N. C. Legion Men Select Daniels As Their Chief

Fayetteville, Aug. 6.—American Legionnaires of North Carolina ended their seventeenth annual convention here today after electing Josephus Daniels, Jr., of Raleigh, state commander.

Daniels, son of the U. S. ambassador to Mexico, was chosen by acclamation. He succeeds Hubert E. Olive, of Lexington.

The delegates selected Asheville for their 1936 convention after Winston-Salem Legionnaires had campaigned intensively for next year's meet.

Vice commanders elected today were Burgin Pennell, of Asheville; W. T. Dowd, of Sanford, and Junius H. Rose, of Greenville, Pennell and Dowd were elected without opposition. Rose defeated Harry G. Greenleaf, of Elizabeth City, by a vote of 138 to 25.

A. R. Newsome, of Raleigh, was elected historian; Louis L. Rochelle, of Oteen, judge advocate, and Eugene Alexander, of Manchester, chaplain.

Auxiliary Officers

Mrs. R. S. McLeland, of Wilmington, was chosen president of the Legion Auxiliary.

The five vice presidents were: Mrs. Clay Hundley, of Reidsville; Mrs. Marvin Revel, of Wilmington; Mrs. Herbert W. White, of Fayetteville; Mrs. C. P. Andrews, of Charlotte, and Mrs. C. M. Taylor, of Oteen.

Mrs. M. E. Shumway, of Lexington, retiring president of the Auxiliary, was elected national committeewoman. Other officers were: Mrs. L. W. Davis, of Wilmington, captain; Mrs. J. L. Wester Jr., of Henderson, sergeant-at-arms, and Miss Bernice Turner, of Statesville, historian.

The legion convention resolved unanimously to ask immediate payment of adjusted service certificates by the federal government. It was decided also to replace the state's athletic officer with a three-man commission to be appointed by the state commander.

Daniels was elected as a delegate to the national convention to be held at St. Louis along with J. M. Caldwell, and Hubert Olive, of Lexington; J. F. Beasley, of Carthage; Dixie Moore, of Kingston; J. J. Burney, of Wilmington; J. D. Maddry, of Rich Square, and B. A. Pennington, of Oteen.

Treito Butchers Appeal To AAA In Buying Strike

Detroit, Aug. 5.—Harassed Detroit butchers want the agricultural adjustment administration to explain existing meat prices to the army of women whose buying strike has cost them thousands of dollars in spoilage and lost sales.

"Housewives are naturally upset over high prices," Emil Schwartz, director of the National Association of Retail Meat Dealers, said today, "but we are going to try to get a government man in here to give an official explanation."

Both dealers and packers have asserted repeatedly since the boycott was begun two weeks ago by several hundred hair-pulling, face-slapping women pickets, that AAA processing taxes are largely responsible for the prices which the strikers demand be reduced at least 20 per cent.

Schwartz predicted that almost all Detroit butcher shops would be closed after Thursday unless the strike were terminated.

Planes Bump In Landing

Chicago, Aug. 4.—Two men were killed and two others injured today when two airplanes dropping down in suburban La Grange collided and plummeted 100 feet to the ground.

John D. Harvey, 36, of Glen-coe, sales manager for the Burdick Enamel Sign company, was dead when dragged from the wreckage of the rented ship he was piloting.

Kermit Hobbs his friend and passenger in the plane, died shortly afterward in Hinsdale sanitarium.

A new shell globe, especially suitable for flood-lighting low buildings, has been produced.

2 NEGROES EXECUTED IN CHAIR PROTESTING INNOCENCE OF CRIMES

Raleigh, Aug. 3.—Doroth Walker, of Granville, and Taft Williams, of Columbus, hanged in the electric chair today to deplete death row at the state's prison, which colony will not stay deplined.

Both young blacks went denying their guilt, Walker, the elder, declaring his innocence quietly and dispassionately and Williams asserting his with a good deal of gusto. He was in shouting mood and in an evangelistic fervor inviting the spectators to meet him on the other side. These lookers-on would have felt better if at least one of them had admitted his guilt.

Walker appeared to have guarded his statement, but his pastor said he carried no reservations to the grave. "I am not guilty of what I was charged with," he said, which might have meant that he was in some wise mixed up with the crime. The minister said he had made no such admission, but forthrightly declared his complete innocence.

Manufactured Ecstasy

Williams made his disclaimer in a manufactured ecstasy. He walked gingerly to the chair and when asked if he wished to say anything he chanted his confession of faith. He was anxious to meet all and sundry in the next world. He had cast his entire hope on his newly found redeemer, he asked prayer and pity for his "old mother." He was not guilty of the crime.

Both men were convicted of murder, Walker of his farm neighbor in Granville, with whom he had quarreled, and to whom he had returned later with a shotgun to fire into the house occupied by the white man. The victim almost made the infuriated fellow miss fire, but there was deadliness even in the struggle to knock down the gun to get the load into the thigh and Walker's enemy died. Despite the meekness of the murderer today there was a feeling that his physical power would have been enough to beat the White man.

Witnessed by Woman

The double execution was witnessed by local editor Olivia Glascoe of the Carolina Tribune, a Raleigh weekly negro newspaper.

