

Election Protest Is Filed By Alexander

Lengthy Petition Presented To State Board On Behalf Of Independents

Raleigh, Nov. 26.—Just when Ashe county kickers had made vocative their assault on absentee balloting in the late election, Alexander, just preceding in alphabetical arrangement, files a protest before the state board of elections and takes the spotlight off Tam Bowles' domain.

It so happens that there is a peculiar reason for Ashe's large use of the absentee scrip. That county is in a section which feeds the other nearby states that have fluctuating work. West Virginia, for instance, gets gobs of Ashe citizens to help in the special work in that state. These people do not forfeit their citizenship. They go West Virginia-ward but retain their voting rights in Ashe.

The Ashe people have resented the assaults of their own citizens on that county's elections. But the absentee ballot issue is breaking out in many western counties. The east has no trouble with this absentee ballot, but the west is afire with it. The state board of elections received the Alexander protest today.

The petition, a lengthy one, was filed on behalf of an "independent" ticket which sought election to various county offices. The petition, which was sent to the assistant secretary of the board, Raymond Maxwell, was accompanied by numerous affidavits of voters alleging improper use of the absentee ballot. A check shows 844 absentee ballots were cast in Alexander election day.

The state board of election, of which Maj. L. P. McLendon, of Greensboro, is chairman, has had considerable trouble this year with complaints of irregular use of the absentee ballot, of which there were about 24,000 cast in the recent election.

CELLINI AND THE DUCHESS ROMANTIC COMEDY

The amazingly frank love confessions in the famous Autobiography of Benvenuto Cellini, real goldsmith and greater lover of the 16th century Florence, relate how a beautiful and distinguished Roman matron who fell a victim to his charms opened romantic negotiations by bringing him a lily of the finest diamonds set in gold and asking him, amid many blandishments, to reset it for her in a design of his own.

The "Affairs of Cellini" the romantic comedy at the Liberty Theatre Monday and Tuesday, contains a sequence closely approximating this occasion. Constance Bennett, playing the glamorous and beautiful Duchess of Florence, comes to the

workshop of Cellini (played by Fredric March), to inspect this notorious lover at first hand. Far from disappointed, she gives him the key to her boudoir in the summer palace and meaningfully commands him to cast a duplicate in gold and silver and deliver it to her chamber in person that night at nine.

Knowing that the doddering, henpecked old Duke has arranged a secret rendezvous at the summer palace that evening with his beautiful model Angela, Cellini obeys the Duchess, with hilarious and altogether unlooked for results. Fay Wray plays Angela and Frank Morgan is seen as the Duke in this entertaining picture recommended as adult entertainment only.

Hopkins Foresees End Of Direct Federal Aid To America's Jobless

Chicago, Nov. 26.—Harry L. Hopkins, federal relief administrator, intimated to the United States Mayors Conference late today that the next Congress will be asked to establish a new program of unemployment relief, setting up a widespread job project and abolishing direct relief. "I feel very strongly," he said, "that the present method is not the way to care for 17 million destitute people. A new way can and must be found in the near future."

Hopkins said he did not see "why we should continue relief as such a single day longer." "Any influence I have got," he declared, "I am going to use to keep our relief system from being foisted upon the cities of America."

Faith In White House "I am convinced that we have a man in the White House and a Congress meeting January 1 that will answer this question in a satisfactory way."

The relief administrator said he was more convinced than ever "that work relief is the best way of meeting the unemployment problem, regardless of the fact that it may cost more than direct relief."

He seized the opportunity to reply to critics of the federal administration of relief, including by inference the American Liberty League.

"Some league," he said, "I forget what league it is, wants the relief budget cut a billion dollars. But I'll bet a nickel that no member of that league's executive committee has ever been within the home of one of these destitute families."

HOW WOMEN CAN WIN MEN AND MEN WIN

The Favor of Other Men Take two pints of bile juice flow daily from your liver into your bowels. Your food decays in your bowels. This poisons your whole body. Movements get hard and constipated. You get yellow tongue, yellow skin, pimples, dull eyes, bad breath, bad taste, gas, dizziness, headache. You have become an ugly-looking, foul-smelling, sour-thinking person. You have lost your personal charm. Everybody wants to run from you. But don't take salts, mineral waters, oils, laxative pills, laxative candles or chewing gums and expect them to get rid of this poison that destroys your personal charm. They can't do it, for they only move out the tail end of your bowels and that doesn't take away enough of the decayed poison. Cosmetics won't help at all. Only a free flow of your bile juice will stop this decay poison in your bowels. The one mild vegetable medicine which starts a free flow of your bile juice is Carter's Little Liver Pills. No cathartics (drugs) in Carter's. Only pure, mild vegetable cathartics. If you would bring back your personal charm, go with me, start taking Carter's Little Liver Pills according to directions today. It's an easy way. Refuse "something just as good" for it may grip, loosen teeth or acid return. Ask for Carter's Little Liver Pills by name and get what you ask for. © 1934, C. M. Co.
