Dr. Miles NERVINE "Did the work" says Miss Glivar WHY DONT YOU TRY IT?

After more than three months of suffering from a nervous ailment, Miss Glivar used Dr. Miles NERVINE which gave her such splendid results that she writes us an enthusiastic letter.

If you suffer from "Nerves" if you lie awake nights, start at sudden noises, tire easily, are cranky, lose sleep, and finally, your nerves are probably out of order.

Quiet and relax them with the same medicine that "did the work" for this Colorado girl.

Whether your "Nerves" have troubled you for hours or for years, you'll find this time-tested remedy effective.

#### Plans For Senior Class Day

At one of our recent class meetings we decided at the suggestion of our sponsor to give our class day exercise a little originality. Instead of the customary caps and gowns, we are planning to make it a "dress up occasion", when everyone will be looking his best for the benefit of parents, sweethearts and friends.

It will be presented in the form of a party. There will be a host and hostess, who will receive, and entertain guests. The remainder of the class will be seated on the stage as guests enjoying themselves.

#### Ninth Grade News

The Ninth and Tenth grade girls are expecting to win the basketball tournament being in progress here between the different grades.

Miss Ethel Hunter has been ill at her home at Millers Creek since Wednesday night.

Miss Willa Deane Bumgarner spent the week-end with Miss Evelyn Turner.

#### History

History is always a subject I like. Especially a study of massacre or strike. The loyalty of Washington and other great men. Sometimes I wish I were living then.

Two noted philosophers, Plato and Socrates, if only I knew as much as either of these. The father of Medicine is old Hippocrates. You couldn't out him, try as much as you please.

I would like to have been as great a Czar as the one who ruled after the Crimean War. Instead I am only a dumb little girl. Striving to make success in this world.

We have had a visitor which was the raindrops again. The raindrops traveled through the schoolbuilding and reached their destination by striking the floor of the building.

We have almost agreed to turn the Eighth grade room into a swimming pool. On April 2nd, we had a few small ponds scattered about over the floor but we had no frogs and we did away with the water.

"Students should be good swimmers." News Reporter. Boys Sports Report Friday, April 3rd, ended the basketball tournament between the eleventh and ninth grades. It was a well matched game and the ninth won with the score 9 to 8.

The boys are now ready to begin playing basketball and begin playing playground ball (softball). Coach V. E. Jennings stated that prospects were bright for very good playground ball team at Millers Creek.

JOHNSON COOPER. News Reporter. Second Grade News We have been studying about many famous paintings this year. We have got three pictures of Millet's paintings. He like to paint poor people. Breton painted the Song of the Lark. Breton like to paint poor people like Millet's paintings to. We have got a picture of the Birth of the Flag.

The flag has got 13 stars. In the pictures it shows Betsy Ross and some others are making the flag. We had a picture of a Indian. He was praying. He is praying because the White people was mean to his people. We have got many famous paintings. I like to study about them and Mrs. Day like to study about them.

#### How Cardui Helps Women To Build Up

Cardui stimulates the appetite and improves digestion, helping women to get more strength from the food they eat. As nourishment is improved, strength is built up, certain functional pains go away and women praise Cardui for helping them back to good health. Mrs. C. E. Bathif, of Hinton, W. Va., writes: "After the birth of my last baby, I did not seem to get my strength back. I took Cardui again and was soon sound and well. I have given it to my daughters and recommend it to other women." Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

### Ferguson News

FERGUSON, April 4.—William Julie St. Clair died at his home here last Thursday evening about six o'clock after a lingering illness of several weeks. Funeral services were conducted at the home Saturday afternoon, 1 o'clock by his pastor, Rev. W. F. Preslar, assisted by Rev. R. L. Isbel and Rev. A. J. Foster. Interment took place at the family cemetery near the home by the side of his wife who died in 1934. Mr. St. Clair would have been eighty-three years of age if he had lived to Sept. 27th, of this year.

