## Mrs. Claude Doughton Feted At Bridge Party

One of the weeks interesting social affairs was the charming bridge party given by Mrs. F. C. Forester and her daughter, Miss Lina Forester, at their home on D Street Saturday afternoon honoring Mrs. Claude Doughton, who before her marriage the latter part of January was Miss Pauline Turner, of Winston-Salem. Quantities of red roses and pussy willow filled vases and bowls about the rooms where five tables were placed for the game. Heart-shaped tallies marked the guests places and in counting the scores at the conclusion of play Miss Lillian Stafford received an attractive prize.

Miss Hattie McLean and Miss Myrtle Westbrook, both from Winston-Salem, and houseguests of Mrs. Forester, Mrs. William K. Newton, a bride of December, and the honoree each were remembered with gifts. In serving a salad and sweet course afterwards, the hostesses were assisted by Mrs. Bill Absher.

Mrs. Horton is leaving soon to establish residence in California, and Mrs. Doughton, a recent bride, was prior to her marriage January 27, Miss Pauline Turner of Winston-Salem. To each of the honorees Mrs. Carter gave beautiful gifts. An attractive arrangement of early spring flowers made a festive background for the guests at four tables of bridge. After several spirited progressions a salad course, with touches of the Valentine motif, was served and the score cards were in the same design. Mrs. L. M. Nelson was winner of the top score prize.

## Dellaplane and Roaring River News

ROARING RIVER, Route 3, Feb. 13.—Miss Bessie Mastin and Gwyn Ford were married last Saturday afternoon at 2 o'clock at the home of the bride's parents in a quiet wedding with Rev. J. B. Ray officiating. Only relatives and close friends attended the nuptials. The bride, who is only 15 years of age, is the second daughter of Mr. and Mrs. James L. Mastin and has been a student of the Brier Creek school. The groom is a son of Mr. and Mrs. Ford, who live on the Doubtful place, near Ronda.

Sunday was the date for services at Oak Forest, with Rev. Pervis C. Parks; at Cranberry, with Rev. W. G. Mitchell; at the Roaring River Baptist church with Rev. Avery M. Church; and at Union church, near Cycle, with Rev. N. T. Jarvis.

Mr. Herbert Mastin returned Sunday to his home at New Castle, Indiana, after spending last week here, on account of the serious illness of his father, Mr. John F. Mastin.

Joe Love returned last Monday to his work with the CCC, after spending a few days here with his wife and small daughter.

Mrs. N. T. Jarvis, of the Cranberry vicinity, and Mr. and Mrs. Jim P. Jarvis and little daughter, Betty Jean, of Winston-Salem, spent the morning of Sunday before last with Mrs. Laura Linney and Miss Ruth Linney.

Mr. Pate Shew, 95, of the Call section, near here, who furnished papers such odd and amusing news before Christmas by marrying his 77-year-old step-mother, is reported to have remarked the other day at the mill that he feels so well, he believes he may live to be 110 or 112.

Mr. John F. Mastin continues very ill. The latest diagnosis of his case seems to be that he has epilepsy instead of paralysis, and Dr. F. C. Hubbard is said to have suggested that he be taken to a brain specialist at Durham, but he is not considered strong enough to make the trip.

Mrs. Laura Linney was at Roaring River last Tuesday, for the first time in several months, and says she believes the village is building up more rapidly now than at any other time in its 44 years' existence.

Mr. J. L. Mastin and family were ill Monday, some of the family being confined to their beds.

Miss Blanche Mastin stayed with Mr. and Mrs. Arthur Bell while Mrs. Bell, who is now up, was sick.

Mrs. J. T. Love spent Wednesday of last week in North Wilkesboro shopping.

Arthur Love is said to be quite sick with flu.

George R. Johnson is reported to have bought a lot from his father, Mr. B. L. Johnson, and will erect a house soon.

A little Walker girl, of Roaring River, was the guest last Wednesday night of Madeline Love. Both children attend the Roaring River school.

Mr. H. E. Parks, efficient rural carrier, has been able to carry the mail again for the past week following a severe cold contracted while distributing the mail during the cold spell of two weeks ago. While he was ill the mail on this route was carried by Mr. M. M. Mathis, the popular substitute.

Mrs. Laura Martin Lindsey, who enjoys extraordinarily good health, recovered last week from a cold. There are many colds, and some flu, in the community. Mr. Jess Ester, of Rock Creek, spent part of Sunday and Sunday night with his father-in-law, Mr. John F. Mastin, who is very ill. Mr. Ester's first wife was Mr. Mastin's daughter.

## Alleghany County Couple Ask More Time For Debts

J. E. Miller and his wife, Maude Miller, of Piney Creek, Alleghany county, filed a petition in U. S. district court at Greensboro Monday asking for authority to effect a composition with creditors or an extension of time in which to pay their debts. They listed liabilities of \$3,150 and assets of \$4,532, the latter including two farms with a combined total of about 120 acres. Judge Hayes signed an order referring the matter to Joseph M. Prevette, of Jefferson, conciliation commissioner.

## Boats Ice-Bound

Manteo, Feb. 12.—Three mail boats operating out of Manteo today were unable to make their scheduled trips because of ice which choked the harbor and made entrance to the sound impossible.

The temperature was still at 30 degrees as an aftermath of last week's severe cold wave, and floating ice had damaged fishing nets in waters near here to the extent of several thousand dollars.

The steamer Trenton, carrying mail between here and Elizabeth City, was one of the boats held at her dock. Two smaller craft, plying between Manteo and Mann's Harbor and East Lake, also were unable to make trips.

## QUESTION AND ANSWERS

Question: When should culling begin in the poultry flock?

Answer: With the baby chicks. All crippled and weak chicks should be destroyed as soon after hatching as possible as such chicks are always first to contract colds, roup, or pox. They may also be carriers of diseases that will cause heavy losses in the flock. After this period the birds should be carefully watched for slow developing, stunted, and undersized pullets or cockerels. These should be taken from the flock and sold as broilers or fryers.
