FOR SMALL FARMERS

The widespread sentiment for protecting small growers in the crop Kadjustment programs is four a. m. Sunday. She is aux. Shedy Grove church. summed up in resolutions adopted repently by the Orange County Beard of Agriculture.

A copy of the resolutions was sent to the Washington office of following policies for .1985, re-

one-half mile from the Wilkes- That small farmers living on Yadkin line. He was killed at their own land and dependent upon its products for support who have raised tobacco within

That no rental or parity payments be given these farmers, and that small growers who have already signed contracts be al-lowed to come under the provisions of this ruling.

That small cotton growers living on their own land who have raised cotton within the past seven years be given a tax free allotment equal to their largest base bear, but not in excess of

Such policies, the board pointwinter feeding. Mr. Wood stated ed out, would encourage farm further that, with the increase and home ownership by providin price, dairy farmers with an ing more liberal allotments to adequate number of milk pro- tenants and young farmers who

Tenancy and absentee ownership would be discouraged, it was pointed out, and the price of ing is being pushed forward in farm land would be stimulated, Wilkes and farm improvement while farm wealth would beis one of the goals. When the come more equitably distributed. Country-minded people in the who will outline the set-up of ter for traffic than the graded Carter, district supervisor, and cent years prevailed the farmers cities would be encouraged to move back to farms.

Paduction would be on a more economical basis and small their farms by use of manure their farming would not be penand growing legume crops for alized with unfairly small allot-

The rights of the small man would be upheld and the burden of the cotton and tobacco tax on excess sales would not fall on the small growers, the board continued, and the future of the AAA would become more secure because there would be more satisfied farmers.

New York-A profit of \$2, 500,000 to \$2,600,000 for the year was predicted for the Louisville and Nashville railroad by President James B. Hill. Net income after fixed charges in 1933 was \$1,795,000.

Thank You!
