

Local Building and Loan Association Served City Over Thirty-two Years

One of City's Oldest Financial Institutions Has Splendid Record

The North Wilkesboro Building & Loan Association, one of North Wilkesboro's oldest financial institutions, was organized in the spring of 1903. This fine institution has been a pioneer in home building for North Wilkesboro. During its many years of existence it has loaned several million dollars for home building here, and during its entire existence it has never failed to take care of a worthy demand, and during the darkest days it was able to make all worthy loans requested of it. Today it has more than one-half million dollars working in this community in building, buying and paying for homes of North Wilkesboro's citizens. It is a member of the National and State Building & Loan Leagues, has maintained a dividend paying schedule throughout the years without having to reduce to a lower percentage as a lot of associations have throughout the state and nation. In other words, the Association has always been able to apportion profits to installment stockholders of 6 per cent or more, and to its full paid stockholders, it has paid and is continuing to pay, 5 per cent dividends. It is ably managed by a Board of Directors at present consisting of J. C. Reins, president; S. V. Tomlinson, vice president; A. H. Casey, attorney; J. B. Williams, secretary-treasurer; C. P. Walter, D. J. Carter, H. M. Hutchens, J. H. Rector, J. B. Snyder, C. E. Jenkins, R. G. Finley and W. H. H. Waugh, directors. These directors meet once each month to consider any matters of business that may come before them. This association numbers among its stockholders people from several states, as far south as Alabama and as far north as New York State and into the middle west. North Wilkesboro and Wilkes county are proud of this fine financial institution.

"China Clipper" In Flight
Baltimore, Md.—America has launched her largest passenger-carrying plane, the "China Clipper," product of the Glenn Martin plant. The ship, a flying-boat, took off from Chesapeake Bay, circled over Washington with 38 passengers, and came to an easy landing after hitting up a speed of 160 miles per hour. Designed for 17-hour flights between California and Hawaii, the "China Clipper" has regular pullman berths, a wing-spread of 130 feet, will lift 51,000 pounds, has a range of 4000 miles and a top speed of 179 miles per hour. Four 800-horsepower Pratt-Whitney engines power the last word in commercial aviation.

Last Chance!

MANY FARM FAMILIES GO FROM RELIEF ROLLS

Washington, Oct. 28.—Re-estimation administration officials said today they were taking steps to remove 175,000 farm families from relief rolls by December 1.

As many families will be transferred by November 1 as possible, they said, but added that the transfer of the entire number may take as long as six weeks.

These families, in widely scattered sections of the country, will be placed on a "rehabilitation" status and will be advanced loans or grants intended to enable them to regain a self-supporting basis.

Dellaplane and Roaring River Route 2 News

ROARING RIVER, Route 2, Oct. 29.—Since Mr. Simon Curry died the past Sunday night it is generally allowed that one of the best men in Wilkes county is gone.

Mrs. D. S. Lane and step-son, Mr. Joe Lane, of North Wilkesboro, spent Wednesday of last week with Mrs. Lane's sister, Mrs. Laura Linney, late in the Cranberry vicinity to see Mrs. Lane's brother-in-law, Rev. N. T. Jarvis, and family.

Mr. and Mrs. Amos Alexander visited her father, Mr. Dave Burchette, near Rock Creek, last Sunday. The next to the youngest baby

of Mr. and Mrs. Leonard Harris, a little girl about two years old, died Saturday night and was buried Monday at Oak Forest.

Though the little child had been in poor health most of its life, the young parents seemed to feel an inconceivable grief, in which the community sympathizes.

It is reported that Mr. and Mrs. Amos Alexander and two children, who have been living in the Jim and Esie Byrd house and tending land at Mrs. Laura Linney's, will probably move away. They seem to be good workers.

Miss Minnie Sue Jarvis, student nurse at Davis Hospital, Statesville, spent Wednesday of last week at home in the Cranberry settlement. Her father, Rev. N. T. Jarvis, went down for her and accompanied her back.

Mr. Frank Sparks is said to be cultivating land at the old Carrinder place, where his son, Thurmond Sparks, lives.

It is reported Mr. Jim Byrd, living on the hard-surfaced road, may move back to his own house in this region.

Mrs. Laura Linney and daughter, Miss Ruth Linney, were probably those from greatest distance attending services at Brier Creek Sunday afternoon, after which the pastor, Rev. N. T. Jarvis, and Mrs. Linney went to see Mr. Simon Curry, whose condition had been critical for some weeks. Huge crowds were gathered at Mr. Curry's most of the time, because of the great esteem in which he was held.

