

**Officials Attend A Lighting Institute At Charlotte**

Messrs. M. G. Butner, manager, and Gordon Forester, of the local office of the Southern Public Utilities Company, were numbered among those in attendance at the lighting institute conducted in Charlotte four days last week—Tuesday, Wednesday, Thursday and Friday.

Not only did those connected with the Southern Public Utilities Company attend the institute, but a large number of electrical contractors and electrical dealers of the Carolinas were also present.

Many new methods of lighting for the home, store and factory were made known during the institute which, both Mr. Butner and Mr. Forester state, embraced most interesting programs.

THE KEY TO THE CRIME

Warrent Williams, as Philo Vance, confronts a suspect with an important clue. The slightly perturbed gentleman with the mustach is George E. Stone, while Eugene Palette is the curious fellow looking on. They all appear in S. S. Van Dine's "The Dragon Murder Case," First National film, to be shown at the New Orpheum Theatre Wednesday. A Halloween show that was made for your Halloween entertainment.

Hallowe'en Festival Wilkesboro School

Gala Event for Wednesday Night Is Sponsored By Parent-Teacher Association

Most everybody is planning to attend the Hallowe'en Festival to be given Wednesday evening, October 31st under the sponsorship of the Wilkesboro Parent-Teacher Association in the high school building. The program will start at 8 o'clock.

A splendid entertainment has been planned for the event, including a short program on the stage, fortune telling, and fishing booths, with good things to eat being sold to make the evening even more merrier.

Of course, everything will have a spooky Hallowe'en background, with the witches being present amid weird decorations in keeping with the occasion. Admission is only 5 and 10 cents.

IT'S A CRIME!

—a Crime against the cause of better sight...

DO you realize that taking a lamp from one socket to fill another is a CRIME? Especially since it works an injury on persons you desire least to injure... you and your family.

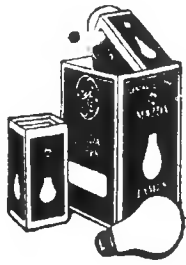

Replacing a 100-watt lamp in your kitchen with a smaller one from a wall bracket or a table lamp, not only deprives you of the use of a fixture. It punishes you because inadequate light from this smaller borrowed bulb may cause eye strain; and it slows up work.

Protect yourself by having spare lamps on hand at all times. Order a carton of Edison MAZDA lamps today. Then you will be sure of having adequate light, economically.
