Play At Moravian Falls Friday Night
"See You Later" Will Be Presented; Rehearsals Are Now In Progress

Rehearsals are in full swing. Funny lines are being learned; humorous stage situations are being perfected; dainty feet are tapping away at delightful dances; beautiful girls attired in attractive costumes are tripping back and forth, and up and down the stage singing catchy tunes. Again we say, rehearsals are in full swing under the direction of Catherine Williams, representing the Triangle Producing Company, of Greensboro, N. C., our town's most attractive young lady, young ladies, and little tots are fast working into shape the big hit musical comedy "See You Later," which will be staged at the Moravian Falls school auditorium on Friday, March 15th, under the auspices of the Moravian Falls School.

Too much can not be said about the ridiculously funny laugh producing parts taken by our own Kate Laws, Sadie Smithey, Claude Laws, Tom Davis, Homer Brookshire and Lawrence Critcher. We have seen these folks behind the footlights before, and their presence alone with any play would be enough to make it successful. In saying this we are not discounting one bit the wonderful dramatic ability of the more serious parts taken by such well-known local artists as John Greer, Mattie Mae Holder, Ed Jennings and Jimmie Scroggs. Upholding a big part of the show are the different groups of chorus girls. Ticket committees are reporting very satisfactory sales, and indications are that "See You Later" will show to a packed auditorium.

Bill Would Provide 4 More Weeks Court

Bill Introduced In Senate Would Provide Two Weeks Terms For Wilkes In April and November; Placed On Calendar and Passed

A bill introduced in the state senate by Senator Joe Williams, of the 24th district, provides for four additional weeks of court for Wilkes county.

The act is entitled "To amend section 1443 of volume 3 of the consolidated statutes relating to terms of court in Wilkes and Davie counties."

The bill sets forth the dates and lengths of the terms of court in Wilkes and Davie counties.

According to information received here the measure, if passed by both houses, will provide for two weeks of court during the month of April and two weeks in November,

increasing the number of weeks of court for the county from the present eight to 12. The terms would be mixed terms and either criminal or civil cases could be tried, to be determined by the necessity and the condition of the respective dockets.

It was reported here yesterday that the measure had passed in the senate and is now before the house, where its passage is anticipated.

In view of the congested condition of the court dockets the Wilkes Bar Association this year recommended additional weeks of court for the county and its resolutions were presented to the legislators.

Motor Company Held \$600 Lien On Truck Captured By Wilkes Sheriff

Hewitt Motor Company, of Hickory, on Tuesday sent a representative to Wilkes to present its lien claims on a Ford truck confiscated several days ago when Sheriff W. B. Somers and a state highway patrolman stopped it on the Windy Gap road and found more than a 1,000 gallons of whiskey as its cargo.

The appraised value of the truck was \$800 and it was brought out that the Hickory firm held a lien of \$600. Judge Harding ordered that the firm may take the truck on payment of \$200 to the clerk of court, said money to be deposited to the credit of the county school fund.

School Lunch For Needy Here

Social and General News of Community Gleaned By Correspondent

By special arrangement with the Federal Emergency Relief Administration office here children of families on relief rolls in this city are being furnished lunch at the city schools.

Although similar procedure has been followed out in some of the county schools this is the first project of its kind ever undertaken here. Around 65 children are now being fed hot lunch at the school at the noon hour.

Miss Evelyn Gentry was appointed by the FERA to be in charge of the lunch room and she has a colored woman as her helper. Facilities of the home economics department are being used in such a way as not to interfere at all with the regular school work.

The relief administration is allowing 10 cents per day for each child and those in charge of preparing the noon day meal for the underprivileged children are placing special emphasis on a diet of balanced nutrients that will fit the child's needs.

Three thousand black locust seedlings have been distributed in Lincoln county for the purpose of demonstrating how to grow a local supply of fence posts.

Was Charged With Murder of Thomas Church, Age 75; Sentence Not Passed

COURTNEY ON TRIAL

Witness Testified Today That Noah Bryant Died From Strychnin Poisoning

After several hours deliberation a jury yesterday returned a verdict of manslaughter against Bertha Walker, who was tried on a murder charge in connection with the death of Thomas Church, age 75, in Elk township in December, 1934.

The case was tried Tuesday and was placed in the hands of the jury in mid-afternoon, following the charge of Judge Harding. When court adjourned Tuesday evening no verdict had been reached and had not until about ten o'clock yesterday.

Church was found dead within a few steps of a house where Bertha Walker was reported to have lived at that time. His body was not found until several days after his death and there were bruises about his face and abdomen.

It was brought out by state's witnesses that the aged man had visited the woman on several occasions and that they had quarreled several days before his body was found. This, added to the fact that she went to Ashe county soon after the affair came out, was the principal evidence on which the state asked for conviction of murder in the second degree or manslaughter. No sentence has been passed on the convicted woman.

This week the court is working on the more important cases. Veldon Bowers, who was indicted on a capital charge of burglary, alleging that he entered the home of Willis Miles on March 4, submitted to a charge of larceny and was sentenced to 18 months on the roads.

Murder Trial On
This morning testimony started in perhaps the most sensational case during the term. Ed Courtney, colored, is on trial for the murder of Noah Bryant, also colored. The indictment charges that Courtney caused Bryant's death by selling him poisoned liquor.

The state is asking for a verdict of first degree murder, which carries the death penalty. The jury was selected yesterday afternoon from 36 men selected from court attendants.

Attorneys J. M. Brown and Eugene Trivette are aiding Solicitor Jones in the prosecution. The defendant is represented by Attorneys J. H. Whicker and H. A. Cranor.

The first witness against Courtney this morning was the widow of Noah Bryant. She told of her husband's short illness and death.

Dr. G. T. Mitchell, who attended Bryant, testified that he administered to his suffering and diagnosed his case as strychnine poisoning. The state will attempt to show, as the trial progresses, that Courtney put strychnine in liquor he sold to Bryant.

Three divorce cases have been tried: Walter Hauser versus Mable Hauser; Pansy McNeill versus Percy McNeill; Leslie Wade versus John Wade.

Elmer McBride was sentenced to 12 months on the roads for assault with a deadly weapon. Richard Royal was found guilty of assault on a three-year-old child and Dave Stewart was found guilty of larceny and receiving.

C. C. Hayes is serving his first term as clerk of court and, according to court attendants, is getting along fine, notwithstanding the fact that he and his office force are inexperienced.

Several other cases are calendared for trial this term but it is doubtful that many can be reached. Solicitor Jones announced in court early this week the cases to be tried, while the cases not specified will be continued.

JUNIORS-SENIORS TO HOLD RECEPTION
