Bill For Sanatorium Bond Issue Passes Its 2nd Senate Reading

Raleigh, March 11.—The senate tonight passed on second reading a bill calling for a \$250,000 bond issue for the establishment of a tuberculosis sanatorium in western North Carolina. The vote was 44 to 0, and proponents of the measure, already passed by the house, said its final approval by the senate probably would come tomorrow. Senator Lee Gravely, of Nash, who introduced a similar measure in the senate, said the state

hoped to sell the bonds to the federal government. The bill carries an appropriation of \$10,000 for maintenance of the first and \$100,000 for the second year of the next biennium. Gravely said, "I know of no other bill which I could vote 'aye' with so much pleasure." Senator John Sprunt Hill, of Durham, spoke for the act and told of the needs of the state for another institution for the treatment of tuberculosis.

RFC Plans Company To Make Loans On Business Properties of All Kinds

Washington, March 11.—Seeking to stimulate long dormant private activity in the mortgage lending field, the Reconstruction Finance corporation today announced it will form a mortgage loan company to lend money on business properties of all sorts. The company will be organized, Jesse H. Jones, corporation chairman said, to show private capital, which he added has been "timid," what can be done. He said the field is virtually abandoned at the present time. Jones pointed out that many

real estate mortgages on apartment houses, office buildings and other business properties are coming due and that owners are badly in need of money to pay them off. Some means must be found to help these, he said, and Congress with this in mind recently amended the RFC act to permit the corporation to buy and own stock in mortgage companies. Money can be lent to these companies to be re-lent on such mortgages but the corporation cannot do the lending direct.

Northern Alexander News

PORES KNOB, Route 2, Mar. 11.—Sheriff Mays has leased the Harry Miller cottage and occupying it at nights. He claims he wants a place to rest and sleep away from the noise of city life and the frequent calls at night that go with the office of being sheriff. But these who know Lynn Mays know that the mountains in this section have a great attraction for him at night. They have become the home of many foxes, both grey and red, and to prove what he think he has had fox dog houses erected and claims to have the best pack of hounds in the county. He may not be able to sleep in his home in Taylorsville, and we doubt very much if he sleeps in his cottage up here. No one has ever caught Lynn sleeping where hounds are making music on the hills nearby.

SWEPSONVILLE SAFE IS BLOWN BY YEGGS

Burlington, March 11.—Yeggs blew a heavy safe in the office of the Virginia Cotton mills, at Swepsonville, last night and escaped with approximately \$700 in cash.

Sheriff H. J. Stockard reported today that a heavy charge of nitro-glycerine was apparently used. The safe was badly damaged, as was a heavy steel filing cabinet and other articles in the office. A battery fuse and other equipment used in blowing open the safe were found in the building. The officer said that a heavy blanket probably was used in muffling the sound of the explosion although no trace of any such article was found. Indications, he said, are that two persons effected the robbery.

Assert Mellon Made Millions With One Sale

Pittsburgh, March 11.—The federal government began an attempt today to prove that Andrew W. Mellon netted a profit of \$18,057,000 in 1931 by sale of a single company, on which it hopes to collect \$1,300,000 of the taxes it claims Mellon underpaid in that year.

The board of tax appeals hearing into the \$3,089,000 which the government claims Mellon still owed when he paid \$600,000 income taxes for that year, passed into the McClintic-Marshall Corporation sale because of the death of H. C. McEldomney.

TWO ARE JAILED IN WRECK DEATH

Raleigh, March 11.—Luther L. Landin, 23, Rocky Mount, and Willie Bryant, Raleigh negro, were held here tonight in connection with the death of Miss Ruth Ellis, 24-year-old policeman's woman, of Wilson.

Landin, member of the Rocky Mount fire department, was driving a car in which Miss Ellis was riding when they crashed into a car driven by Bryant here last night. The policeman died thirty minutes after the collision.

Landin and the negro were placed under \$1,000 bond each.

Three Simple Steps to Ease a Sore Throat in Three Minutes

1. Crush and stir 3 BAYER Aspirin Tablets in 1/4 glass of water.

2. Gargle Thoroughly—throw your head way back, allowing a little to trickle down your throat. Do this twice. Do not rinse mouth.

3. If you have a cold, take 2 BAYER Aspirin Tablets. Drink full glass of water. Repeat if necessary, following directions in package.

Modern Scientific Method Wonderfully Easy

REMEMBER PICTURES HERE

Here's a safe, modern and effective way to relieve sore throat. A way that eases the pain, rawness and irritation in as little as two or three minutes. Many doctors advise it and millions are following this way. Try it!

All you do is crush and stir 3 BAYER Aspirin Tablets in 1/4 glass of water and gargle with it twice—as pictured here. (If you have signs of a cold, take BAYER Aspirin and drink plenty of water.)

Get real BAYER Aspirin Tablets for this purpose. They disintegrate quickly and completely, making a gargle without irritating particles. BAYER Aspirin prices have been decisively reduced, so there's no point now in accepting other than the real Bayer article you want.

IF YOUR BREATH HAS A SMELL YOU CAN'T FEEL WELL

When we eat too much, our food decays in our bowels. Our friends smell this decay coming out of our mouth and call it bad breath. We feel the position of this decay all over our body. It makes us gloomy, grouchy and no good for anything. What makes the food decay in the bowels? Well, when we eat too much, our bile juice can't digest it. What is the bile juice? It is the most vital digestive juice in our body. Unless 2 pints of it are flowing from our liver into our bowels every day, our movements get hard and constipated and 5% of our food decays in our 28 feet of bowels. This decay sends poison all over our body every six minutes.

When our friends smell our bad breath (but we don't) and we feel like a whipped tomcat, don't use a mouthwash or take a laxative. Get at the cause. Take Carter's Little Liver Pills which gently start the flow of your bile juice. But if "something better" is offered you, don't buy it, for it may be a calomel (mercury) pill, which loosens teeth, gripes and acids the rectum in many people. Ask for Carter's Little Liver Pills by name and get what you ask for—24¢. ©1934, C.M.Co.

THE Extra Yield makes YOUR PROFIT

IT takes a reasonable yield on every crop to pay the expenses of growing it. It's the extra yield over and above expenses that gives you a profit. And it is the making of this extra yield that has given Royster Field Tested Fertilizer its reputation for results.

For fifty years the one and only aim of the Royster Company has been to furnish farmers with fertilizers that will make every plant produce a maximum yield. And in every bag of Royster's you get ingredients that money can't buy—the benefit of Royster's long experience and close study of plant foods—the integrity of a company that for half a century has made nothing but fertilizers—a company that has never sacrificed quality for volume or price—a company that has kept up with progress and improved its product year after year.

That's why you can always depend on Royster's Field Tested Fertilizers for superior results. See your Royster agent and let him know how many tons of Royster's you will need.
