Rev. A. T. Pardue, Baptist Minister, Is Taken By Death

In Ministry For More Than Half Century; Funeral Be Held Tuesday

Rev. Ansel Thomas Pardue, for more than half a century a highly esteemed and beloved Baptist minister in Wilkes county, died Sunday afternoon, 2:10, at his home near Roaring River.

Mr. Pardue was born at Roaring River on September 15, 1857, making his age 78. He was a son of the late Meekins and Prudence Pardue, of that community.

At the age of 18 he joined the Baptist church and in his early twenties he began preaching the Gospel, which he continued until the very last year of his life and as long as health permitted.

During the more than 50 years that he was in the ministry he served many churches as pastor and passed up no opportunity to witness for his Christ as an evangelist in or out of the church.

At terms of Wilkes court in Wilkesboro he was a familiar figure at the noon recess, when hundreds would gather on the courthouse lawn to hear him expound the virtues of Christianity. This practice he kept up throughout his entire ministerial career.

Those baptized under his ministry number into the thousands and people in hundreds of homes in Wilkes county can recall his friendly visits as a minister and friend.

He was married to Miss Martha Jones, who died in November, 1932. To this union were born four children: J. P. Pardue, of Roaring River; A. C. Pardue, of North Wilkesboro route 2; and W. T. Pardue, of Jonesville. A daughter, Mrs. S. E. Matthews, died several months ago. Also surviving are one brother, Dan J. Pardue, of Moravian Falls, 15 grandchildren and three great-grandchildren.

Funeral service will be held at Roaring River Baptist church, where he retained his membership, Tuesday morning at eleven o'clock. Rev. J. M. Wright, pastor, will be in charge of the service, assisted by Rev. W. E. Linney and Rev. N. T. Jarvis.

Book Donations To Form Nucleus Public Library

Drive Will Be Made Wednesday to Collect Volumes For Library

TO CALL FOR BOOKS
Those Who Have Books to Donate Should Call Miss Mabel Hauser

Public spirited people who wish a part in forming a public library here will have that opportunity Wednesday of this week, when people employed by the library project of the WPA will call at homes to collect donations for a public library to be started here in the very near future.

It is important that those who wish to donate one or more volumes to the public library call Miss Mable Hauser at her residence after four p. m. today or Tuesday in order that she may direct the library collectors to the homes from which books are to be donated.

People living outside of North Wilkesboro and who wish to contribute a book should carry it to Miss Hauser's residence Wednesday or call her before that time and tell at what point in the city the book may be picked up Wednesday by the library workers.

Any book suitable for a place in a public library, regardless of its state of repair, will be acceptable. Worn or damaged books will be repaired by book menders employed through the WPA.

The library project has its origin in the Wilkes County Council of Social Agencies, a central civic organization which now has a number of major projects under consideration. Mrs. J. C. Reins is chairman of the library committee in the county.

Books already obtained for the library and the library project of the Works Progress administration will furnish a librarian.

It is believed that people will donate books freely to the library and that several hundred volumes may be gathered on Wednesday of this week.

Cafes Will Be Given Rating

Sanitary Inspector Will Post Ratings at All Eating Places

All cafes, restaurants or other eating places will be given ratings each month, beginning with July, according to information gained from G. S. Odell, county sanitary inspector working in conjunction with the county health department.

Educational work has been going on for some time with the cafes in an effort to let them know requirements for high sanitary ratings. This work has progressed to such a point, according to Mr. Odell, that all cafes can be rated with absolute fairness and the ratings will be posted in the cafes and published in the newspapers.

In the meantime the dairies are working hard toward grade A requirements and the public milk ordinance will go into effect within a few days.

M. M. Melvin, district sanitary officer, spent several days in the county last week with Mr. Odell and assisted him in work among dairies and cafes.

George H. Mason, Vincent Burnett and Frank C. Reynolds were the pilots. Practically all of the major stunt attractions practiced in aviation were carried out for the benefit of the large crowd of spectators.

City Tax Rate For This Year To Remain \$1.60

Summary Budget Estimate Includes \$10,000 Street Improvements

VALUATION IS HIGHER
School Fund Supplement to Remain at Ten Cent Tax Rate

Tax rate for the city of North Wilkesboro for the fiscal year beginning July 1, 1936, will be \$1.60 on the hundred dollar valuation of property, the same tax rate as last year, according to the summary of budget estimates released by W. P. Kelly, clerk and treasurer.

By virtue of a substantially increased valuation and anticipated increases in water rents and other items, it was possible to include in the budget \$10,000 for permanent improvements. These improvements, it is understood, will include widening of C street between Tenth and Ninth and widening of the sidewalk on the southside of the street in front of the postoffice, projects which have been acclaimed as sorely needed. Street repair in order to protect the huge investment in pavements will also be undertaken during the year.

What is considered as an indication of progress is the increase in valuation of property within the corporate limits of the city. The increase in valuation is approximately \$200,000 over that of last year.

The tentative levies subject to final adoption in a meeting to the city board of commissioners to be held on August 4 are as follows:

General fund—45 cents on the one hundred dollars valuation of property, real and personal, and 45 cents on the one hundred dollars valuation of property and improvements.

North Wilkesboro Public Schools, Current Expense Fund—10 cents on property and 10 cents on each poll.

The three divisions of the levy make a total property tax rate of \$1.60 and poll tax \$1.60.