Here was the first request ever made by a negro girl to witness an execution. Twelve years ago white women often attended electrocutions and once in 1923 there were 10 women at the ceremony. Among them was the victim of the criminal assault for which the prisoner was dying.

Bar Aspirants To Face Stringent Regulations

Raleigh, Aug. 5.—Higher scholastic and professional standards, an apprenticeship in the applications, and denial of entrance into the law profession after disbarment are features of the newly promulgated rules of the North Carolina State Bar, incorporated, which were announced today.

The profession undertakes a supervisorship while the study goes on. The law license which the candidate undertakes to win is conditioned on three years of study and during that time the state board of law examiners may require reports from the prospective applicant. These returns may come from the student himself, the law school, or the lawyer under whom he studies, and they are to tell what kind of work the student is doing. If the board decides that this work is not satisfactory, that it does not comply with the rules, it may deny the applicant credit for such work or it may take such other action as seems appropriate.

Each person seeking to pass the examination which is to be held in August, 1936, or any examination thereafter, must have received a standard four-year high school education or its equivalent. After 1940 and beginning with that date, prior to the beginning of the study of law, the candidate must have completed at a standard college at least two years of work required in the bachelor's degree at the university of whatever state he is a resident. In North Carolina the University of North Carolina would be the standard.

Injuries Are Fatal

Winston-Salem, Aug. 5.—Harold Francis Stapp, of Kernersville, a member of the CCC camp at Old Fort, died in a hospital here today of injuries suffered last night when a truck in which he was riding wrecked on a curve in the city.

Eleven other CCC boys were injured, but not seriously. Officers said Wilbur Curtis, of Old Fort, the truck driver, would be charged with manslaughter.

General Motors Corporation Declares a 50-Cent Regular And 25c Extra Dividend

New York, Aug. 5.—General Motors Corporation, world's largest automobile company, today ordered a distribution of \$32,825,000 to stockholders, bringing the total dividend declarations this year to \$54,375,000.

Directors doubled the previous annual rate by placing the common stock on a \$2 annual basis. In addition to declaring a 50-cent quarterly they ordered a 25-cent extra, and President Alfred P. Sloan Jr., said the increased rate reflected "the financial position of the corporation, the current rate of earnings, and the future trend, so far as that can ever be discerned."

"Tax-the-Rich" Bill, Passed By House, Is Sent to Senate

Washington, Aug. 5.—President Roosevelt's plan for sharing the wealth by increasing taxes on corporations and rich individuals passed the House today.

It now goes to the Senate. Once the bill is acted upon there, the chief obstacle to early adjournment of the Seventy-fourth Congress will be removed. The vote was 282 to 95.

After weeks of bickering the House approved a bill that will yield about \$250,000,000 a year to the treasury. For a government that is spending at the rate of \$26,000,000 a day, this measure will pay federal expenses for about ten days.

Republicans made a last-ditch fight against the measure just before it passed the House. Rep. Allen Treadway, of Massachusetts, knowing he was going to be defeated, offered a motion to recommit the bill to the ways and means committee—a parliamentary device that kills legislation if it succeeds. The Democratic majority, filling virtually every seat on their side of the chamber, defeated the little knot of Republicans across the aisle.

This tax bill is imposed on the top level of American incomes, and nowhere, except indirectly, does it affect a man earning less than \$50,000 a year. The normal income tax rate of four per cent remains unchanged for persons in the low and middle brackets. These new taxes will be paid by only about 8,000 Americans.

ETHIOPIA NOT READY TO GIVE UP LIBERTY

Addis Ababa, Aug. 5.—The foreign office of Ethiopia reiterated its determination to refuse either limitation of its sovereignty or alienation of its territory today. It declared it did not know of an Ethiopian offer of territorial and economic concessions to appease Italy.

As evidence of military preparations came from many sources, Emperor Haile Selassie named Foreign Minister Heroy president of the new Ethiopian Red Cross and arranged personally to attend its first official meeting tomorrow.

Neither he nor his ministers would comment upon a report that contracts had been made with Japan for the purpose of arms and that a Japanese military and commercial commission was coming to Ethiopia.

(This report was firmly denied by government officials in Tokio.)

One official hinted, however, that Ethiopia is short of munitions and would entertain offers from anyone in the entire world.

LAST HOPE FOR BONUS THIS YEAR IS BLASTED

Washington, Aug. 6.—Democratic leaders today killed off all chance of passing a soldier bonus bill this session of Congress, and thereby blasted away the biggest obstacle to early Senate approval of the Roosevelt tax measure.

Advocates of immediate payment of the bonus were planning to attach their proposal, in amendment form, to the tax bill. Such action would have caused long and heated debate.

The Democratic steering committee took cognizance of this threat at a meeting today. Its members are a small group of senators, headed by Democratic Leader Joseph T. Robinson, who map the policy of the majority. What they arrived at was a compromise.

In return for abandoning the fight for this session of Congress, the veterans' bloc will be assigned a definite day in the next Congress—sometime in January—in which to bring up a bonus bill.

Most members of the bonus bloc seemed satisfied. Among those who were not was Senator Elmer Thomas (D), Okla. He said the fight would continue. In reply, Robinson announced that if the veteran's bloc insisted on trying to attach their plan to the tax bill, he had been authorized by the steering committee to move to table the bonus bill. That would be a polite and painless way of killing it.
