

Kiwanians Have Interesting Meet

Mrs. R. G. Finley Tells of Trip to England, Belgium and France

Mrs. R. G. Finley delighted members of the North Wilkesboro Kiwanis Club in a program Friday at noon by a very interesting account of her recent trip to England, France and Belgium. Mrs. Finley has just returned from London, where she attended the Folk Dance Festival, a part of the King's jubilee celebration, and she related many interesting incidents to the club.

Postmaster J. C. Reins reported that the postoffice was occupying its new building and a committee reported that the city commissioners are willing to grant lands to the state for the purpose of building a new armory. A. A. Linn was program chairman for the day.

Guests were Miss Lucy Finley, guests of her father, A. A. Finley; Mrs. George Ward and Miss Louise Ward, guests of R. G. Finley; W. C. Grier, guest of J. R. Finley.

Wealth Tax Bill Is Approved in Senate On 57 to 22 Ballot

Washington, Aug. 15.—The administration "wealth tax" bill whipped through the senate today on a 57 to 22 ballot. The action stirred prospects of adjournment before next week's recess.

Only two days of debate preceded the vote to take an estimated \$250,000,000 from million-dollar incomes, large corporations, estates and gifts. Senator LaFollette's Progressive, Wisconsin, two efforts to boost taxes on small incomes were crushed by three to one majorities.

But the bill returned to the house with an amendment quickly interpreted in administration quarters as threatening a serious handicap to President Roosevelt's financial program.

Adopted 40 to 39 on the motion of Senator Borah, Republican, Idaho, this amendment would prohibit future issues of tax-exempt federal securities. Treasury officials said immediately that, if accepted by the house, the amendment would place the government at a disadvantage, since states and municipalities would continue to enjoy the tax-free privilege on their securities.

THE CORN IS GONE

...CORN FIX CORNS

IF YOUR BREATH HAS A SMELL YOU CAN'T FEEL WELL

When we eat too much, our food decays in our bowels. Our friends smell this decay coming out of our mouth and call it bad breath. We feel the poison of this decay all over our body. It makes us gloomy, grouchy and no good for anything. What makes the food decay in the bowels? Well, when we eat too much, our bile juice can't digest it. What is the bile juice? It is the most vital digestive juice in our body. Unless 2 pints of it are flowing from our liver into our bowels every day, our movements get hard and constipated and all of our food decays in our 25 feet of bowels. This decay sends poison all over our body every six minutes. When our friends smell our bad breath (but we don't) and we feel like a whipped spout, don't use a mouthwash or take a medicine. Get at the cause. Take Carter's Little Liver Pills which gently start the flow of your bile juice. But if "something better" is offered you, don't buy it, for it may be a calomel (mercury) pill, which loosens teeth, gripes and scalds the rectum in many people. Ask for Carter's Little Liver Pills by name and get what you get. See page 34. ©1934, G.M.Co.

Methodists Agree On Union Plan For Denomination

Delegates Vote Unanimously For Merging Of Three Groups; Six Regional Districts

Evanston, Ill., Aug. 16.—A schism which years ago split the ranks of the powerful Methodist church into three hostile factions, was nearly healed today as 50 delegates, representing the church in all sections of the country, agreed unanimously on a plan of union.

If it is accepted by the three general conferences, it will bring 7,000,000 church members into one body, making it the most powerful U. S. Protestant organization.

May, 1936, delegates will present their plan to the general conferences of the Northern Methodist Episcopal church and the Methodist Protestant church. It will be brought before the Methodist Episcopal church, South, in 1938.

Ninety-one years ago a little slave girl played on a plantation owned by a Southern bishop of the Methodist church. The bishop, James O. Andrew, was taken to task at the general conference at New York in 1844 for his ownership of slaves, and in that year the branch which later resisted attempts at reunion, occurred.

The slavery issue became a thing of the past after the Civil War, but ill-feeling between the Northern and Southern churches lived on. This week, as the conferees met in another conciliation attempt, there was constant fear that the old question might arise.

