

### Paul Crouch Has Narrow Escape

#### Communist Agitator Saved From Charlotte Mob By Officers of Law

Paul Crouch, Wilkes county man who a few years ago set out to communize America on the Russian plan, found himself in deep water in Charlotte Monday night when he attempted to inculcate his doctrine on the steps of the Mecklenburg courthouse.

From state press reports it is gathered that Crouch had asked permission to use the courtroom as a speaking place and had been refused. He then spread abroad the word that he would speak on the courthouse steps and a crowd numbering more than one thousand was present, but not all of them to hear him speak.

In the crowd were a great many textile workers and strikers unequivocally opposed to communism and "Red" activities and they made a rush for Crouch. Policemen of the same capitalistic government that Crouch seeks to destroy saved him from the mob and placed him in safe keeping.

### Ronda Community Saddened By Death

#### Correspondent From Ronda Community Reporting News For Journal-Patriot

RONDA, Sept. 18.—The people of this community were saddened Tuesday morning by the death of Mr. W. M. Johnson at the home of his daughter, Mrs. C. C. Tharpe. The family and relatives have our sympathy.

Mr. and Mrs. I. S. Ring and children, of Siloam, spent last Sunday with Mrs. Rings sister, Mrs. W. J. Bradley.

Mr. and Mrs. Elmer Anthony and little daughter, Bettie Lee, spent Sunday with Mrs. Anthony's parents, Mr. and Mrs. T. L. Byrd, near Macedonia.

Miss Eula Bradley, of North Wilkesboro, spent the week-end with her parents, Mr. and Mrs. J. Bradley.

Mrs. D. F. Tharpe has been right sick for the last few days, but is better now we are glad to say.

We were very sorry to hear of the airplane accident which occurred last Sunday week. The families and all relatives have our greatest sympathy.

### Goshen Visited By Downpour Of Rain

#### Visiting and Personal Items Feature News Of Goshen Community For Week

GOSHEN, Sept. 17.—Miss Love Murphy, of Norton, Va., visited Mr. and Mrs. W. L. Murphy here last week.

Mr. and Mrs. Jeff Russell and family, of Boomer, visited Mr. and Mrs. T. G. Walsh, Sunday.

Mr. Albert Walsh, of this neighborhood, was the first to start making molasses and others are following suit.

Miss Laura Louise Carlton, who is a nurse at the Davis Hospital, was operated on for appendicitis last week and is reported getting along fine. Miss Carlton is a daughter of Mr. and Mrs. Homer Carlton, of Goshen.

Mrs. Annie Fowler visited Mrs. W. L. Murphy one day last week.

Mr. Carl Ferguson, of Bluefield, W. Va., spent most of the week here visiting relatives and friends. Mr. Ferguson tells us that North Carolina is ahead of West Virginia in the way of farming and manufacturing.

Mr. R. L. Proffit attended the funeral of Mr. Joe Jones Sunday.

Messrs. Moody and Burchette Hamby, of Boomer, visited James Barlow, Sunday.

We had good rain here Saturday night. It began to look like a flood almost. Goshen has been called the land of plenty. If the rain had continued much longer we wouldn't have had such plenty of corn for it would have been washed down in the mud.

### QUESTION AND ANSWER

Question: What hens from this year's flock should be saved for layers this coming season?

Answer: A great deal will depend upon the quality of the birds when going out of lay but the late moulters in good weight and whose production has been up to standard will be profitable. These hens will have a decreased production of approximately 25 percent but, with egg prices going up, a good hen should pay a profit. If there is not sufficient housing space, hopper space and waterers none of the hens should be saved as they would cause over-crowding and lessen production of all birds.

Austrian winter peas make better growth where the seed are inoculated and the soil is given an application of ground limestone.

### SOW HAY MIXTURES FOR SPRING GRAZING

The nationwide hay shortage plus the increased number of animals to be wintered in this State will place a heavy demand on North Carolina farmers this year.

Every Carolina farmer will do well to save all the available roughage this fall and make preparations now for growing a winter hay crop for early grazing next spring, says John A. Arey, extension dairy specialist at State College.

Oats, barley, abuzzi rye, or a mixture of these cereals, and crimson clover sown in September will furnish good grazing early next spring. If the season is favorable, they will also furnish grazing this fall.

Seeding for grazing purposes should be heavy. Arey recommended the following mixtures, which have given good results. In these mixtures, the quantity of seed needed for one acre is listed.

Two bushels of abuzzi rye and 15 pounds of crimson clover, or a mixture of one bushel of beardless wheat, one bushel of beardless barley, and one and a half bushel of hairy vetch or 30 pounds of Austrian winter peas.

The rye and clover mixture does not make good hay, but makes excellent grazing for late fall and early spring when sown in September. The second mixture, sown preferably between October 1 and 15, can be used for both grazing and hay.

If hay is to be harvested, grazing should be discontinued in March, the exact date depending upon the location in the State. Yields of two to five tons of hay per acre have been secured from this latter mixture when sown on good land.

The hay will be ready to harvest next May when the cereals are in the milk stage of maturity.
