43 Wilkes Boys Enrolling Today In C. C. Camps

Left Today For Greensboro To Be Examined Before Enlistment

OFF RELIEF FAMILIES

Relief Burden Lessened; Part of Boys' Pay Goes To Relatives

Forty-three Wilkes county boys left today for Greensboro, where they will take examination for enlistment in the civilian conservation camps.

The boys who enlist today will go directly from Greensboro to the camps designated without preliminary training at Fort Bragg as was the former custom.

Youths from Wilkes were selected by Mrs. G. G. Foster, relief director for the county. She made the selections on the basis of merit of the applicants and the help they would be to the families at home. Since a greater part of their \$30 per month goes for the benefit of their families, the 43 quota will lessen the relief burden in the county to a great extent and take several families from the relief rolls.

Gets 323 Bushels Of Wheat Off Of Four-Acre Tract

Mrs. C. F. Bretholl, of Pores Knob, wrote a letter to her sister, Mrs. Walter B. Chrysler, in Bozeman, Montana, asking her how severe the drought was in that part of the country during the past summer.

Mrs. Chrysler's reply contained the following clipping from a Billings, Montana, newspaper: Bozeman, Aug. 25.—Unwilling to believe the threshing machine measure which showed 297 bushels harvested from a four-acre field of winter wheat, Marlon F. Kelly, farmer near here, had the grain weighed and to his greater surprise found, he said, that he had threshed 323 bushels—just short of 81 bushels to the acre.

C. E. Lenderman's Store Is Robbed

Thieves Take \$10 in Cash and Undetermined Amount of Merchandise

Thieves of unknown identity entered C. E. Lenderman's grocery store in Wilkesboro sometime Sunday night or Monday morning and looted the place of \$10 in cash and a considerable amount of various kinds of merchandise.

Entrance to the store was gained by boring a hole in the rear door, through which the robbers were able to unlock the door.

The cash register was relieved of its entire contents of change, a number of old coins, keys, etc. In the merchandise cigarettes, chewing gum, candies and tobaccos suffered the greatest loot, the thieves making an almost clean sweep of the department. About the floor were cigarettes and other merchandise that would indicate the storebreakers left the scene of the robbery in much haste.

No clue was left that would lead to the identity of the person or persons who did the crime and the investigation of the affair has amounted to naught so far.

Kiwanians Hear Judge Oglesby's Talk On Alphabet

Interesting Historical Address Given By Jurist To Local Club

INTERNATIONAL ROAD

Letter Regarding Canada-Mexico Highway Brought To Club's Attention

The ancient Phoenicians contributed more to civilization than in one other nationality in history, was the essence of an address by Judge John M. Oglesby, of Concord, to the North Wilkesboro Kiwanis Club Friday noon. This contribution of the Phoenicians was the alphabet, which is used universally by the civilized world today.

One other thing of much interest taking place in the meeting Friday was a letter from Judge Oscar Dancy, of Brownsville, Texas, to J. G. Hackett, of this city. This letter from a native son of Wilkes was in regard to the proposed International Highway which would connect Ottawa, Canada, with Mexico City, touching, of course, the United States Capitol city, Washington, D. C.

Judge Martin stated that he was a charter member of the Brownsville, Texas, Kiwanis Club and the promotion of this three-nation boulevard was one of their main objectives. The route has already been decided upon for a distance of several hundred miles from the capitol of Mexico to New Orleans. Judge Dancy suggested that since North Wilkesboro lies directly in the airline path between Washington, D. C., and New Orleans that efforts be made to have it traverse this section. The club voted an approval of his suggestion, mindful of the fact that such a highway, if it ever becomes a reality, would naturally follow the Scenic Parkway route which will follow the Blue Ridge on the western boundary of Wilkes.

Rev. C. W. Robinson was in charge of the program and presented Judge Oglesby. H. H. Morehouse was a guest of Rev. Mr. Robinson.

The judge began his address in a most humorous vein, bringing smiles and outright laughs from attending Kiwanians. Then he entered into the subject matter of his address on the subject, "An Ancient People, the Phoenicians."

