

Kiwanis Club Told About Gov. Stokes

J. G. Hackett Relates Interesting Bits of History to Local Civic Club

The meeting of the North Wilkesboro Kiwanis club Friday noon was featured by good attendance, discussion of matters pertaining to the city, and an interesting program under the direction of A. A. Finley, program chairman for the day.

Mr. Finley presented J. G. Hackett, of this city, who is well versed in history, particularly as it has its bearing on Wilkes county. Mr. Hackett gave a short sketch of the life and works of Governor Montford Stokes, Wilkes county's contribution to the list of Tarheel governors. He called attention to the fact that during Governor Stokes' administration, General James Wellborn was lieutenant governor and that Wilkes has the distinction of being the only county in the state furnishing the governor and lieutenant governor at the same time. General Wellborn was lieutenant governor for a period of 39 years, he said.

The club president read a letter from the offices of Kiwanis International, which complimented the local club on keeping in touch with that office and letting it know just what the club is doing.

S. V. Tomlinson related a little incident telling how a business man was invited to make North Wilkesboro his headquarters and how well pleased he was with the city and its hotel facilities after he had spent the night here. He suggested that all business men invite those who come in to the city to make their headquarters here while attending to matter in this part of the state or to stop for the night while passing through.

Prof. T. E. Story gave a brief

"TIMES SQUARE LADY" SPLENDID ENTERTAINMENT

"Times Square Lady" a thrilling fast-moving comedy drama of New York night life, is to be the attraction at the Liberty Theatre, Thursday and Friday. It features a new romantic team, Robert Taylor and Virginia Bruce, who soared to fame together in "Society Doctor" and now rise to the verge of stardom. With them is a notable cast that included lovely Helen Twelvetrees, Isabel Jewell, Nat Pendleton, and others. A distinct highlight is the first appearance of Pinky Tomlin, the Oklahoma farmer boy who has become the sensation of the continent since he started crooning his first song "The Object Of My Affection" and "What the Reason I'm Not Pleasing You". He has been heard many times on records but this is his first appearance on the screen and he sings both these songs in "Times Square Lady."

account of the Boy Scout jubilee at Chapel Hill, which was attended by a good delegation from the troops in the Wilkesboros.

J. E. Johnson was a guest of J. R. Hix at the meeting.

The recent freeze in Avery county injured the cherries and plums but did not hurt the apple crop to any extent, reports the farm agent.

Local Baseball Team Coasts To Another Victory

Brookford Loses To Home Chair Nine 18 to 6; Play Again Here Tomorrow

The Home Chair Company's baseball team with a revamped lineup met the Brookford team of the Western Carolina League Saturday and rapped out a 13 to 6 victory.

Crook was on the mound for the Home Chair team and pitched a steady game, allowing only two earned runs, and led the attack work for the locals, securing a home run, a double and single out of his three official times at bat, being given a base on balls and hit by a pitched ball on his other two trips to the plate.

The entire team hit the ball hard, out of the thirteen hits garnered off the Brookfield pitchers, nine of them went for extra bases.

On the field the team looked superb, with Red Busch, and Bennie Troutman furnishing the fielding features, Busch being on the beginning end of four sparkling double plays which cut short all of Brookford's threatened rallies. Troutman roamed around in center field gathering in hard smashes that looked like extra base hits.

Following is the score by innings of the game at Brookford Saturday:

R. H. E	230	101	123	13	13	2
B'k'ford.	200	000	220	6	8	3

The local team meets this same aggregation on the local field tomorrow (Tuesday) evening at four o'clock. This game gives promise of being the best so far this season, and a good crowd is expected to witness this contest.

Mrs. Tip McNeil, Mrs. Tai Barnes, and Mrs. R. P. Casey were visitors in Winston-Salem Wednesday.

Interest Grows In Vital Impurities

Rarer Element Subject, Becomes Increasingly Important as Side Dressing Time Nears

Practical farmers, agricultural students and soil scientists throughout the South are showing deep interest in the new knowledge of rarer elements and their importance as plant foods. The subject of these lesser known elements—impurities, they are commonly called—gives new interest this season to the whole subject of fertilization of Southern crops.

Chilean Nitrate of Soda, because of its natural origin, is known to contain many of these vital impurities. Because it was created during the earliest centuries of the world's development, it is thought to contain as many of the rarer elements as sea-water—at least thirty-five of them, perhaps many more than that.

Scientists have already discovered that this natural nitrate gives to crops the important rarer elements—iodine, boron, copper, iron, sulphur, manganese, strontium, magnesium, potassium, calcium, sodium and lithium. Authorities are inclined to believe that these impurities are almost as important to growing crops as the quick-acting nitrogen which Chilean supplies so abundantly. They are inclining also to the belief that these rarer elements combine to form that mysterious quality that has always distinguished the natural Chilean soda from other nitrogen materials, and made it so extraordinarily effective as a side-dresser for cotton and other Southern crops.

Walsh-Greer

Mr. and Mrs. B. S. Walsh announce the marriage of their daughter, Edith Frances to Mr. J. B. Greer on Saturday the sixth of April, nineteen hundred and thirty-five at Independence, Va.

GENERAL ELECTRIC WASHER

"Blue Monday" never comes when you have a new 1935 G-E Washer. It's the quietest, smoothest washer on the market. Makes no more noise than a kitten's purr.

The amazing new "one control" wringer is the last word in design. One control does everything—starts and stops rolls, applies and releases pressure, lifts the drain board.

Then, too, the G-E is oiled for a lifetime—at the factory—and sealed. These new washers SAVE your clothes... Money... Time and Energy.

See the G-E Silent Washer today.

DISTINCTIVE G-E FEATURES
New type "One Control" Wringer... Trouble-Free G-E Motor... G-E Activator... Convenient Cord Hangers... Permanent Lubrication... Gravity Drain Hose... Color-guide Rolls.
