### Benefit Card Party Was A Huge Success

One of the most interesting of the week's social festivities was the card benefit party given by the North Wilkesboro Woman's club under the auspices of the finance committee composed of Mrs. Frank Tomlinson, Mrs. D. H. Hill, Mrs. Ivey Moore, Mrs. Claude Doughton, Mrs. A. B. Johnston and Mrs. J. M. Crawford, Friday evening at the Legion clubhouse. All the club members co-operated in making the affair a success.

The large room, attractively decorated in keeping with the Halloween season and brilliantly lighted by bridge lamps placed by the Duke Power Company, made an ideal setting for the more than 125 guests attending. Score cards in the accepted motif, marked the tables where bridge, rook, and setback were in play at about thirty tables.

High score prizes were given in all the games and those receiving prizes were Mr. and Mrs. Frank Eller for bridge, Mrs. Tip McNeil and Mrs. A. H. Casey in rook, and Mrs. F. C. Hubbard and Frank Tomlinson in setback. Miss Ruby Pearson and Mrs. Hubbard won the permanent waves donated by the Mayflower Beauty Shoppe and the Ideal Beauty Parlor.

An added feature of the evening was the Post Office Department where valuable packages were purchased for a small sum by the guests. Russian tea and sandwiches were served at the close of the evening and a most delightful time was reported by all those present.

Late fall blossoms made gay decorations for the living room where guests gathered for an hour of needle work and knitting. In serving refreshments in two courses Mrs. Payne was assisted by Miss Sallie Outlaw and Mrs. Hutchens.

The Halloween idea was carried out in the decorations and table appointments. Centerpiece

for the dining table, spread with a red and white check, was a huge pumpkin filled with fruit and drawn by two black cats, about which were placed orange candles in silver holders.

Throughout the home chrysanthemums and roses were artistically arranged and the tally boards bore Halloween designs. In the bridge competition Mrs. Frank Eller proved to be the most successful winning an attractive prize.

### Il Duce Expects To Crush African Foes In Makale Conflict

Soldiers Ready To Roll Southward To Meet Enemy; Decisive Fight Seen

Rome, Oct. 20.—Premier Benito Mussolini went on with his Ethiopian war today under the muzzles of British naval guns, but, Italian officials said with the assurance they are not likely to be fired.

"There was a terrible danger of a European war," these officials declared, until Great Britain promised solemnly she would do nothing beyond steps contemplated by joint league of nations measures.

Nevertheless, it was emphasized, Italy has 1,200,000 men under arms, two thirds of them in Italy, for whatever may happen. The armies in Ethiopia were gathering for what Italian correspondents indicated may be the great decisive battle by which Il Duce expects to crush his African enemy.

### Troops Ready To March

At home, an official spokesman said the "door is open" to the peace proposals of Premier Pierre Laval, of France, but Mussolini was described as only listening, and not participating in the talk during Geneva's 10-day sanction truce.

Spread over a wide front, the Italian army in northern Ethiopia has built up its communications and supplies and is ready to roll southward toward Makale, near where the warriors of Res Seyoum and Ras Kassa have been massed.

For a hundred miles or more to the right, to the left and ahead of the troops, Italian planes have surveyed the scene and bombed enemy concentrations and towns.

The Italian artillery has been hoisted to high positions, thousands of feet in the air, dominating the valleys in what still is enemy territory.

Back of the lines the occupied territory now is a part of Italy. It was annexed by proclamation of Gen. Emilio de Bono, high colonial commander.

## Battered Body of Pretty Girl Found on Highway In Kentucky; Slayer Sought

Louisville, Ky., Oct. 20.—A well-known, pretty girl was found dead in a highway near the city today. She looked like she was beaten before being thrown out on the road and run over by an automobile. A handkerchief embroidered "Evelyn" was the only clue to her name; hours after it was found the body was unidentified.

Coroner Dr. John M. Keane and county police scouted murder and started an investigation. They looked for the owner of a man's brown, velour hat found by the body. It had a Pasadena (Calif.) label. This, and the fact no local girl was reported missing, led police to infer the victim might be from California.

Phillip H. "Ticky" Scholtz, former football player, University of Kentucky student and the son of the president of the Louisville Water company, found the girl about 3 a. m. He was escorting Mary Ann Weir, 18, to her home in the fashionable River road section when they saw the body. "We investigated and found it was a woman, unconscious - and

### State Employment Gains 12 Per Cent

North Carolina Industries Show Good Increase During Period Of Last 6 Months

Raleigh, Oct. 20.—Employment in manufacturing and non-manufacturing industries in North Carolina has increased over 12 per cent the past six months, September inspection records of the state department of labor show.

The changes in employment are based on reports of 607 business enterprises throughout North Carolina last month as compared with figures last spring.

Principal increase was found in textile mills, including hosiery. In this group, which employs the majority of workers, an increase of 19.7 per cent was found. Most of the textile plants are operating now in a day and night shift of eight hours each, or 40 hours per week.

Every industrial group with the exception of tobacco, reflects a substantial increase in the number of wage earners. The tobacco groups reporting, mainly redrying plants, showed a drop in employment of 4.4 per cent. This work is regarded as seasonal and therefore subject to variation.

### Many Get Drivers' Licenses In State

About 100,000 Have Been Mailed Out and Approximately 750,000 Applications

Raleigh, Oct. 19.—Around 100,000 of the new state driver's licenses have been mailed to applicants and in the neighborhood of 750,000 applications have come in.

Arthur Fuik, director of the division of highway safety, said today that three eight-hour shifts of workers are now engaged in preparing the licenses and mailing them.

Complaints have come into the office in recent days about the application blanks mailed every person registered as having a car or truck, and Fuik reiterated his advice given earlier that if a person had already filed an application he or she should disregard the blank received by mail and give it to some one who has not filed an application.

"The department is mailing the applications to every person having a car registered merely to be sure that every car owner has ample and proper warning he or she must secure a driver's permit," Fuik said.

Driver's permits for private operators are issued free of charge until November 1 under the new law, effective this year for the first time, but fees will be charged after that date. Fees are charged now for chauffeur's licenses.