A good man; people also visited Mr. Claud Bell, who was still in the Wilkes Hospital, last Sunday.

A number from this locality went to see the Will Rogers picture at North Wilkesboro last week. Mrs. Lois Roberts and little sons, Jim Frank and Shirley, being among those attending the theatre after school last Wed-

nesday. Rev. and Mrs. Parva C. Parks, of Cyle, visited Mr. Simon Curry last Sunday.

"Boy" Sale and Lonnie Sale, both colored, are having chimneys built.

Film Star Injured

Hollywood, Oct. 28.—Gordon Westcott, film actor, was injured seriously Sunday when he fell from his horse which toppled on him during a polo game at the Riviera club.

Westcott was taken to the Santa Monica hospital unconscious and had not regained consciousness tonight.

Dr. A. W. Kosky said the action was suffering from a severe brain concussion, but apparently was in no immediate danger.

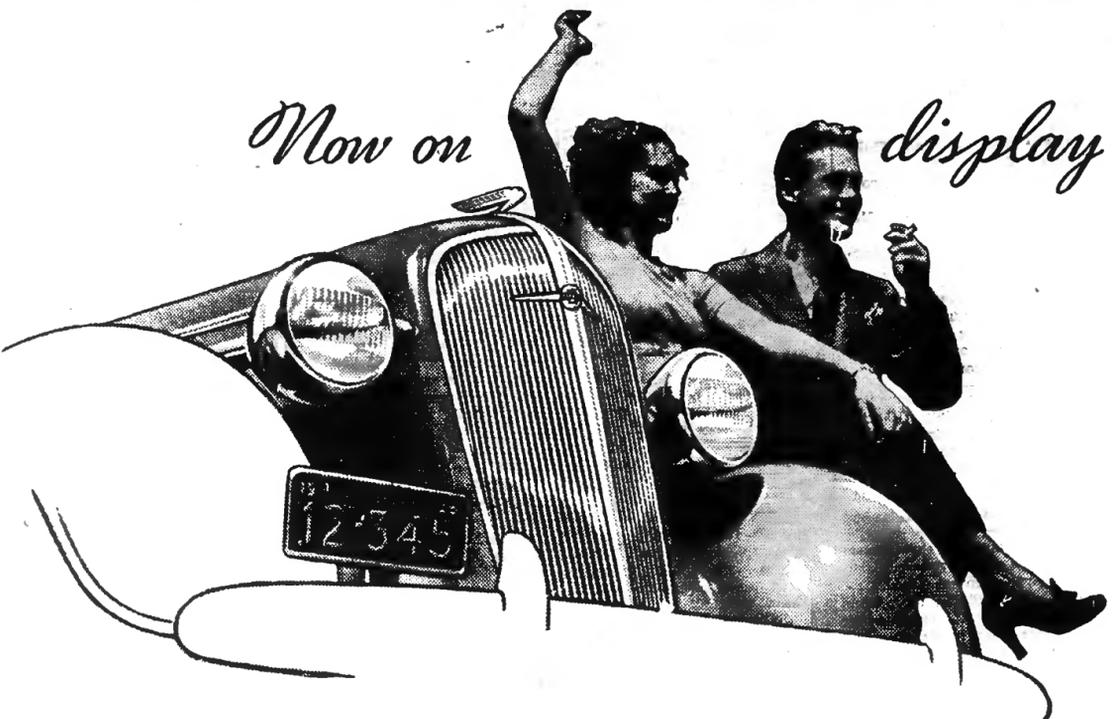

Westcott fell when his horse wheeled suddenly and lost its balance.

EX-CONVICT SLAYS JUDGE AND HIMSELF

Chicago, Oct. 28.—The crossing of a twisted mind over a fancied "unwritten" jail sentence wrapped into a fusillade of bullets today that killed former Judge William R. Fetsar, wounded two other men, and ended the life of Raymond Lanning, 22, their assailant.

Lanning died about five hours after he had slain the judge in Fetsar's office on the 12th floor of the Ashland block, 155 North Clark street. Lanning's death came from a bullet wound in the head he himself inflicted.

Apparently obsessed with the idea that it must be "five lives for one," Lanning, or Lanning as he was listed in court records, also shot William L. Hawthorne, a court reporter, and then Westcott, 28, a clerk in Fetsar's office, and attempted to shoot two stenographers.

THE NEW CHEVROLET FOR 1936

The only complete low-priced car
