#### Wilkesboro Youth Makes En- vialbe Record At Mars Hill College; Writes Play

Mars Hill, June 18.—Neil Hartley, student from Wilkesboro, was chosen president of the student body of the Mars Hill division of the Wake Forest-Meredith summer school in the elections held last week.

Hartley, who was graduated from Mars Hill this spring, has distinguished himself while on the campus with his ability as a dramatist. A mountain folk-play, "A Mountain Medley," was presented as the feature program of the dramatic and music departments of the college during the commencement exercises. Hartley, the author, played one of the

parts. Another play of Mrs. "A Good Bargain," was submitted during his first year here to the contest sponsored by the Carolina playmakers at Chapel Hill. It received favorable comments. Hartley presented an expression recital this spring. He was also president of the Euthalian literary society here and held other offices. He is continuing his work as a library assistant this summer.

The other officers of the first student set-up of the new summer school are Mary Richardson, Black Mountain, vice president; and George Copple, Albemarle, secretary.

This is the first year that the three Baptist institutions have combined to give a summer school of senior college standing in the western part of the state. Figures released from the registrar's office reveal an enrollment of nearly two hundred students from Brazil, Cuba, and ten states in this country.