It was forestalled, however, when Bishop Robert E. Jones, unassuming negro delegate from New Orleans, rose to his feet yesterday and informed the delegates that the jurisdiction plan for the negro church was acceptable.

The plan adopted involves six regional districts, five laid out geographically and the sixth turned over to the negro churches. Negroes will have full congregational rights, and, with the other jurisdictions, will elect their bishops and delegates to the regional and general conferences. Nine hundred representatives will attend the uniting conference, 400 each from the North and South and 100 from the Protestant group.

State College Gets Large Forest Tract

An 84,000-acre tract of woodland in Jones and Onslow counties has been acquired by the State college department of forestry to be used by the students in connection with their class work.

During the school year the forestry classes will do periodic work on this property, and in summer a full six-weeks course will be offered, according to J. V. Hoffman, director of the forestry department.

The students will make special studies of the growth and development of trees and will gain first-hand experience in the care and management of forests. The property will also be used as a demonstration to show the public how forest lands should be managed and what improvements can be made through management. Timber will be cut from the area to demonstrate approved methods of timber harvesting.

Neck Broken, Lives

Lexington, Aug. 15.—A telegram received by relatives here today related that an operation on Robert Leonard, 16, local high school student, who broke his neck in the surf at Virginia Beach 10 days ago, had been successfully performed in a Norfolk hospital this morning.

Java is the most thickly populated country in the world.

"TIN TUCKER" AND GOLDEN BOY, TOO

FILM STARS COMING WITH ROBBINS CIRCUS

ROBBINS CIRCUS COMING TO TOWN SATURDAY, AUG. 31

When the famous Robbins 3-ring wild animal circus comes to North Wilkesboro for two performances on Saturday, Aug. 31, pitching its tents on the fairgrounds it will bring with it the greatest array of arenic and circus features that this big show has assembled for this season's tour.

Three circus rings and massive steel arena are used and necessary in which to present the big two hour program of this time honored show, and outstanding as the stellar features to be seen in the galax of fifty circus features to be seen with the Robbins Circus, there are such outstanding acts as the riding Bartoni family; Capt. Wallace and his sixteen fighting African lions; Schwyer's Bengal tigers; Leona's leopards; Ray's zebras and baby elephants; Robbins celebrated high school and dancing horses, introducing Dorothy Hughes, world's greatest lady rider mounted on "Dixie Boy" world's greatest hind leg walking horse and equine wonder; Robbins herd of performing elephants, trained pigs, goats, monkeys, bears, clowns by the dozen, Herr Schumann's stallions, Robbins high jumping and hurdle horses and mules, Barth & Meyer German teeter board acrobats; Ali Hassen's Arabian tumblers; Miss Pearl Harris, the world's greatest lady aerialist and many other features. As the added attraction is "Rex" the original wonder dog and famed canine stars of radio and movie fame.

"Rex" appears in person at each performance of the big show.

For this engagement the circus has reduced its admission price to 25 cents for children and 35 cents for adults, which prices include a seat in the largest circus tent ever erected here. Performances at 2:15 in the afternoon and 8 p. m. at night.

Farm Question

Q.—When is the best time to sow crimson clover for soil improvement?

A.—This depends on the section of the state, but as a general rule the best time to sow in the mountain section is from August 15 to September 15. In the Piedmont the seed should be put in between September 1 and 30.

When the seed are planted in the fall they should be put in one month earlier than the dates given. Where the soil is not inoculated for legumes this should be done by mixing the seed for one acre with two to three hundred pounds of soil from a field known to be inoculated. The seed and soil are then sown with a grain drill or by hand.

SCOUT COURT OF HONOR IN MEETING

North Wilkesboro district court of honor met on August 13 at the Methodist Boy Scout hut with a full attendance of court members and a large number of scouts from the four troops of the Wilkesboros. Scoutmasters were also present and an interesting meeting was held.

Rabbit fur is sold under 86 different trade names.

