If your subscription is now in arrears or if your paper expires any time this year, you now have the opportunity to renew at the old subscription rate. Look at the label that has your name and date of your subscription. This will be found on the front page of your paper. Don't waste any time getting your renewal in before the deadline . . . it means a saving of money to you.

Remember, Saturday, is the last day of this liberal offer we are making all our many readers. A remittance this week will pay your subscription in advance and at the same time save you the sum of 50 cents.
