PLEA OF HAUPTMANN TO EVASU DEATH IS REFUSED BY COURT

Trenton, N. J., Oct. 9.—The death sentence, imposed on Bruno Richard Hauptmann for the kidnap-murder of Charles A. Lindbergh, Jr., was unanimously upheld today by the court of errors and appeals, leaving him only three very doubtful avenues of escape from the electric chair.

Supreme Court Justice Thomas W. Trenchard, will fix a new execution date for Hauptmann and unless his lawyers successfully pursue one of the three courses open, the stoical German carpenter will pay the penalty decreed at Flemington by a jury of eight men and four women.

The 13 members of the court who voted to sustain the Flemington verdict swept aside every one of the legal points raised by Hauptmann's counsel, held that the trial was legally proper in every respect, and concluded that the verdict was "one to which the evidence inescapably led."

Religious Drama Sunday Night At Methodist Church

Mrs. W. R. Absber And Attorney Trivette To Speak At Morning Services

A very important spiritual message, in the form of a brief religious drama, will be brought to the congregation at the First Methodist church next Sunday evening, at 7:30 o'clock, when a dramatic sketch entitled "With One Voice" will be given by members of the church. This short drama is a powerful lesson to parents and other adults, and it is hoped that all who can possibly attend will be present. Miss Mamie Sockwell is directing the preparation for this special service, and those taking part have been working faithfully on their respective parts. The various participants are as follows:

John Markham, Dr. A. S. Cassell; Mary Markham, his wife, Miss Sarah Pool; Jean Markham, their daughter, Miss Marianna Cassel; Junior Markham, their son, Ralph Bowman; Joe and Skinny, Junior's friends, Ward Eshelman and Jack Hadley; Claudia, Mary's sister, Miss Frances Cranor; Dan, the candy man, W. G. Gabriel.

It is predicted that those who hear this stirring message in religious drama will not soon forget it. This dramatic sketch is being given at this same time in many other Methodist churches throughout the south as an important feature of "Childhood and Youth Week."

The public is also reminded of the special messages already announced for the morning services. Eugene Trivette, prominent attorney, will speak at the Sunday School Assembly, 10:30 o'clock, on the topic "What the Community Should Do for Our Children." And Mrs. W. R. Absber, Division Child Welfare Chairman, American Legion Auxiliary, will speak at the 11 o'clock service. Mrs. Absber's magnificent leadership and her untiring labors in the state in the campaign against child labor is well known. It is hoped that large numbers will avail themselves of the opportunity of hearing these speakers next Sunday.

Window Display Made

Mrs. Jack Brame arranged the attractive and thought-provoking "Childhood and Youth" display in a window of the Wilkes Drug company. This display, made of books and attractive posters suggestive of the theme, has attracted unusual interest.

FORD RADIO PROGRAM

Julius Huehn, the brilliant young bass-baritone who made his operatic debut with the Metropolitan last season and his radio debut in the Ford Sunday Evening Hour broadcast of June 3, will return to the Ford Sunday Evening Hour as guest soloist on October 13. The program, which presents also the music of the Ford Symphony Orchestra and Chorus, under Victor Kolar, is heard from 9 to 10 o'clock, Eastern Standard Time, over the complete coast-to-coast network of the Columbia Broadcasting System.

Mr. Huehn, of German-American descent, is American-born and American-trained. He was born in Massachusetts, but his family moved to Pittsburgh when he was still a child. His early ambition was to study engineering, and his musical career was embarked upon almost by accident.

While a student at Carnegie Tech, several students organized a small dance orchestra, in which Huehn played saxophone and was vocal soloist. A Pittsburgh music critic happened to hear him, and was impressed by his untrained voice, and persuaded him to study voice. He won a scholarship with the Julliard Graduate School and developed so rapidly that contracts with the New York Oratoric Society, the Worcester Music Festival, and the Chautauque Opera Company followed in rapid succession.

These led to engagements as guest soloist with the Philadelphia Orchestra Opera and the Chicago Grand Opera and finally to his debut with the Metropolitan and to his nation-wide radio debut in the Ford Sunday Evening Hour, June 23. His successes in every engagement stamp him as one of the truly great "discoveries" of recent years in both the operatic and concert fields.

Caldwell Sheriff Stabbed

Sheriff J. C. Tolbert, of Caldwell county, was stabbed in the abdomen, Sunday night, by Paul Baker, whom he arrested and was placing in an automobile. Deputy Sheriff Felix Parlier also felt the touch of the knife welder when he was stabbed in the back and abdomen but his wounds were not serious. Sheriff Tolbert was carried to a hospital where he was compelled to undergo an operation. Baker, who was being arrested for drunkenness, was overpowered by other officers and placed in jail.

New Farm Tire for Cars, Trucks, Tractors

Firestone Develops Ground Grip Tread That Gives Farmers Extra Traction

Any farmer who has ever been stalled in deep mud, snow or soft dirt with his car, truck or tractor, and has had to get out to put on chains, or be towed, will appreciate the importance of a new tire known as the "Ground Grip." It does away with the expense and bother of chains. Yet it rides smoothly and is satisfactory for highway travel.