Traphill-Austin Community News

Mr. Floyd McCann, of Austin, has been taken to the Elkin Memorial hospital where he had a leg removed. He is getting along very nicely.

Mr. and Mrs. Lon Snow, of Booneville, spent the week-end with Mrs. Snow's mother, Mrs. Quince Scott at Austin.

Miss Opal Sparks, of Elkin, spent the week-end with her parents, Mr. and Mrs. Cliff Sparks, at Austin.

Mr. Coy Lutman, of Maryland, who has been spending some time with his parents, Mr. and Mrs. Huston Lutman, of Traphill, has returned to Maryland.

Miss Hester Brinegar is spending the week with Miss Bettie Mae Blackburn at Austin.

Messrs. Grover Carico and Watson Higgins, of Maryland, who have been spending some time visiting friends and relatives in this community, have returned to Maryland. They were accompanied on the return by Miss Mary Higgins.

Miss Bettie Mae Blackburn, of Austin, spent the week-end with Mr. and Mrs. Calloway Hayes at State Road.

Mr. and Mrs. L. M. Hawkins and children, of Austin, spent a while Wednesday night with Mr. and Mrs. Nymphus Hawkins at Lomax.

Mr. Burrette Hawkins, of Austin, is spending some time with his sister at Booneville.

Hens Need Good Care In Summer

The productivity of laying hens in fall and winter depends a great deal upon the care and management given the poultry flock during the latter part of the summer.

Good egg prices are expected for the rest of the year, says C. J. Maupin, extension poultryman at State college, and it will pay the flock owners to bring their hens into lay under favorable conditions.

He recommends that the birds be given good feeding, a clean range, plenty of clean fresh water, and a clean comfortable house or shelter. Sexual maturity should be delayed in order to give the birds a chance to put on weight before starting to lay. Do not give early hatched pullets a feed high in protein. Avoid mouldy or chaffy feeds, or such material as corn ground with the cob.

If the birds fail to grow well, examine them for internal and external parasites, Maupin says. If mites or lice are found, clean the roosting quarters and treat the birds at once. For round worms or tapeworms, give the pullets a reliable worm treatment.

Find a good feed and stick to it, Maupin recommends, unless there is a good reason for changing. Poultrymen often lose money by switching from one brand to another.

The British Isles are made up of over 5,000 islands.

Republican Leaders Class Huey Long As Aid To Their Party

Chicago, Aug. 15.—Mid-western Republican leaders, several of them planning conferences with former President Hoover tomorrow, tonight cheered Senator Huey Long's announcement of his 1936 presidential plans. "More power to him," exclaimed former United States Senator Otis F. Glenn.

Other prominent Chicago members have no regret if the Louisiana Democrat carried out his proclaimed intention.

In New York today, Long asserted, "if the Republicans go Hoover, the Democrats go Roosevelt, and there is no other liberal candidate" he would run independently for the presidency next year.

Fifty-one Watauga sheep growers shipped 875 lambs to the Jersey City market last week when a majority of the animals graded "choice" or "good."

If You Wear FALSE TEETH

try New Alkaline Powder... FASTERE teeth your gums, soothe and light. It will prove a great source of satisfaction to you. Its soothing, soothing effect prevents pressure on the gums, rubs more spots and soothes mouth membrane. FASTERE makes your mouth feel clean and fresh. All people "appearing in public" like, look, smile, and feel better. FASTERE is sold in many drug stores. No gum, no taste, no odor, no feeling, no loss of sleep, no loss of appetite, no loss of any other store.

Sold and recommended by Horton's Drug Store, North Wilkesboro, N. C.

I looked up Satisfy and it says—

SAT-IS-FY. Something that pleases, gives satisfaction; something that just suits. For example, you are pleased with a dress. As applied to cigarettes, it means one that is MILD—that is not harsh or bitter; one that TASTES just right.

Chesterfield... the cigarette that's MILDER
Chesterfield... the cigarette that TASTES BETTER
