Mr. Wiles Wants Straight Republican For Sheriff To The Republicans of Wilker

After seeing so many anouncements in your paper for the varlous offices of the county from both political parties I am glad I live in Wilkes county from the fact that we have so many good men who are well qualified to fill the various offices.

I notice that all the candidates who have announced for the various offices are standing squarely by the party lines, with the exception of one, and that is our good friend, W. B. Somers, who has been rather slow in makurday of next week will feature ing his announcement as a candidate for sheriff, and in the language of his announcement that he had decided to become a candidate to succeed himself as sheriff of Wilkes County after being encouraged to do so by both the Democrats and Republicans. By Whereas, God in His infinite his announcement it will be hard which party he is affiliated.

According to this record it seems to me not only at the present time that there is affiliation with the Democrat party, but there must have been in the past as well. I am a Republican, rocked in a Republican cradle and expect my remains to fill a Republicar grave. Now, if any man wants my support as a Republican, let him announce without coalition with the Democrats.