Firestone engineers consider this tire one of the major developments of the industry, along with the first balloon tire introduced by Firestone in 1923 and the first practical low pressure tractor tire also introduced by Firestone a few years ago. The new tire is made in three types — for passenger cars, trucks and tractors, but the new tread development is used in each.

The unique tread of this new tire cleans itself and will not clog with mud or clay, whereas in some tires the tread clogs up just when traction is most needed. The tread design also does away with bumping — always an objection in bumper-called traction tires — because in the new tire the tread projections are so placed that they are

always in contact with the road. This is the first time a tire with maximum traction has been built for passenger cars, because traction always had to be sacrificed to obtain smooth riding.

The new tread, with its powerful grip, requires a tire body of extra strength, and this is provided by the use of the patented process of Gum-Dipping the cords. Underneath the tread are two extra layers of Gum-Dipped cords to give a stronger bond between the cord body and tread.

Since Firestone introduced the low pressure tractor tire a few years ago, thousands of tractors have been changed over as farmers realized the economy of time and fuel, the increased comfort and greater utility these tires provide. Tractor manufacturers have redesigned their tractors in many ways to make use of the increased speed now possible with rubber tire equipment. The new "Ground Grip" tire with its greater traction and other advantages, will gain favor even more rapidly in all kinds of tractor operation, and for truck and passenger car service. Farmers, road builders, rural mail carriers, and others who have tried the new tire say that it gives a new experience in extra traction and smooth operation.

WAR NEWS

Addis Ababa, Oct. 9.—Reports filtering through the natural defenses of Ethiopia's northern front told this war-stirred capital tonight the wily warriors of Halle Selassie had struck with age-old guile to trap the modern weapons of Italy's armies.

Lacking news of actual fighting from any sector, the Negus' subjects talked feverishly of the exploits of daring guerilla bands on the Aduwa-Aksum frontier. Reports to Ryqys (British) correspondents here said Italy, after six days of fighting, held three key points in Ethiopia: Aduwa, Adigrat and Aksum. Fall of the latter, however, was not confirmed from other sources. It is the holy city of ancient Abyssinia and purportedly the shrine of the Biblical ark of the covenant.

Ethiopian Losses Small

The Reuter's reports said Ethiopian losses in the north were small, however. Ras Seyoum, the northern commander, was described as in urgent need of rifles and ammunition, although it was reported that unidentified Americans had presented the emperor with two airplanes which are to be shipped soon from New York. (Under the United States' neutrality law, such a shipment is prohibited).

In the southeast, said Exchange Telegraph reports, Italian airplanes were sighted over Hawash, on the Franco-Ethiopian railway. They dropped no bombs, the dispatch added.

There were earlier advices, purportedly from Ras Seyoum, of successes in the maneuvers of three Ethiopian forces against the Italian right flank which allegedly included the capture of an Italian colonel and 80 other officers.

Revival Services At Adley Church

Revival services will be held in Adley church, beginning with services next Sunday evening at 7:30 o'clock.

The public is cordially invited to attend all services, the announcement by J. C. Gentry, pastor, today stated.

Walter Hancock, of Winston-Salem, grandson of Mr. and Mrs. B. J. Brown, was accidentally shot through the leg with a .22 rifle on September 16. He is getting along fine.

Mr. and Mrs. Wiley Rhoades, of Dehart, visited Mr. and Mrs. H. E. Shumate, Sunday.

Mr. Z. T. Higgins' home was totally destroyed by fire October 2. The fire got its start from unknown source. There was but little furniture saved.

Misses Thelma Byrd, Vertie Stone and Gladis Byrd, of Roaring River, and Miss Ruby Blackburn and Bertha Childress, of North Wilkesboro route 2, visited Miss Epsie Brown, Sunday.

Large Crowd At Belk's Opening

Mrs. R. G. Finley's Class Gives Program; 56 Models Display Fashions

Hundreds of people attended the formal opening of Belk's new ready-to-wear department on Tuesday night.

Many favorable comments were heard concerning the store's new department, which now occupies the entire third floor and adds much to the floor space of the establishment.

The formal opening was a success from every standpoint. Fifty individuals were used as models for the new styles and fashions of ready-to-wear in stock in the new department. Refreshments were served to the large crowd.

A number of pupils from Mrs. R. G. Finley's dancing and expression classes were among the models and they rendered a short program, which proved to be delightfully entertaining.

Eastern Carolina farm agents report that tobacco growers are signing the new contracts "very readily." Most agents estimate an 85 per cent sign-up to date.

Attend Hickory Meeting

W. D. Halfacre and Miss Mappin of North Wilkesboro; T. E. Story and T. G. Perry, of Wilkesboro; Glenn Tucker, of Roaring River; Prof. Bowman of Ronda; E. R. Sprull, of Mountain View; and T. E. Tester, of Ferguson, were the representative of the high schools in Wilkes who attended an Institute of Government meeting in Hickory Wednesday.

The meeting was largely attended by high school principals and teachers from all parts of Northwestern North Carolina. Dr. Clyde Erwin, superintendent of public instruction, and Albert Coates were the speakers.