This community and entire section feels a tremendous loss in the passing of this honored citizen who wrought so well during his pilgrimage here in this community where he spent the greater part of his life. He was the son of the late John Elbert St. Clair and Charlotte Triplet St. Clair, and was born and reared at the old homestead where he resided at his death. He was married in early youth to Miss Myra Walker and they moved to California where they spent a number of years after which they returned to this community and engaged in farming until a few years ago when Mr. St. Clair retired as an active farmer due to an illness that finally resulted in his death. He was a most patient sufferer. Mr. St. Clair was considered to be one of the best farmers

in this section of the state which is evidenced by the appearance of his nice farm at Beaver Creek. He took great pride in his farming operations as well as in beautifying his home and was eagerly sought after for advice along this line. Aside from being a first class farmer and business man, he was an outstanding citizen of Wilkes County, having always been a public spirited person. He had no children but he was always intensely interested in schools and churches and contributed freely of his means for their upbuilding and support. He, too, was interested in good government and politics and had decided political views but was not a bitter partisan. In many respects his life was ideal and perhaps these are but few that had the indomitable will power that he possessed. He joined the Advent Christian church about thirty-five years ago and had been a consistent member ever since. A most constructive citizen, a friend and neighbor, a Christian gentleman in the truest sense of the word has passed on and it gives us a profound sorrow to record his passing.

The small son of Mr. and Mrs. Edward Foster was brought back from the Davis Hospital, Stateville, Saturday where he was taken to a specialist. He is reported to be much improved.

Mr. Conway Foster is visiting friends and relatives at Richmond, Va., and incidentally taking in the races at Curles Neck farm.

The incessant rains are causing quite a delay in spring farm work and it is hoped that some dry weather will soon set in.

The local Grange will meet next Friday night, April 10th, and a good program is being prepared. All members are urged to be present and any who have been solicited to join are asked to be present.

Mr. Sinky Russell and family, of Elkin, attended the funeral of Mr. W. J. St. Clair Saturday. Among those attending from Wilkesboro were Mr. and Mrs. Royce Prevette, Mrs. B. S. Call, Paul J. Vestal, James Larkin Pearson, Mr. and Mrs. Jas. Perry, Alfonso Ferguson and others.

Mr. and Mrs. Grover Walsh, of Valdese, were visitors here last week. Mr. Walsh is a son of Mr. and Mrs. Chas. Walsh.

Jesse Blankenship, who is a member of the OC Camp, Bristol, Tenn., visited relatives here over the week-end. The Government Conservation Program which is taking the form of a large project of the State is being largely patronized by farmers over the county, we are advised. It is the consensus of opinion among leading farmers

#### School Days

School days! How well we can remember, When school is over how we regret. We can't come back until September, Those English notes we most forget.

My dear teacher walks around, She'll gently tap me on the shoulder. Study hard you'll never learn looking at a girl, Wait and look at them when you grow older.

She will look at me and smile, And pinch me on the shoulder, We just can't be quiet all the while, And she says we are just like bees in clover.

School days! Will soon be over, By the fishing pond with me, fishing pole I sit and watch the pond flow. Thinking of my teacher wondering if she ever calls the roll. ARNOLD HURLEY, Fourth grade, age 10.

that, while purely voluntary, this is destined to be a most permanent and constructive program and farmers should see their county agents at once in order that they may become familiar with the carrying out of this program. It doubtless means a more systematic and constructive policy for agriculture throughout the country.

#### YOUTH ORDERED HELD IN OFFICER'S DEATH

Newland, April 4.—An Avery county coroner's jury today found "good and sufficient cause" for holding Reid Coffey, 21, without bond on a charge of slaying his uncle, Hardy Coffey, 51, a deputy sheriff, at the latter's home last night.

The jury also found "sufficient cause" to hold Rhonard McRae, 17, under a \$500 justified bond as a material witness.

Reid Coffey and McRae were arrested last night following the playing of Deputy Sheriff Coffey and they were lodged in the county jail here pending the coroner's investigation.

The officer was slain while he was participating with his family in hymn singing at his home. Sheriff W. H. Hughes said today that he had found a shotgun near the scene and he is holding it for fingerprinting investigation.

TASTES LIKE BUDWEISER

How old is beer? As old as civilization. "Zythum", ancient Egyptian word for "beer", is one of the last words in the dictionary... but everybody who drinks Budweiser knows that Budweiser is the last word in beer.

The Mayflower brought Pilgrims—and beer! And how they complained when it was gone! They sent word back to England for more. (See Young's "Chronicles of the Pilgrims.") You need not worry about not getting your Budweiser because Budweiser is everywhere.
