Deputy Collector Calls Attention To Number of Changes in Taxes

The sales tax on cafes and hotels will go into effect on June 1 instead of July 1, when the general sales tax levy begins, according to information gained from J. R. Rousseau, deputy collector of revenue for Wilkes county.

This comes about because of the fact that the sales levy for cafes and hotels are included in the schedule "B" taxes, which become due on June 1.

Mr. Rousseau calls attention to other changes in state taxes under the new revenue act. Some of the changes of interest to people here are:

Tax on athletic contests will apply only to receipts from admissions in excess of 50 cents instead of 25 cents.

Any organization wishing to put on an agricultural fair and have its amusement exempted must file application with the commissioner of revenue 60 days before the fair, giving full details of exhibits, amusements, etc.

A state-wide tax of \$150 was levied on real estate auction sales. Additional tax on each day's sales was eliminated.

The state tax for selling electric refrigerators, typewriters, etc., will be \$10 for each dealer.

In order that all committees may have ample time in which to perform their duties J. M. German, master of the Pomona Grange, has made the following committee appointments:

Saturday Proclaimed Poppy Day

Mayor McNeill Urges People To Honor Dead and Aid Living By Wearing Memorial Flower Saturday, May 25

Saturday, May 25th, was proclaimed Poppy Day in North Wilkesboro in a proclamation issued today by Mayor R. T. McNeill. The proclamation urged all citizens to honor the World War dead by wearing the American Legion and Auxiliary memorial poppy on that day, and to aid the war's living victims by contributing to the Legion and Auxiliary welfare funds. The proclamation follows:

"The city of North Wilkesboro during the great crisis of the World War sent forth its sons in response to the nation's call. They served gallantly in the nation's defense, and of their numbers some were called upon to lay down their lives in that service. The memory of their patriotic sacrifice should always be held dear by the citizens of North Wilkesboro.

"Others of these brave young men were called upon to sacrifice, not life, but the health and strength which makes life worth while. Their families and the families of the dead also were required to make heavy sacrifices. These disabled and dependents are still paying the human price of our nation's World War victory.

"From the battle front in France our returning soldiers brought the poppy as the symbol of sacrifice and the memorial flower of the dead. Each year on the Saturday before Memorial Day the men of the American Legion and the women of the American Legion Auxiliary ask us to wear this flower in tribute to the nation's fallen defenders and to give in exchange for the flower a contribution to aid the war's living victims.

"Therefore, I, R. T. McNeill, mayor of North Wilkesboro, urge all citizens to honor the dead and aid the living by wearing the American Legion and American Legion Auxiliary memorial poppy on Saturday, May 25th.

"And to that end, I do hereby proclaim Saturday, May 25th, Poppy Day in the city of North Wilkesboro. R. T. McNEILL, Mayor."

Wall Of Building Threatens To Fall

Wall Of Goldston Smith's Building Gives Way Because Of Excavation Nearby

Considerable excitement was in evidence on Tenth Street Tuesday when the south wall of Goldston Smith's brick building adjacent to the excavation for a new building cracked and appeared to be in a most dangerous position. Traffic along the sidewalk and street was blocked by police to insure safety.

While the wall remained in a precarious position the owner of the building sought a solution to the problem of saving it and its contents. The inimitable E. V. (Whistlin' Ed) Williams took the contract to brace the structure until permanent replacements or repairs can be made and the job was completed within a short time.

The wall of the building was somewhat damaged when a disastrous fire razed the adjoining property several years ago but had shown no signs of collapse until the excavation was made for a new building on the lot adjoining.

Noted Pilot Visits His Home at Ronda

Charles L. Hickerson, Formerly New York After Giving Flying Instructions

Charles L. Hickerson, of New York City, ex Pan American Airways pilot, has flown back to New York, after quite a visit with his parents at Ronda.

The spacious lawn of the beautiful and historic old Hickerson home was used as a landing field while Pilot Hickerson was giving flying instructions at near-by points. A hangar, built near old time shrubs, with great oaks in the background, gave a modern note. Ronda is indeed proud of her successful young aviator.—Reported.
