Legion Hits Reds In Declaration Foreign Policy

Declares War On Communism, Nazism and Fascism; Spanish In Condemned

Convention Hall, St. Louis, Sept. 25.—A vigorous international program, spearheaded by an attack on communism and a demand for withdrawal of recognition of soviet Russia, was adopted by the national convention of the American Legion today.

The matter of the bonus, paramount objective of the world war veterans, remained among pending business when the session adjourned at 2:45 p. m. (C. S. T.) nearly two hours after the scheduled end of today's session.

All but 200 of the 1,200 delegates had deserted the hall by the time the fifth of its nine committees had made its report. For many delegates all interest was gone after the end of a two-hour battle to select a 1936 convention city.

Cleveland was finally chosen after four ballots over Los Angeles, Atlantic City and Denver. A 21-point Americanism program, presented by the committee headed by J. J. Twomey, of Massachusetts, was unanimously approved by the delegates, who cheered repeatedly as the resolutions were read.

Administration Will Issue Revised Budget This Week

Washington, Sept. 24.—Unable to spend the vast sums it has borrowed, the new deal within the next week or ten days will issue a revised budget that will give a new and sharper picture of the federal government's financial status.

It will cover estimates of receipts and expenditures for the next nine months. Two factors have made this necessary: 1. An increase in revenues resulting from the upturn of business.

2. The inability of the federal government to spend money for relief and recovery as fast as Congress appropriates it. When President Roosevelt presented his budget at the opening of Congress in January, he had no way of knowing whether business—and consequently tax revenues—was going to pick up or decline. Neither did he know precisely how much money he was going to have to spend for relief and for the agencies he is using in an attempt to recapture business prosperity.

Tonight the government finds itself with \$7,462,462,424 that Congress has appropriated for relief, recovery and emergency purposes, which has not been spent and cannot be spent immediately. "The only way we could get rid of that money any time soon," a treasury official said, "would be to throw it out the window."

Actually, the new deal is the same position as was the hero of "Brewster's Millions"—a novel that was popular 15 or 20 years ago. Brewster was willed an enormous fortune, but to collect it he had to spend \$1,000,000 in a year and not waste any of it. President Roosevelt is committed to spending money quickly in an attempt to hasten recovery, but, like Brewster, he cannot waste it.

To prevent waste there has been set up an elaborate system of checks and counter-checks for projects under the works progress administration. This slows down the spending of money until the enormous sum of \$7,462,462,424 has backed up in the treasury.

Plan To Teach Boys To Farm
Georgia Committee On Apprenticeship Training Proposes National Program
Washington, Sept. 25.—A plan for the Federal government to pay youths to work on farms and thereby teach them practical farming has been put before the Federal committee on apprenticeship training.

It was worked out by the Georgia committee on apprenticeship training with the help of State agricultural experts and submitted by D. B. Lasseter, chairman of the State committee. Lasseter, in outlining the plan to the Federal committee, said it had the support of organized labor, industry and agriculture in Georgia. What disposition would be made of it was not indicated by committee officials.

SEES CAR LOADING GAIN
Detroit, Sept. 25.—The freight car requirements of motor car factories in this area in the next three months K. A. Moore, of the Automobile Manufacturers association predicted today, will be two and one-half times greater than in the corresponding period of 1934.

Mrs. H. H. Morehouse is expected to return to her home on the Brushies Friday after an extended visit with her son, Prof. Andrew Morehouse, in Connecticut.

VENICE, Calif. ... King Tufo, 4 year old African lion, holds the distinction of being the only lion tight-wire-walker. He performs at a height of 10 feet and seems to like it despite his 511 pounds weight.

FINDS EGG INSIDE OF ANOTHER EGG

Mrs. Joel Tedder, resident of the Gilreath community, was breaking eggs for breakfast one morning recently when she found a small egg inside of another egg shell.

The inside egg was about the size of a bantam egg. "Will some budding scientist of Wilkes come forward and explain this phenomenon?" is the question asked by the individual who reported this unusual bit of news.

Local Baseball Season To Close Sunday Afternoon

Last game of the season for the North Wilkesboro baseball team will be played at the fairgrounds on Sunday afternoon, 3:30.

It could not be learned today who would furnish the opposition but a strong team will be played to close the season. The team, which has furnished unusually good baseball here this season, has some little financial obligations to clear up and it is hoped that a large crowd of fans who have loyally supported the team will not fail to be present to witness the last contest.

A GOOD CHECK
A tightwad coal salesman sent his wife a check for a million kisses as a birthday present. He was considerably upset when he received the following letter a few days later.

"Dear Jim: I can't begin to express my appreciation of the check you sent me on my birthday. I presented it to the milkman this morning and—he cashed it. Lovingly yours, Matilda."

Visiting Delegate (to hotel clerk): "Why didn't you call me at seven-thirty this morning?" he demanded.

"Because," returned the affable clerk, "you didn't go to bed 'till eight."

CHICAGO ... Vernon Kennedy of Missouri, (above), is the first American League pitcher to enter the "no-hit, no-run game" hall of fame in more than four years. The first-year Chicago White Sox pitcher scored his no-hit game on August 21st against the Cleveland Indians.

Italy Refuses To Talk Peace Terms On Basis of Ethiopian Freedom

Rome, Sept. 25.—Efforts among Britain, France and Italy to find a peaceful solution of the Italy-Ethiopian quarrel outside the League of Nations were thwarted with failure tonight when Britain insisted that Ethiopia's independence must be maintained.

Premier Benito Mussolini, who reportedly would welcome a compromise which would not harm Fascist prestige, refused to negotiate on the British condition.

French Ambassador Count Charles de Chambrun had an appointment tonight with Mussolini to discuss revival of negotiations among the three signers of the 1936 treaty. However, he was received by Il Duce's under-secretary for foreign affairs, Fulvio Suvich.

French, British and Italian officials have engaged for several days in frantic negotiations seeking a peaceful way out of the impasse which Italians now see not merely as a crisis with Ethiopia but as danger of conflict with the British navy and a threat to Fascist prestige.

Roosevelt Asks Advice Of Nation's Clergymen On Social Safety Plan

Washington, Sept. 25.—A surge of advice and opinion, some of it sharply critical of the new deal, was directed toward the White House today by men who man the nation's pulpits.

Responding to widely disseminated, identical letters from President Roosevelt asking for "counsel and advice," clergymen from many sections either expressed their views or promised to write.

One minister, however, said he would not reply because he did not believe the letter would be read by the President. He was the Rev. F. Raymond Baker, a Wilmington, Del., Baptist.

White House attaches declined to discuss what, if any, political significance might be attached to the President's move.
