAGE LICENSES

Marriage licenses have been issued since last Friday to the following couples: Harvey Beach, of Elkin, and Ethel Irene Gaim, of Jonesville; Wade H. Small and Ruth Church, both of Jonesville.

Recent Events At The T. B. Hospital

Woman's Club Contributes Useful Articles; Other News of Interest

Recent news of interest at the Wilkes County T. B. Hospital follows:

Miss Zilna Norman, of State Road, N. C., has been admitted as a patient and is improving under the treatment received.

A basement has been excavated under the main portion of the building giving ample room for storage and for the building of a furnace for washing of clothes and for drying.

The American Bible Society of New York has donated six New Testaments and ten copies of the Psalms for use of the patients.

The Woman's Club has provided a two-burner electric hot plate which will be useful for rapid heating of water when necessary and for other such purposes. The same organization gave an electric heating pad. Both of these articles were greatly needed.

Mr. M. G. Butner, manager of the S. P. U. Co., office installed a receptacle for attaching the hot plate.

J. B. Ivey, of Charlotte, is sending a large quantity of dahlia bulbs for ground decoration.

Fourteen patients have received treatment since the opening of the hospital.

said and six cases were quarantined.

The venereal disease clinic resulted in the examination of 67 cases and 41 curative treatments were given. Two sufferers with tuberculosis were sent to the State Sanitarium for treatment and 59 visits to T. B. patients were made.

The anti rabies treatment was given to two persons. In each case, the head of the dog was sent to Raleigh where an examination revealed that the dog had been afflicted with hydrophobia.

Mrs. Bell visited and gave advice to 66 pre-natal cases. She also visited 99 infants and preschool age children. Fifty-seven visits to the homes of school children were made by Dr. Eller and Mrs. Bell.

Blood tests for the period totaled 71. Twelve positives and 51 negatives were the result.

Among the interesting facts relative to diseases were that there was no scarlet fever reported as compared with 9 cases and two deaths in the same period last year. All the figures which follow give the cases for this year as compared with the same three-month period of last year:

No whooping cough as compared with 49 cases.

Two cases of diphtheria as against 5.

No typhoid as against 2.

Three cases of influenza and pneumonia as against 6.

Four cases measles as against none.

One case of syphilis as against 15.

Thirteen cases of gonorrhoea as against 10.

Dellaplane And Roaring River Route 2 News

(By RUTH LINNEY)

"What that Anrille with his sheures soote
 The droghte of March hath perced to the roote,
 And bathed every veyne in swich licour,
 Of which vertu engendered is the flour."
 —Chaucer's Canterbury Tales

Roaring River Route 2, April 9.—Mrs. Gladys Staley, wife of Frank Staley, had the misfortune to fall last Thursday at the back door of the house of Mrs. Pearl Parks, to which she recently moved, and sustained a broken leg.

According to reports, Miss Lucy Stout, of the welfare department was in this locality recently investigating prospects for gardens among those who have been securing relief. Amusingly enough, several of this community have confused the name of the efficient Miss Stout with their provincial synonym for it, and call her "Miss Strong."

Mrs. N. T. Jarvis, of the Cranberry vicinity, continues very ill.

Earl and Rex, small sons of George R. Johnson, who have been living most of the time with their maternal grandparents, Mr. and Mrs. G. W. Cothern, since the death of their mother nearly two years ago, are said to now be living with their father and step-mother, near Antioch.

Louise and Pauline, small daughters of Mrs. Pearl Parks, are staying with Mr. and Mrs. Frank Staley, at least until the close of the Roaring River school, which they are attending. It is said now, Mrs. Parks made several different arrangements about her children, and conflicting reports, though all in good faith, were given this correspondent by friends and servants of Mrs. Parks.

A cannibalistic male cat, gray in color, is reported to be at large near this locality. Anyone owning kittens or young cats they prize are warned to watch after them, as he kills and eats them. Several such cats have been in this locality in recent years, and it is said that some tried to bite babies.

Cutting cords of firewood, on the farm here of Mr. and Mrs. C. J. Lambeth, which has afforded work for the unemployed for many weeks, is said to have stopped because the sap is rising.

Representative Julius C. Martin, of Buncombe, as well as Representative Cowles of Wilkes, was among those voting against the Francis beer bill at each per- mitting beer to be sold "anywhere, anytime, to anybody."

Representative Martin was born in the Dellaplane section and lived here until about 27 years of age, and is a brother of Mesdames Laura Linney, N. T. Jarvis, and D. S. Lane.

Services will be held at Oak Forest and Cranberry today and tomorrow and at the Roaring River Baptist church tomorrow.

Despite the advent of April—the "Aprille" of Chancer's "Middle English" dialect and the month the late Benjamin O. H. P. Martin styled "A—prile"—there is rather an epidemic of colds. Mr. John F. Mastin is said to have developed a slight relapse. Miss Ruth Linney was confined to "ye olde Tilley Place" Friday with cold and neuralgia.

It is reported that Mrs. Pearl Parks will run a boarding house in Winston-Salem. She previously operated boarding houses in the Wilkesboros and at Ronda.

It is said that Mr. Gordon Harris is ill and physicians have ordered him to quit work.

Announce New Low Prices On Goodyear Tires

New low levels have been reached in tire prices, according to Yaddin Valley Motor Co., local dealer for the Goodyear Tire & Rubber Co.

"In addition to sharply reducing prices, Goodyear will produce but two lines of tires—the well-known All-Weather Tread and the Pathfinder, discontinuing third and fourth line brands," C. B. Lomax, manager of the tire department, stated.

"Prices on All-Weather tires are now at the level paid for Pathfinders a year ago, while Pathfinders may now be bought at prices comparable to those paid for the Goodyear Speedway line at that time," he continued.

"All-Weather prices are 43 per cent under 1929 rates, while Pathfinders cost 48 per cent less than in 1929, not including government tax."

This means that Goodyear tires, with full center traction, built with the famous Super-twist Cord, which by its outstanding superiority over ordinary cord used in tire construction, imparts greater mileage and longer life, can now be purchased at a real saving.

"The plan of price reductions and discontinuance of two lines represents in principle what is believed to be the best judgment of most of the leading factors in the tire industry. The motorist, always prefers quality and the decline in prices will give it to him at a figure he can afford to pay," Mr. Lomax concluded.

Hungry Sailor: "What's this fly doing in my soup?"
 Mess Cook: "Sh-b-h! Me's just been transferred to the submarine fleet and he's taking his diving lessons."
 "Did the remedy do you any good?"
 "No, doctor, not a bit of good!"
 "That's funny. It didn't do me any good, either!"
