## WHICH IS THE BEST 25c\* MOTOR OIL? HERE ARE 3 ANSWERS!

Each of these motorists tested Gulf-lube against well known 25¢ oils—Read what they discovered!

"GULF-LUBE TOOK ME 157 MILES FARTHER BEFORE A QUART WAS CONSUMED."

Mr. J. P. Cochrane, Waban, Mass.—Chevrolet owner.

"GULF-LUBE WENT 74 MILES FARTHER BEFORE I HAD TO ADD A QUART."

Mr. L. T. Law, Atlanta, Ga.—Plymouth owner.

"GULF-LUBE TOOK ME 226 MILES FARTHER BEFORE MY OIL-LEVEL DROPPED A QUART."

Mr. T. W. Davis, Winston-Salem, N. C.—Ford owner.

Each of these motorists made two trips to some distant point

**FIRST TRIP**—each used one of the well-known 25c motor oils.

**SECOND TRIP**—each used Gulf-lube. And Gulf-lube took each of them miles farther before a quart was consumed!

Want to use less oil between changes? Switch to Gulf-lube—the oil that also beat 3 other famous 25c oils in AAA "high-mileage" tests at Indianapolis. Watch it cut your oil costs. 25c\* a quart. \*Plus tax.

Rufus Morrow, assistant pastor of the Presbyterian church, and their daughter, Miss Polly Morrow, who was visiting in the city. Mrs. Morrow, who was introduced by Mrs. E. G. Finley, program chairman, spoke very interestingly about their work in Mexico.

The meeting opened with Mrs. J. L. Clements leading an impressive devotional period. Mrs. S. P. ## Johnson Now Understands Why "Free Press" Clause Was Asked

Waterloo, Iowa.—Hugh S. Johnson, the NRA administrator, said in a speech Thursday that recent events in Germany had shown him "more clearly" why newspaper publishers have insisted in writing into their code "a clause saving their constitutional rights."

"I say that there is no reason for their fears," he added.

"A few days ago, in Germany," he said, "events occurred which shocked the world."

"I don't know how they may have affected you, but they made me sick—not figuratively, but physically and very actively sick."

"The idea that adult responsible men can be taken from their homes—stood up against a wall—backs to the rifles—and shot to death—is beyond expression."

"I have seen something of that sort in Mexico during the Villa ravages and among semi-civilized people or savages, half-drunk on sotol and marajuna—but that such a thing should happen in a country of some supposed culture, passes comprehension."

"I know the normal reaction of this on NRA efforts. It is that, if power of any kind can be seized, there is no limit to its application."

"For a long while I thought sincerely that the newspaper insistence on writing into their code a clause saving their constitutional rights was pure surplusage."

"As a lawyer, I am very sure that constitutional rights, guaranteed for the benefit of the public, cannot be signed away."

"But I now see more clearly why these gentlemen were apprehensive."

"Knowing the situation backward and forward—I say that there is no reason for their fears."

"No power exists in this administration that has not been freely granted by the congress and the cool, thoughtful man in the White House seeks nothing more."

"Stories about subversive influences in our government are just plain bunk. If there were any, I should be among the first to know of them and to shriek to high heaven about them. There is no such animal."

## FARM LABOR PAY IS BEING GIVEN STUDY

Washington, July 12.—A joint study that the departments of agriculture and labor are to make of the farm labor situation probably will determine whether the farm agency will attempt to do for the farm hand what NRA is striving to do for the city worker.