He told how Rome had contributed law to civilization, Greece art and accomplishments of various people before he discussed the contribution of the Phoenicians, the alphabet.

He told further of how it is hard to realize the importance of the alphabet and its universal use. Like everything else, the alphabet is of little benefit without it is properly used. The speaker told of how easily it is to improperly use the alphabet and that the characters must be properly related.

Boy and Girl From Blowing Rock Hitchhike To Moviedom Capital

Hollywood, Calif., Oct. 4.—Mary Johnson, 14, did not get into the movies after hitchhiking across the continent, but she found filmland hospitality good enough for food, a coat, four dresses besides shoes and stockings.

Her father, a carpenter, was out of a job and her mother is dead, so with \$150 between them she and her brother, David, 12, started from Blowing Rock, N. C., a month ago to find their aunt, May Johnson, who lives "on the edge of San Francisco." David was left behind in El Paso when they tried to hop a freight train and only Mary suc-

ceeded. She left the train at Brawley and hitchhiked here.

"I thought I'd get in the films, so I went to Paramount," she related. "But that didn't work. So I went to Columbia."

It was while she was sitting distractedly outside the latter studio on the running board of a car that Donald Cook, the actor, found her and sent her to the Hollywood studio club where she got food and clothes.

"Oh, they are swell," said Mary, "and I guess they'll find our aunt."

She expressed some concern for her brother, but added: "He's smart. He'll be all right."

Wilkes Has Over Three Hundred Tobacco Farmers

As surprising as it may seem to residents of central and western Wilkes, the county has over 300 tobacco farmers, according to figures in the office of the county farm agent.

There were 220 who signed tobacco reduction contracts and 57 who signed crop allotments. In addition to the 277 thus classified there were a number who signed neither the reduction contracts or asked for allotments.

Tobacco farmers this year are receiving the best prices in five years for their crop. The average on all markets in North Carolina has climbed to 30 cents per pound.

Republicans To Hold Meetings In 4 Townships

Will Be For Purpose of Encouraging Registration of Voters

CANDIDATES TO SPEAK

All Republicans in Townships Affected Invited To Meetings

In an effort to encourage all voters of Republican faith to register in the four townships where re-registrations have been ordered by the county and state boards of elections, leaders of the G. O. P. in Wilkes have made appointments for political meetings in the townships affected—North Wilkesboro, Wilkesboro, Mulberry and Union.

New registration was called for in North Wilkesboro, Wilkesboro and Mulberry because of the fact that these two townships were split into two precincts, each in Union because of the fact that the old books were in bad shape and because there had not been a registration in that township since the acquisition of a part of Ashe county.

On Monday, October 8, Republicans of North Wilkesboro township will meet in the law office of Jones & Brown to formulate plans for registration in North Wilkesboro.

On Thursday, October 11, Republicans in the newly formed Mulberry precinct No. 2, will meet at Sulphur Springs schoolhouse, beginning at 7 o'clock.

On the following night, October 12, at the same hour a similar meeting will be held at McGrady schoolhouse in Mulberry No. 1.

On Thursday afternoon, October 11, at 1 o'clock, a meeting will be held at Harmon schoolhouse in Union township and at 4 o'clock on the same day another meeting will be held at Miller school. At 7:30 on the same date still another meeting for Republicans in Union will be held at Vannoy schoolhouse.

All Republicans in the townships affected are invited by the county chairman, J. Mack Brown, to be present. Some of the county candidates will be present to speak at each meeting.

Ruling On Bus Transportation

Elementary School Children Cannot Be Transported To Another District

C. B. Eller, county superintendent of schools, stated today that no child in the elementary grades of school can be transported from a district where a school is maintained into another district.

Several complaints have reached his office to the effect that children in some districts were riding the buses provided for high school transportation to another district. This is contrary to a ruling by the state school commission and an order passed by the county board of education and will not be allowed.

Several reasons are given for this action. If children were transported from a small school to a larger one the average of the smaller school would be decreased, probably losing a teacher and the school would be crippled in other ways. Other reasons are that the limited number of buses are crowded anyway and that the central schools are filled to capacity.
