## G. O. P. Nominee For Solicitor To Be Unopposed

State Board of Elections Rules McElwee Filled After Closing Time

### OTHERS ARE BARRED

Jefferson Attorney Files Too Late In Eleventh Judicial District

The Republican nominee for solicitor of the 17th judicial district will be without opposition in the November election.

Due to the fact that Attorney W. H. McElwee's notice of candidacy reached the state board of elections after the closing hours for filing, the state board refused to recognize him as a candidate. He was the only Democrat in the district who filed with the board.

The local attorney mailed his notice of candidacy, along with the filing fee, here 25 hours before the closing hour for filing for state office on April 14 but his letter reached them a few hours too late.

A hearing was held on the matter in Raleigh Saturday for a number of candidates in the same plight and the board ruled that they filed too late. Attorney McElwee presented his claims in person to the board, stating that it was his understanding that a filing notice would be legal if postmarked before closing time.

The board ruling Mr. McElwee out of order and Mr. Ward ditto, put Mrs. Lindsay Patterson out of the running in the fifth district whose filing was attended to by Chairman Meekins. E. D. Dickens, of Halifax, who was to have run in the second as Republican candidate, lost his right by this irregularity, and L. L. Moffatt, of Troy, who would have been Republican candidate for solicitor in the 15th judicial district, lost because he did not make the personal pledge.

### Candidates Barred

The action resulted in barring of the following candidates:

W. L. Ward, of Worthyville, seeking the Republican nomination as utilities commissioner.

Mrs. Lucy B. Patterson, of Winston-Salem, seeking the Republican nomination to Congress from the fifth district.

E. D. Dickens, of Halifax, seeking the G. O. P. nomination to Congress from the second district.

L. L. Moffatt, of Troy, seeking the Republican nomination as solicitor in the 15th district.

W. H. McElwee, of North Wilkesboro, seeking the Democratic nomination as the lone candidate of the majority party for solicitor of the 17th district.

Grant Bauguess, of Jefferson, seeking the Republican nomination as solicitor of the 11th district.

## Jeffress Speaker At Road Meeting Held Thursday

Highway Chairman Assures People Wilkes - Iredell Road Will Be Built

### INSPECTS TWO ROUTES

Jeffress Makes Personal Tour of Routes; To Select Best Suitable

Approximately 500 people gathered at Comer's store near the Wilkes-Iredell line on Thursday to attend a road rally, held for the purpose of stimulating interest in the proposed North Wilkesboro-Statesville highway.

E. B. Jeffress, chairman of the state highway commission, addressed the gathering, assuring the people that the road would be constructed as early as the funds are made available. He stated that at the present time the state was unable to complete the road but that he hoped more federal road funds would be appropriated in a short time.

Following the gathering of interested citizens in behalf of the proposed road, Chairman Jeffress made a tour of the two proposed routes—the route on the present old road by way of Hunting Creek and the Brushy mountain route. With the highway chairman on this tour were H. E. Noell, of Statesville, district engineer; Engineer Browning, who has charge of the route selection, and John Milhollan, clerk of the court of Iredell county.

Chairman Jeffress stated that he was making the tour for the purpose of determining, in a fair and impartial way, the route best suited for the road.

The North Wilkesboro-Statesville highway has been constructed over a ten-mile stretch, beginning at Statesville and extending to Snow Creek in the direction of the Wilkes line.

Assurance by the highway chairman that the road will be constructed is good news to the many citizens of Wilkes and Iredell counties who have worked diligently for years with the aim in view of having a direct route from this city to Statesville. The distance between the two cities over the new route will be about 35 miles.
